TERMS AND CONDITIONS

1. The seller reserves the right to accept or reject this order and shall not be required to give any reason for non-acceptance.

2. This order when accepted by seller shall become a binding contract but shall be subject to strikes, lockouts, accidents, fire, delays in manufacture or transportation, acts of God, embargoes, epidemic, pandemic or other natural disasters, government action or any other causes beyond the control of the seller or otherwise affecting the supply chain, whether the same as or different from the matters and things hereinbefore specifically enumerated; and any of said causes shall absolutely absolve the seller from any liability to the purchaser under the terms hereof.

This order when accepted by seller shall be further subject to such changes in price, terms, delivery date, delivery priorities, and other conditions varying from the terms hereof as may be current when the within ordered machinery, equipment, attachments, and parts are ready for delivery. Purchaser shall be responsible for payment of all applicable fees, taxes and charges arising from or related to the purchase and sale of the equipment and goods described on the reverse side hereof, including, without limitation, any and all sales tax, use tax, surcharges, pass through charges (including state corporate activity taxes), environmental fees and service fees, along with any interest, finance charges or administrative fees that may accrue if and as a result of purchaser's failure to timely and/or properly pay amounts owing from purchaser when due.

3. It is understood and agreed that title to and right of possession of said equipment shall remain vested in seller until obligations of purchaser hereunder and payment of all other sums which may be due or are to become due from purchase to seller, whether evidenced by notes, book account, judgment, or otherwise, shall have been fully paid at which time ownership shall pass to the purchaser.

4. The seller's responsibility for shipments ceases upon delivery to a transportation company; and any claims for shortages, delays, or damages occurring thereafter shall be made by the purchaser directly to the transportation company. Any claims against the seller for shortages in shipments shall be made within fifteen days after receipt of shipment.

5. The purchaser agrees that this order shall not be countermanded by purchaser, that when it is accepted (and until the execution and delivery of the contract or contracts and note or notes required to consummate the sale as above specified), it will cover all agreements between the parties relative to this transaction, and that the seller is not bound by any representations or terms made by any agent relative to this transaction which are not embodied herein.

6. When the machines necessary to fill this order are available, the purchaser agrees on demand to execute and deliver to the seller such notes and contracts as may be required by the seller to evidence the transaction. In the event that the purchaser fails to execute and deliver said notes and contracts to the seller, the entire balance of the purchase price shall at the seller's option become immediately due and payable.
