**EXHIBIT B  
PROGRAM ELEMENT DESCRIPTIONS**

**Program Element #01: State Support for Public Health (SSPH)**

**OHA Program Responsible for Program Element:**

Public Health Division/Office of the State Public Health Director

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to operate a Communicable Disease control program in LPHA's service area that includes the following components: (a) epidemiological investigations that report, monitor and control Communicable Disease, (b) diagnostic and consultative Communicable Disease services, (c) early detection, education, and prevention activities to reduce the morbidity and mortality of reportable Communicable Diseases, (d) appropriate immunizations for human and animal target populations to control and reduce the incidence of Communicable Diseases, and (e) collection and analysis of Communicable Disease and other health hazard data for program planning and management.

Communicable Diseases affect the health of individuals and communities throughout Oregon. Inequities exist for populations that are at greatest risk, while emerging Communicable Diseases pose new threats to everyone. The vision of the foundational Communicable Disease Control program is to ensure that everyone in Oregon is protected from Communicable Disease threats through Communicable Disease and Outbreak reporting, investigation, and application of public health control measures such as isolation, post-exposure prophylaxis, education, or other measures as warranted by investigative findings. This program is also in service to the Oregon Health Authority strategic goal of eliminating health inequities by 2030.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

2. **Definitions Specific to State Support for Public Health**

- b. **Communicable Disease:** A disease or condition, the infectious agent of which may be transmitted to and cause illness in a human being.

**4. Procedural and Operational Requirements.** By accepting and using the Financial Assistance awarded under this Agreement and for this Program Element, LPHA agrees to conduct the following activities in accordance with the indicated procedural and operational requirements:

- a. LPHA must operate its Communicable Disease program in accordance with the Requirements and Standards for the Control of Communicable Disease set forth in ORS Chapters 431, 432, 433 and 437 and OAR Chapter 333, Divisions 12, 17, 18, 19 and 24, as such statutes and rules may be amended from time to time.

To identify possible sources of infection and to carry out appropriate control measures, the LPHA Administrator shall investigate each report following procedures outlined in OHA’s Investigative Guidelines or other procedures approved by OHA. OHA may provide assistance in these investigations, in accordance with OAR 333-019-0000. Investigative guidelines are available at:  
<http://www.oregon.gov/oha/PH/DiseasesConditions/CommunicableDisease/ReportingCommunicableDisease/ReportingGuidelines/Pages/index.aspx>
- c. As part of its Communicable Disease control program, LPHA must, within its service area, investigate the Outbreaks of Communicable Diseases, institute appropriate Communicable Disease control measures, and submit required information in a timely manner regarding the Outbreak to OHA in Orpheus (or Opera for COVID-19 Cases and ARIAS for COVID-19 contacts) as prescribed in OHA CD Investigative Guidelines available at:  
<http://www.oregon.gov/oha/PH/DiseasesConditions/CommunicableDisease/ReportingCommunicableDisease/ReportingGuidelines/Pages/index.aspx>

LPHA may employ an answering service or 911 system, but the ten-digit number must be available to callers from outside the local emergency dispatch area, and LPHA must respond to and investigate reported Communicable Diseases and Outbreaks.
- e. LPHA must attend Communicable Disease 101 and Communicable Disease 303 training.
- f. LPHA must attend monthly Orpheus user group meetings or monthly Orpheus training webinars.
- g. COVID-19 Specific Work**

In cooperation with OHA, the LPHA must collaborate with local and regional partners to assure adequate culturally and linguistically responsive COVID-19 testing is available to the extent resources are available. As outlined below, LPHAs must conduct culturally and linguistically appropriate Case investigation and contact tracing as outlined in the Investigative Guidelines and any applicable supplemental surge guidance to limit the spread of COVID-19. In addition, to the extent resources are available, the LPHA must assure individuals requiring isolation and quarantine have basic resources to support a successful isolation/quarantine period. OHA has entered into grant agreements with community-based organizations (CBOs) to provide a range of culturally and linguistically responsive services, including community engagement and education, contact tracing, social services and wraparound supports. Services provided by CBOs

will complement the work of the LPHA. LPHA must conduct the following activities in accordance with the guidance to be provided by OHA:

**(1) Cultural and linguistic competency and responsiveness.**

LPHA must:

- (a)** Partner with CBOs, including culturally-specific organizations where available in the jurisdiction. Enter into and maintain a Memorandum of Understanding (MOU) or similar agreement with those CBOs that have entered into a grant agreement with OHA for contact tracing and monitoring and/or social service and wraparound supports that clearly describes the role of the CBO and LPHA to ensure culturally and linguistically responsive services. OHA will share with LPHA the grant agreement and deliverables between OHA and the CBOs and the contact information for all the CBOs. If OHA's grant with a CBO in the jurisdiction includes contact tracing, LPHA will execute, as part of the MOU between the LPHA and CBO, the CBO's requirements to immediately report presumptive Cases to LPHA, clearly define referral and wraparound service pathways and require regular communication between CBO and LPHA so services and payments are not duplicative. LPHA must communicate with the CBO about any changes that will affect coordination for wraparound services, including when the LPHA is shifting to and from use any OHA-issued surge guidance.
- (b)** Work with local CBOs including culturally-specific organizations to develop and implement culturally and linguistically responsive approaches to COVID-19 prevention and mitigation of COVID-19 health inequities among populations most impacted by COVID-19, including but not limited to communities of color, tribal communities and people with physical, intellectual and developmental disabilities.
- (c)** Work with disproportionately affected communities to ensure a culturally and linguistically responsive staffing plan for Case investigations, contact tracing, social services and wraparound supports that meets community needs is in place.
- (d)** Ensure the cultural and linguistic needs and accessibility needs for people with disabilities or people facing other institutionalized barriers are addressed in the LPHA's Case investigations, contact tracing, and in the delivery of social services and wraparound supports.
- (e)** Have and follow policies and procedures for meeting community members' language needs relating to both written translation and spoken or American Sign Language (ASL) interpretation.
- (f)** Employ or contract with individuals who can provide in-person, phone, and electronic community member access to services in languages and cultures of the primary populations being served based on identified language (including ASL) needs in the County demographic data.
- (g)** Ensure language access through telephonic interpretation service for community members whose primary language is other than English, but not a language broadly available, including ASL.
- (h)** Provide written information provided by OHA that is culturally and linguistically appropriate for identified consumer populations. All information shall read at the sixth-grade reading level.

- (i) Provide opportunities to participate in OHA trainings to LPHA staff and LPHA contractors that conduct Case investigation, contact tracing, and provide social services and wraparound supports; trainings should be focused on long-standing trauma in Tribes, racism and oppression.

**(2) Testing**

LPHA must:

- (a) Work with OHA regional testing coordinator, local and regional partners including health care, communities disproportionately affected by COVID-19 and other partners to assure COVID-19 testing is available to individuals within the LPHA's jurisdiction meeting current OHA criteria for testing and other local testing needs.
- (b) Work with health care and other partners to ensure testing is provided in a culturally and linguistically responsive manner with an emphasis on making testing available to disproportionately impacted communities and as a part of the jurisdiction's contact tracing strategy.

**(3) Case Investigation and Contact Tracing**

LPHA must:

- (a) Conduct all Case investigations and monitor Outbreaks in accordance with Investigative Guidelines and any OHA-issued surge guidance.
- (b) Enter all Case investigation and contact tracing data in Opera (for COVID-19 Cases) and ARIAS (for COVID-19 contacts), as directed by OHA.
- (c) Collect and enter all components of Race, Ethnicity, Language, and Disability (REALD) data if data are not already entered in OPERA and ARIAS.
- (d) Ensure all LPHA staff designated to utilize Opera and ARIAS are trained in these systems. Include in the data whether new positive Cases are tied to a known existing positive Case or to community spread.
- (e) Conduct contact tracing in accordance with Investigative Guidelines and any applicable OHA-issued surge guidance.
- (f) Have contact tracing staff that reflect the demographic makeup of the jurisdiction and COVID-19 cases within the jurisdiction and who can provide culturally and linguistically competent and responsive tracing services. In addition, or alternatively, enter into an agreement(s) with community-based and culturally-specific organizations to provide such contact tracing services. OHA grants with CBOs will count toward fulfilling this requirement.
- (g) Ensure all contact tracing staff are trained in accordance with OHA investigative guidelines and data entry protocols.
- (h) Attempt to follow up with at least 95% of Cases within 24 hours of notification.

**(4) Isolation and quarantine**

LPHA must:

- (a)** Maintain access to an isolation and quarantine location that is ready to be used.
- (b)** Facilitate efforts, including by partnering with OHA-funded CBOs to link individuals needing isolation and quarantine supports such as housing and food. The LPHA will utilize existing resources when possible such as covered Case management benefits, WIC benefits, etc.

**(5) Social services and wraparound supports.**

LPHA must:

LPHA must ensure social services referral and tracking processes are developed and maintained and make available direct services as needed. LPHA must cooperate with CBOs to provide referral and follow-up for social services and wraparound supports for affected individuals and communities. OHA contracts with CBOs will count toward fulfilling this requirement.

**(6) Tribal Nation support.**

LPHA must ensure alignment of contact tracing and supports for patients and families by coordinating with Federally-recognized tribes if a patient identifies as American Indian/Alaska Native and/or a member of an Oregon Tribe, if the patient gives permission to notify the Tribe.

**(7) Support infection prevention and control for high-risk populations.**

LPHA must:

- (a) Migrant and seasonal farmworker support.** Partner with farmers, agriculture sector and farmworker service organizations to develop and execute plans for COVID-19 testing, quarantine and isolation, and social service needs for migrant and seasonal farmworkers.
- (b) Congregate care facilities.** In collaboration with State licensing agency, support infection prevention assessments, COVID-19 testing, infection control, and isolation and quarantine protocols in congregate care facilities.
- (c) High risk business operations.** In collaboration with State licensing agencies, partner with food processing and manufacturing businesses to ensure adequate practices to prevent COVID-19 exposure, conduct testing and respond to Outbreaks.
- (d) Vulnerable populations.** Support COVID-19 testing, infection control, isolation and quarantine, and social services and wraparound supports for homeless individuals, individuals residing in homeless camps, individuals involved in the criminal justice system and other vulnerable populations at high risk for COVID-19.

**(8) COVID-19 Vaccine Planning and Distribution.**

LPHA must:

- (a)** Convene and collaborate with local and regional health care partners, CBOs, communities disproportionately affected by COVID-19 and other partners to assure culturally and linguistically appropriate access to COVID-19 vaccine in their communities.

- (b) Convene and collaborate with local and regional health care partners, CBOs, communities disproportionately affected by COVID-19 and other partners to identify, assess and address gaps in the vaccine delivery system using local data and in collaboration with local advisory boards if present in the jurisdiction. Operate in accordance with federal, OHA and Oregon Vaccine Advisory Committee guidance, including expanding access through expanded operations and accessibility of operations (e.g., providing vaccinations during evenings, overnight, and on weekends).
  - (c) Prioritize vaccine distribution and administration in accordance with federal, OHA and Oregon COVID-19 Vaccine Advisory Committee guidance.
  - (d) LPHAs that provide COVID-19 vaccine administration must submit vaccine orders, vaccine administration data and VAERS (Vaccine Adverse Event Reporting System) information in accordance with federal and OHA guidance.
  - (e) Plan, and implement vaccination activities with organizations including but not limited to:
    - Colleges and Universities

**Program Element #03: Tuberculosis Services**

**OHA Program Responsible for Program Element:**

Public Health Division/Center for Public Health Practice/HIV, STD and TB Section

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver Tuberculosis Services.

ORS 433.006 and Oregon Administrative Rule 333-019-0000 assign responsibility to LPHA for Tuberculosis (“TB”) investigations and implementation of TB control measures within LPHA’s service area. The funds provided for TB case management (including contact investigation) and B waiver follow-up under the Agreement for this Program Element may only be used as supplemental funds to support LPHA’s TB investigation and control efforts and are not intended to be the sole funding for LPHA’s TB investigation and control program.

Pulmonary tuberculosis is an infectious disease that is airborne. Treatment for TB disease must be provided by Directly Observed Therapy to ensure the patient is cured and prevent drug resistant TB. Screening and treating Contacts stops disease transmission. Tuberculosis prevention and control is a priority in order to protect the population from communicable disease and is included in the State Health Improvement Plan (SHIP). The priority outcome measure is to reduce the incidence of TB disease among U.S. born person in Oregon to .4 Cases per 100,000 by 2020.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

2. **Definitions Specific to TB Services**

- a. **Active TB Disease:** TB disease in an individual whose immune system has failed to control his or her TB infection and who has become ill with Active TB Disease, as determined in accordance with the Centers for Disease Control and Prevention’s (CDC) laboratory or clinical criteria for Active TB Disease and based on a diagnostic evaluation of the individual.
- b. **Appropriate Therapy:** Current TB treatment regimens recommended by the CDC, the American Thoracic Society, the Academy of Pediatrics, and the Infectious Diseases Society of America.
- c. **Associated Cases:** Additional Cases of TB disease discovered while performing a Contact investigation.
- d. **B-waiver Immigrants:** Immigrants or refugees screened for TB prior to entry to the U.S. and found to have TB disease or LTB Infection.
- e. **B-waiver Follow-Up:** B waiver follow-up includes initial attempts by the LPHA to locate the B-waiver immigrant. If located, LPHA proceeds to coordinate or provide TB medical evaluation and treatment as needed. Updates on status are submitted regularly by LPHA using Electronic Disease Network (EDN) or the follow-up worksheet.
- f. **Case:** A Case is an individual who has been diagnosed by a health care provider, as defined in OAR 333-017-0000, as having a reportable disease, infection, or condition, as described in OAR 333-018-0015, or whose illness meets defining criteria published in OHA’s Investigative Guidelines.

- g. Cohort Review:** A systematic review of the management of patients with TB disease and their Contacts. The “cohort” is a group of TB Cases counted (confirmed as Cases) over 3 months. The Cases are reviewed 6-9 months after being counted to ensure they have completed treatment or are nearing the end. Details of the management and outcomes of TB Cases are reviewed in a group with the information presented by the case manager.
- h. Contact:** An individual who was significantly exposed to an infectious Case of Active TB Disease.
- i. Directly Observed Therapy (DOT):** LPHA staff (or other person appropriately designated by the LPHA) observes an individual with TB disease swallowing each dose of TB medication to assure adequate treatment and prevent the development of drug resistant TB.
- j. Evaluated (in context of Contact investigation):** A Contact received a complete TB symptom review and tests as described in OHA’s Investigative Guidelines.
- k. Interjurisdictional Transfer:** A Suspected Case, TB Case or Contact transferred for follow-up evaluation and care from another jurisdiction either within or outside of Oregon.
- l. Investigative Guidelines:** OHA guidelines, which are incorporated herein by this reference are available for review at:

- o. Suspected Case:** A Suspected Case is an individual whose illness is thought by a health care provider, as defined in OAR 333-017-0000, to be likely due to a reportable disease, infection, or condition, as described in OAR 333-018-0015, or whose illness meets defining criteria published in OHA’s Investigative Guidelines. This suspicion may be based on signs, symptoms, or laboratory findings.
- p. TB Case Management Services:** Dynamic and systematic management of a Case of TB where a person, known as a TB Case manager, is assigned responsibility for the management of an individual TB Case to ensure completion of treatment. TB Case Management Services requires a collaborative approach to providing and coordinating health care services for the individual. **Program Element #07: HIV Prevention Services**

**OHA Program Responsible for Program Element:**

Public Health Division/Center for Public Health Practice/HIV, STD and TB Section

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver HIV Prevention Services.

Currently in Oregon there are 220-240 new HIV infections per year. People who know they have HIV are less likely to spread it to others. People who know they have HIV can start life-saving treatment, protecting their health and reducing their risk of passing HIV on to others. There are a variety of prevention tools known to work, including PrEP (pre-exposure prophylaxis), a daily pill to prevent infection. For newly diagnosed people living with HIV, daily treatment, as prescribed, and maintaining an undetectable viral load not only helps maximize their health and the quality of their lives, but also eliminates sexual transmission of the virus. The earlier new infections are detected and treated, and viral suppression obtained, the closer Oregon is to its goal of zero new HIV infections within five years.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

2. **Definitions Specific to HIV Prevention Services.**

- b. **At-Home HIV Test:** Method of testing for HIV in which an individual self-administers a rapid HIV test. Results of the test are known only to the individual and require follow-up with a medical professional in the event of a positive or indeterminate result.
- c. **Confidential HIV Test:** The circumstance by which an individual client's name and contact information is disclosed at the time of the HIV test but that information and the test results are protected from disclosure other than for those purposes identified in OAR 333-022-0210.
- d. **Comprehensive HIV Prevention Services for Persons Living with HIV (PLWH):** Services for PLWH that promote health and quality of life, and prevent further transmission. These services include linkage to:
  - retention or re-engagement in care and treatment;
  - other medical and social services;
  - risk screening;
  - interventions focusing on treatment adherence, risk reduction or disclosure;
  - interventions for HIV- discordant couples; and
  - referrals to HIV Screening for STDs, hepatitis or TB, ongoing HIV Partner Services (not limited to newly diagnosed persons), and efforts to ensure HIV- positive pregnant women receive the necessary interventions to prevent vertical transmission.
- e. **HIV Outbreak:** The occurrence of an increase in cases of HIV in excess of what would normally be expected in a defined community, geographical area or season, and, by mutual agreement of the LPHA and OHA, exceeds the expected routine capacity of the LPHA to address.

The provision of Case Management and Support Services is an evidence-based approach for supporting engagement with medical care and adherence to medical treatments. Through this support, Oregon aims to increase the percentage of PLWH who have achieved viral suppression to 100%.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver Sexually Transmitted Diseases (STD) Client Services to protect the health of Oregonians from infectious disease and to prevent the long-term adverse consequences of failing to identify and treat STDs. Services may include, but are not limited to, case finding and disease surveillance, partner services, medical supplies, health care provider services, examination rooms, clinical and laboratory diagnostic services, treatment, prevention, intervention, education activities, and medical follow-up.

STDs are a significant health problem in Oregon, with over 22,000 new cases reported every year. STDs pose a threat to immediate and long-term health and well-being. In addition to increasing a person's risk for acquiring and transmitting HIV infection, STDs can lead to severe reproductive health complications, including poor pregnancy outcomes. Protecting the population from communicable disease by reducing rates of gonorrhea and early syphilis is a public health priority and is included in the State Health Improvement Plan (<http://www.oregon.gov/oha/ph/about/pages/healthimprovement.aspx>).

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

In the event of a non-STD related emergency, with notification to the OHA STD program, the LPHA may use these medications to address the emergent situation. If the LPHA self-certifies as a 340B STD clinic site and receives reimbursement for 340B medications from OHA, they shall ensure these medications are used in accordance with the Health Resources and Services Administration (HRSA) Office of Pharmacy Affairs regulations regarding "340B Drug Pricing Program."

  - (b) Minimize morbidity and mortality; and
  - (c) Preserve healthcare, workforce, and infrastructure functions and minimize social and economic impacts. The plan should address how the LPHA will:
    - i. Minimize potential spread and reduce morbidity and mortality of COVID-19 in communities.
    - ii. Plan and adapt for disruption caused by community spread and implement interventions to prevent further spread.
    - iii. Ensure healthcare system response is an integrated part of community interventions.
    - iv. Ensure integration of community mitigation interventions with health system preparedness and response plans and interventions.

OHA will send “Community Intervention Implementation Plan” template to complete (c) above.

- (2) Partner with COVID-19 regional planning to conduct virtual infection control assessments in congregate care settings within their jurisdiction.

**Program Element #13: Tobacco Prevention Education Program (TPEP)****OHA Program Responsible for Program Element:**

Public Health Division/Center for Health Prevention & Health Promotion/ Health Promotion and Chronic Disease Prevention Section

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver the Tobacco Prevention Education Program (TPEP). As described in the local program plan, activities are in the following areas:
  - a. **Facilitation of Community and Statewide Partnerships:** Accomplish movement toward tobacco-free communities through a coalition or other group dedicated to the pursuit of agreed upon local and statewide tobacco control objectives. Community partnerships should include local public health leadership, health system partners, non-governmental entities as well as community leaders.
    - (1) TPEP program should demonstrate ability to mobilize timely community support for local tobacco prevention objectives.
    - (2) TPEP program should be available and ready to respond to statewide policy opportunities and threats.
  - b. **Creating Tobacco-Free Environments:** Promote the adoption of tobacco-free policies, including policies in schools, workplaces and public places. Demonstrate community progress towards establishing jurisdiction-wide tobacco-free policies (e.g. local ordinances) for workplaces that still allow indoor smoking or expose employees to secondhand smoke. Establish tobacco-free policies for all county and city properties and government campuses.
  - c. **Countering Pro-Tobacco Influences:** Reduce the promotion of tobacco in retail environments by educating and aligning decision-makers about policy options for addressing the time, place and manner tobacco products are sold. Counter tobacco industry advertising and promotion. Reduce youth access to tobacco products, including advancing tobacco retail licensure and other evidence-based point of sale strategies.
  - d. **Promoting Quitting Among Adults and Youth:** Promote evidence-based practices for tobacco cessation with health system partners and implementation of Health Evidence Review Commission initiatives, including cross-sector interventions. Integrate the promotion of the Oregon Tobacco Quit Line into other tobacco control activities.
  - e. **Enforcement:** Assist OHA with the enforcement of statewide tobacco control laws, including the Indoor Clean Air Act, minors' access to tobacco and restrictions on smoking through formal agreements with OHA, Public Health Division.
  - f. **Reducing the Burden of Tobacco-Related Chronic Disease:** Address tobacco use reduction strategies in the broader context of chronic diseases and other risk factors for tobacco-related chronic diseases including cancer, asthma, cardiovascular disease, diabetes, arthritis, and stroke. Ensure Local Public Health Authority (LPHA) decision-making processes are based on data highlighting local, statewide and national tobacco-related disparities. Ensure processes engage a wide variety of perspectives from those most burdened by tobacco including representatives of racial/ethnic minorities, Medicaid users, LGBTQ community members, and people living with disabilities, including mental health and substance use challenges.

The statewide Tobacco Prevention and Education Program (TPEP) is grounded in evidence-based best practices for tobacco control. The coordinated movement involves state and local programs working together to achieve sustainable policy, systems and environmental change in local communities that mobilize statewide. Tobacco use remains the number one cause of preventable death in Oregon and nationally. It is a major risk factor in developing asthma, arthritis, diabetes, stroke, tuberculosis and ectopic pregnancy – as well as liver, colorectal and other forms of cancer. It also worsens symptoms for people already living with chronic diseases.

Funds provided under this Agreement are to be used to reduce exposure to secondhand smoke, prevent youth from using tobacco, promote evidence-based practices for tobacco cessation, educate decision-makers about the harms of tobacco, and limit the tobacco industry's influence in the retail environment. Funds allocated to Local Public Health Authorities are to complement the statewide movement towards population-level outcomes including reduced tobacco disparities.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

**2. Definitions Specific to Tobacco Prevention Education Program (TPEP).**

**Oregon Indoor Clean Air Act (ICAA)** (also known as the Smokefree Workplace Law) protects workers and the public from secondhand smoke exposure in public, in the workplace, and within 10 feet of all entrances, exits, accessibility ramps that lead to and from an entrance or exit, windows that open and air-intake vents. The ICAA includes the use of "inhalant delivery systems." Inhalant delivery systems are devices that can be used to deliver nicotine, cannabinoids and other substances, in the form of a vapor or aerosol. These include e-cigarettes, vape pens, e-hookah and other devices. Under the law, people may not use e-cigarettes and other inhalant delivery systems in workplaces, restaurants, bars and other indoor public places in Oregon.

**3. Alignment with Modernization Foundational Programs and Foundational Capabilities.** The activities and services that the LPHA has agreed to deliver under this Program Element align with Foundational Programs and Foundational Capabilities and the public health accountability metrics (if applicable), as follows (see [Oregon's Public Health Modernization Manual](http://www.oregon.gov/oha/PH/ABOUT/TASKFORCE/Documents/public_health_modernization_manual.pdf), ([http://www.oregon.gov/oha/PH/ABOUT/TASKFORCE/Documents/public\\_health\\_modernization\\_manual.pdf](http://www.oregon.gov/oha/PH/ABOUT/TASKFORCE/Documents/public_health_modernization_manual.pdf)):

**Program Element #36: Alcohol and Drug Prevention and Education Program (ADPEP)**

**OHA Program Responsible for Program Element:**

Public Health Division/Center for Health Prevention & Health Promotion/ Health Promotion and Chronic Disease Prevention Section

1. **Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver the Alcohol and Drug Prevention and Education Program (ADPEP). ADPEP is a comprehensive program that encompasses community and state interventions, surveillance and evaluation, communications, screening interventions, and state administration and management to prevent alcohol, tobacco and other drug use and associated effects, across the lifespan. The program goals are to plan, implement and evaluate strategies that prevent substance use by reducing risk factors and increasing protective factors associated with alcohol, tobacco and other drugs.

The ADPEP program falls within the National Academies of Science Continuum of Care prevention categories, include promotion, universal direct, universal indirect, selective, and indicated prevention.

- Promotion and universal prevention addresses the entire population with messages and programs aimed at prevention or delaying the use of alcohol, tobacco and other drugs.
- Selective prevention targets are subsets of the total population that are deemed to be at risk for substance abuse by virtue of membership in a particular population segment.
- Indicated prevention is designed to prevent the onset of substance abuse in individuals who do not meet criteria for addiction but who are showing elevated levels of risk and early danger signs.

The funds allocated to the Local Public Health Authority (LPHA) supports implementation of the Center for Substance Abuse Prevention’s (CSAP) six strategies:

- a. Information Dissemination;
- b. Prevention Education;
- c. Alcohol, Tobacco & Other Drug (ATOD) Free Alternatives;
- d. Community Based Processes;
- e. Environmental/Social Policy; and
- f. Problem Identification and Referral.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

**Attachment 1**  
**OREGON'S IMMUNIZATION BILLING STANDARDS**

**Standards for providing and billing for immunization services in Oregon's Local Public Health Authorities (LPHAs)**

**Purpose: To standardize and assist in improving immunization billing practice**

Guiding Principles

A modern LPHA understands their actual costs of doing business and dedicates resources to assuring continued financially viable operations. As such:

1. LPHAs should continually assess immunization coverage in their respective communities, assure that vaccine is accessible to all across the lifespan, and bill appropriately for services provided by the LPHA.
2. LPHAs who serve insured individuals should work to develop and continuously improve immunization billing capacity that covers the cost of providing services to those clients (e.g., develop agreements or contracts with health plans, set up procedures to screen clients appropriately, and bill vaccine administration fees that reflect the actual cost of services).
3. Public and private health plans should reimburse LPHAs for the covered services of their members, with vaccine serum and administration fees reimbursed at 100% of actual costs.
4. Each LPHA is uniquely positioned to assess the appropriate implementation of these standards. For example, Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) are obligated to follow a certain set of rules that may differ from these standards.
5. LPHAs that contract out some or all clinical immunization services should consider including these standards in their contracts as expectations of the contracted service provider.

Standards require that an LPHA that provides immunization services:

- Identify staff responsible for billing and contracting activities, dedicating at least a portion of one or more full-time equivalent (FTEs) positions to meet agency billing needs
- Determine vaccine administration fees based on the actual cost of service and document how fees were determined
- Charge the actual costs for vaccine administration fees for all clients and discount the fee(s) as needed by contract, rule, or internal policy approved by OIP
- Develop immunization billing policies and procedures that address:
  - Strategies to manage clients who require vaccines by state law, are not eligible for VFC or 317 and are unable to meet the cost of immunizations provided (out of network or unaffordable cost sharing)
  - The purchasing of privately owned vaccine and how fees are set for vaccine charges to the client
  - The appropriate charge for vaccine purchased from OIP, by including a statement that says, “We will not charge more than the OIP-published price for billable vaccine.”
  - Billing processes based on payor type (Medicaid/CCOs, private insurance, etc.), patient age, and vaccine eligibility
- With certain limited exceptions as published in vaccine eligibility charts, use no federally funded vaccine on insured clients, including adult Medicaid and all Medicare clients
- Identify and develop contracts or other appropriate agreements with relevant payors – including Coordinated Care Organizations (CCOs) to assure access to immunization services for insured members of the community
- Bill private and public health plans directly for immunization services, when feasible, rather than collecting fees from the client and having them submit for reimbursement
- Conduct regular quality assurance measures to ensure costs related to LPHA’s immunization services are being covered
- Work to assure access to immunizations for Medicare-eligible members of the community and, if access is poor, provide Medicare Part B and/or Part D vaccines, as needed, and bill appropriately to cover the cost

**Program Element #44: School-Based Health Centers (SBHC)**

**OHA Program Responsible for Program Element:**

Public Health Division/Center for Prevention & Health Promotion/Adolescent, Genetic & Reproductive Health Section

- 1. Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to deliver School-Based Health Centers (SBHC) Services. SBHC Services must only be used to support activities related to planning, oversight, maintenance, administration, operation, and delivery of services within one or more SBHC as required by OHA’s SBHC funding formula.

Many school-aged youth do not routinely access preventive health care services due to barriers such as insurance, cost, transportation and concerns around confidentiality. According to the 2019 Oregon Healthy Teens Survey, approximately 66% of 11<sup>th</sup> graders and 63% of 8<sup>th</sup> graders reported having not seen a doctor or nurse for a check-up in the last 12 months. SBHCs provide physical, mental and preventive health services to all students regardless of their ability to pay at an easily accessible location for students and families.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in the Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

**Program Element # 46: Reproductive Health**

**OHA Program Responsible for Program Element:**

Public Health Division/Center for Prevention & Health Promotion/Adolescent, Genetic & Reproductive Health Section

- 1. Description.** Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to ensure access to reproductive health services.

Funds provided through this Program Element supports LPHA’s efforts toward ensuring community-wide partnerships and assurance of access to culturally responsive, high-quality, and evidence-based reproductive health services.

This Program Element uses a systems approach to ensure that LPHA lead efforts to develop a community-based approach to ensuring that equitable access to reproductive health services is available – leveraging partnerships with community organizations and other service providers to assist in meeting the need.

Health disparity data highlight pre-existing, deeply entrenched societal inequities that may inhibit individuals’ ability to access services and achieve reproductive autonomy. Therefore, it is critical that interventions aimed at access to services be wide-reaching and sensitive to the unique circumstances and challenges of different communities.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in the Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

**Community Partnerships and Assurance of Access to**  
**Reproductive Health Services**

**Overarching Goal:** Ensure regional access to comprehensive, culturally responsive and high-quality, evidence-based reproductive health services with a focus on serving individuals with limited resources and experiencing health disparities.

Instructions

LPHA should determine where their agency best fits on the continuum of program components identified to meet the overarching goal. LPHA should identify at least one objective and associated activities to support work at that stage, with the goal of eventually moving to the next component on the continuum. LPHAs should collaborate with community partners, and consider including community members experiencing health disparities, within each program component.

Partnerships with other health care providers and/or reproductive health care agencies is highly encouraged. In addition, consider developing partnerships outside the health care sector. This may include local governmental, private, or non-profit agencies focused on culture, education, criminal justice, housing, social justice, sexual/domestic violence, workforce development, and/or parenting, to name a few. Consider other local task forces or advisory groups focused on improving quality of life/health disparities/inequities for the populations you are trying to serve. Think about inviting and engaging community members, the populations you are trying to serve, to be partners.

It is understood that the work may not necessarily be linear but may identify the need to circle back to an earlier step, such as the need to bring in additional partners.

<p><b>Program Component 1:</b> Develop and maintain strategic partnerships with shared accountability to drive a collective impact to support public health goals related to reproductive health (RH).</p>
<p><b>Objective 1A:</b> Convene on-going partnership meetings focused on assuring access to RH services, minimizing gaps and barriers, and/or improving the quality of reproductive health services within your community.</p>
<p><b>Objective 1B:</b> Create your own objective related to developing strategic partnerships, with shared accountability, to drive a collective impact in support of public health goals related to RH.</p>
<p><b>Suggested Activities:</b> Create partnership agreements with community providers/organizations identifying roles and areas of collaboration; host or co-host community forums/outreach events; establish coalition with regular meetings; create charter and/or workplan.</p>

<p><b>Program Component 2:</b> In collaboration with community partners, identify barriers to access and gaps in RH services</p>
<p><b>Objective 2A:</b> Conduct local assessment(s) of access to culturally responsive, high-quality, evidence-based RH services to identify barriers to access and gaps in services.</p>
<p><b>Objective 2B:</b> Evaluate the impact of local policies, interventions, and programs on access to culturally responsive, high-quality, evidenced-based RH services and associated barriers and gaps.</p>
<p><b>Objective 2C:</b> Following assessment and/or evaluation, share data, summaries and reports, following assessment and/or evaluation, with community members, partners, policy makers, and others.</p>
<p><b>Objective 2D:</b> Create your own objective to identify barriers to access and gaps in RH services.</p>
<p><b>Suggested Activities:</b> Conduct survey or focus groups; interview key stakeholders and/or consumers; present findings and other data to community partners, members, and decision-makers; review regional policies and evaluate effectiveness in addressing gaps or barriers in access; share data/results through community meetings, written reports, and/or online resources.</p>
<p><b>Program Component 3:</b> In collaboration with community partners, develop and implement strategic plans to address gaps and barriers to accessing RH services</p>
<p><b>Objective 3A:</b> Develop a plan for improving access to RH services, addressing how to reduce or eliminate health disparities.</p>
<p><b>Objective 3B:</b> Specifically engage communities experiencing health disparities so they can actively participate in planning to address their needs.</p>
<p><b>Objective 3C:</b> Implement plan for improved access to RH services.</p>
<p><b>Objective 3D:</b> Assure that community members are aware of RH providers within the community through multiple communication channels.</p>
<p><b>Objective 3E:</b> Create your own objective to develop and implement strategic plans to address gaps and barriers to accessing RH services.</p>
<p><b>Suggested Activities:</b> Host community listening and planning sessions to create a strategic plan; collaboratively develop and implement strategic outreach/marketing plan; develop online or print materials with information about RH providers within the community; develop evaluation plan or process; utilize evaluation findings to make system improvements; hold a forum; create a website.</p>
<p><b>Program Component 4:</b> In collaboration with community partners, evaluate the impact of your strategic plan (developed in Program Component 3)</p>
<p><b>Objective 4A:</b> With community partners, evaluate previously implemented plan to improve access to RH services.</p>
<p><b>Objective 4B:</b> Consult with the OHA’s Reproductiv Health Program to determine evaluation process.</p>
<p><b>Objective 4C:</b> Determine your own evaluation process.</p>
<p><b>Suggested Activities:</b> Evaluate impact of community coalitions; evaluate existing resources and tools.</p>

**Program Element #50: Safe Drinking Water Program****OHA Program Responsible for Program Element:**

Public Health Division/Center for Health Protection/Environmental Public Health Section

**1. Description.**

Funds provided under this Agreement for this Program Element may only be used in accordance with, and subject to, the requirements and limitations set forth below, to ensure safe drinking water.

The purpose of the Safe Drinking Water Program is to provide services to public water systems that result in reduced health risk and increased compliance with drinking water monitoring and Maximum Contaminant Level (MCL) requirements. The Safe Drinking Water Program reduces the incidence and risk of waterborne disease and exposure of the public to hazardous substances potentially present in drinking water supplies. Services provided through the Safe Drinking Water Program include investigation of occurrences of waterborne illness, drinking water contamination events, response to emergencies, water quality alerts, technical and regulatory assistance, inspection of water system facilities, and follow up of identified deficiencies. Safe Drinking Water Program requirements also include reporting of data to OHA, Public Health Division, Drinking Water Services (DWS) which is necessary for program management and to meet federal Environmental Protection Agency (EPA) Safe Drinking Water Act program requirements.

- a. Funds provided under this Agreement are intended to enable LPHAs and the Department of Agriculture (hereafter referred to as “Partners” to assume primary responsibility for the quality of drinking water provided by most of the public water systems located within Partners’ jurisdiction. None of the LPHAs perform work on behalf of the Department of Agriculture, nor does the Department of Agriculture perform work on behalf of the LPHAs. The Partners’ activities and deliverables, therefore, described in this Program Element are obligations solely of the LPHA. The use of “Partners” herein is meant to state that the Oregon Department of Agriculture also performs similar work for DWS but does so under separate arrangements.

“91% of the population served by Community Water Systems will receive water that meets all applicable health-based drinking water standards during the year; and 90% of the Community Water Systems will provide water that meets all applicable health-based drinking water standards during the year.”

Public drinking water systems addressed in this Program Element Description include Community Water Systems, Non-Transient Non-Community Water Systems (NTNC), and Transient Non-Community Water Systems (TNC), serving 3,300 or fewer people and using Groundwater sources only, or purchased surface water, and those activities specifically listed for Non-EPA Water Systems using Groundwater sources only.

- c. Partners are responsible for public water systems that purchase their water from other public water suppliers when the purchasing systems serve 3,300 or fewer people.

This Program Element, and all changes to this Program Element are effective the first day of the month noted in Issue Date section of Exhibit C of the Financial Assistance Award unless otherwise noted in Comments and Footnotes of Exhibit C of the Financial Assistance Award.

## 2. Definitions Specific to Safe Drinking Water Program

- a. **Community Water System:** A public water system that has 15 or more service connections used by year-round residents, or that regularly serves 25 or more year-round residents.
- b. **Contact Report:** A form provided by DWS to Partners to document contact with water systems.
- c. **Coliform Investigation:** An evaluation to identify the possible presence of sanitary defects, defects in distribution system coliform monitoring practices, and the likely reason that the Coliform Investigation was triggered at the public water system.
- d. **Drinking Water Services (DWS):** DWS is a program within OHA that administers and enforces state and federal safe drinking water quality standards for 3,600 public water systems in the state of Oregon. DWS prevents contamination of public drinking water systems by protecting drinking water sources; assuring that public water systems meet standards for design, construction, and operation; inspecting public water systems and assuring that identified deficiencies are corrected; providing technical assistance to public water suppliers; providing financial assistance to construct safe drinking water infrastructure; and certifying and training water system operators.
- e. **Groundwater:** Any water, except capillary moisture, beneath the land surface or beneath the bed of any stream, lake, reservoir or other body of surface water within the boundaries of this state, whatever may be the geologic formation or structure in which such water stands, flows, percolates, or otherwise moves.

Minimum elements of the investigation include review and identification of atypical events that could affect distributed water quality or indicate that distributed water quality was impaired; changes in distribution system maintenance and operation that could affect distributed water quality (including water storage); source and treatment considerations that bear on distributed water quality, where appropriate (for example, whether a Groundwater system is disinfected); existing water quality monitoring data; and inadequacies in sample sites, sampling protocol, and sample processing. Partners review sanitary defects identified and approves corrective action schedules.
- g. **Level 2 Coliform Investigation:** An investigation conducted by Partners and is a more detailed and comprehensive examination of a water system (including the system's monitoring and operational practices) than a Level 1 Coliform Investigation. Minimum elements include those that are part of a level 1 investigation and additional review of available information, internal and external resources, and other relevant practices. Sanitary defects are identified and a schedule for correction is established.
- h. **Maximum Contaminant Level (MCL) Violation:** MCL violations occur when a public water system's water quality test results demonstrate a level of a contaminant that is greater than the established Maximum Contaminant Level.
- i. **Monitoring or Reporting (M/R) Violation:** Monitoring or Reporting violations occur when a public water system fails to take any routine samples for a particular contaminant or report any treatment performance data during a compliance period, or fails to take any repeat samples following a coliform positive routine or where the public water system has failed to report the results of analyses to DWS for a compliance period.
- j. **Non-EPA Water System:** A public water system serving 4-14 connections or 10-24 people during at least 60 days per year.

- k. **Bib-Transient Non-Community Water System (NTNC):** A public water system that is not a Community Water System and that regularly serves at least 25 of the same persons over 6 months per year.

Surveys must be completed on forms provided by DWS using the guidance in the Water System Survey Reference Manual and using the cover letter template provided by DWS. Cover letter and survey forms must be submitted to DWS and water systems within 45 days from site visit completion.
- (8) Resolution of Priority Non-compliers (PNC): Partners must review PNC status of all water systems at least monthly and must contact and provide assistance to community, NTNC, and TNC water systems that are priority non-compliers (PNCs) as follows:
  - (a) Partners must review all PNCs at three months after being designated as a PNC to determine if the water system can be returned to compliance within three more months.
  - (b) If the water system can be returned to compliance within three more months, Partners must send a notice letter to the owner/operator (copy to DWS) with a compliance schedule listing corrective actions required and a deadline for each action. Partners must follow up to ensure corrective actions are implemented.
  - (c) If it is determined the water system cannot be returned to compliance within six months or has failed to complete corrective actions in (b) above, Partners must prepare and submit to DWS a written request for a formal enforcement action, including Partners' evaluation of the reasons for noncompliance by the water supplier. The request must include the current owner's name and address, a compliance schedule listing corrective actions required, and a deadline for each action. Partners must distribute a copy of the enforcement request to the person(s) responsible for the subject water system's operation.

- (9) Level 1 Coliform Investigation Review: After a Level 1 investigation is triggered by DWS, Partners must contact the water system and inform them of the requirements to conduct the investigation. Deficiencies include those currently defined in the DWS-Drinking Water Program publication titled Water System Survey Reference Manual (March 2016).
- (a) After deficiencies are corrected, Partners must prepare a list of the deficiencies and the dates of correction and submit to DWS within 30 days of correction.
  - (b) If any deficiencies are not corrected by the specified timeline, Partners must follow up with a failure to take corrective action letter.
  - (c) For priority deficiencies, Partners must ensure that the deficiencies are corrected by the specified timeline or are on an approved corrective action plan. Partners must submit the approved corrective action plan to DWS within 30 days of approval. After the deficiencies are corrected, Partners must prepare a list of the deficiencies and the dates of correction and submit to DWS within 30 days of correction. If priority deficiencies are not corrected by the specified timeline, Partners must ensure the water system carries out public notice, and refer to DWS for formal enforcement.
- (11) Enforcement Action Tracking and Follow-up: For both EPA and non-EPA systems, after DWS issues an enforcement action, Partners must monitor the corrective action schedule and verify completion of each corrective action by the water supplier. Partners must document all contacts and verifications and submit documentation to the DWS. Partners must document any failure by the water supplier to meet any correction date and notify the DWS within 30 days. Partners must notify DWS when all corrections are complete and submit the notice within 30 days.
- (12) Resolution of Monitoring and Reporting Violations:
- (a) Partners must contact and provide assistance at community, NTNC, and TNC water systems to resolve (return to compliance) non auto-RTC violations for bacteriological, chemical, and radiological monitoring. Violation responses must be prioritized according to water system's classification, system score, and violation severity.
  - (b) Partners must contact the water supplier, determine the reasons for the noncompliance, consult with and provide advice to the subject water system operator on appropriate actions to ensure that violations are corrected in a timely manner.
  - (c) Partners must submit Contact Reports to DWS regarding follow-up actions to assist system in resolving (returning to compliance) the violations.
- (13) Inventory and Documentation of New Water Systems: Partners must inventory existing water systems that are not in the DWS inventory as they are discovered, including non-EPA systems, using the forms designated by DWS. Partners must provide the documentation to DWS within 60 days of identification of a new or un-inventoried water system. Alternatively, Partners may perform a water system survey to collect the required inventory information, rather than submitting the forms designated by DWS.

**Section 1: LPHA Leadership, Governance and Program Implementation**

- a. **Establish leadership and governance to plan for full implementation of public health modernization.** Develop business models for the effective and efficient delivery of public health services, develop and/or enhance partnerships to build a sustainable public health system, and implement workforce and leadership development initiatives.
- b. **Implement strategies to improve local infrastructure to control communicable disease and reduce health disparities.** Implement local strategies to control communicable disease. Place emphasis on reducing communicable disease-related disparities.

**Section 2: Regional Partnership Implementation**

- a. **Establish and maintain a Regional Partnership of local public health authorities (LPHAs) and other stakeholders.** Develop and sustain Regional Infrastructure through a Regional Partnership of LPHAs and other stakeholders.

- c. **Demonstrate Regional approaches for providing public health services.** Plan and develop business models that support regional infrastructure, share emerging practices and demonstrate how these practices can be applied across the public health system.

The 2016 public health modernization assessment<sup>37</sup> showed that health equity and cultural responsiveness is the least implemented foundational capability across Oregon's public health system, and that one in four people live in an area in which communicable disease control programs are limited or minimal.

Each LPHA is eligible to receive funding under two sections. LPHAs funded under **Section 1: LPHA Leadership, Governance, and Program Implementation** must use funds provided through this Program Element to plan for full implementation of public health modernization and to implement strategies to improve local infrastructure to control communicable disease and reduce health disparities.

LPHAs funded as Fiscal Agents for Regional Partnerships under **Section 2: Regional Partnership Implementation** must use funds provided through this Program Element to establish and maintain a regional approach for communicable disease control that is tailored to a specific communicable disease risk within the region. LPHA must place emphasis on identifying and reducing communicable disease-related disparities. LPHA must demonstrate models for Regional Infrastructure that are scalable in other areas of the state or for other public health programs.

- e. **Postvention:** Response to and care for individuals affected in the aftermath of a suicide attempt or suicide death.
- f. **Prevention:** A strategy or approach that reduces the likelihood of risk of onset or delays the onset of adverse health problems or reduces the harm results from conditions or behaviors.
- g. **Suicide Safe Care:** Is defined through the National Action Alliance for Suicide Prevention's *Recommended Standard Care for People with Suicide Risk* and includes (a) identification and assessment, (b) safety planning, (c) mean reduction; and (d) caring contacts.

- a. The health care component of OHA is a Covered Entity and must comply with the Health Insurance Portability and Accountability Act and the federal regulations implementing the Act (collectively referred to as HIPAA). LPHA's failure to comply with these requirements shall constitute a default under this Agreement.
    - (1) **Consultation and Testing.** If LPHA reasonably believes that the LPHA's or OHA's data transactions system or other application of HIPAA privacy or security compliance policy may result in a violation of HIPAA requirements, LPHA shall promptly consult the OHA Information Security Office. **EXHIBIT E**  
**GENERAL TERMS AND CONDITIONS**

**1. Disbursement and Recovery of Financial Assistance.**

**a. Disbursement Generally.** Subject to the conditions precedent set forth below and except as otherwise specified in an applicable footnote in the Financial Assistance Award, OHA shall disburse financial assistance awarded for a particular Program Element, as described in the Financial Assistance Award, to LPHA in substantially equal monthly allotments during the period specified in the Financial Assistance Award for that Program Element, subject to the following:

- (1) Upon written request of LPHA to the OHA Contract Administrator and subsequent OHA approval, OHA may adjust monthly disbursements of financial assistance to meet LPHA program needs.
- (2) OHA may reduce monthly disbursements of financial assistance as a result of, and consistent with, LPHA's Underexpenditure or Overexpenditure of prior disbursements.
- (3) After providing LPHA 30 calendar days advance notice, OHA may withhold monthly disbursements of financial assistance if any of LPHA's reports required to be submitted to OHA under this Exhibit E, Section 6 "Reporting Requirements" or that otherwise are not submitted in a timely manner or are incomplete or inaccurate. OHA may withhold the disbursements under this subsection until the reports have been submitted or corrected to OHA's satisfaction.

OHA may disburse to LPHA financial assistance for a Program Element in advance of LPHA's expenditure of funds on delivery of the services within that Program Element, subject to OHA recovery at Agreement Settlement of any excess disbursement. The mere disbursement of financial assistance to LPHA in accordance with the disbursement procedures described above does not vest in LPHA any right to retain those funds. Disbursements are considered an advance of funds to LPHA which LPHA may retain only to the extent the funds are expended in accordance with the terms and conditions of this Agreement.

**b. Conditions Precedent to Disbursement.** OHA's obligation to disburse financial assistance to LPHA under this Agreement is subject to satisfaction, with respect to each disbursement, of each of the following conditions precedent:

- (1) No LPHA default as described in Exhibit F, Section 6 "LPHA Default" has occurred.
- (2) LPHA's representations and warranties set forth in Exhibit F, Section 4 "Representations and Warranties" of this Exhibit are true and correct on the date of disbursement with the same effect as though made on the date of disbursement.

**c. Recovery of Financial Assistance.**

- (1) **Notice of Underexpenditure, Overexpenditure or Misexpenditure.** If OHA believes there has been an Underexpenditure or Overexpenditure (as defined in Exhibit A) of moneys disbursed under this Agreement, OHA shall provide LPHA with written notice thereof and OHA and LPHA shall engage in the process described in "Recover of Underexpenditure or Overexpenditure" below. If OHA believes there has been a Misexpenditure (as defined in Exhibit A) of moneys disbursed to LPHA under this Agreement, OHA shall provide LPHA with written notice thereof and OHA and LPHA shall engage in the process described in "Recover of Misexpenditure" below.

**(2) Recovery of Underexpenditure or Overexpenditure.**

- (a) LPHA's Response.** LPHA shall have 90 calendar days from the effective date of the notice of Underexpenditure or Overexpenditure to pay OHA in full or notify the OHA that it wishes to engage in the appeals process set forth in Section 1.c.(2)(b) below. If LPHA fails to respond within that 90-day time period, LPHA shall promptly pay the noticed Underexpenditure or Overexpenditure amount.
- (b) Appeals Process.** If LPHA notifies OHA that it wishes to engage in an appeal process, LPHA and OHA shall engage in non-binding discussions to give the LPHA an opportunity to present reasons why it believes that there is no Underexpenditure or Overexpenditure, or that the amount of the Underexpenditure or Overexpenditure is different than the amount identified by OHA, and to give OHA the opportunity to reconsider its notice. LPHA and OHA may negotiate an appropriate apportionment of responsibility for the repayment of an Underexpenditure or Overexpenditure. At LPHA request, OHA will meet and negotiate with LPHA in good faith concerning appropriate apportionment of responsibility for repayment of an Underexpenditure or Overexpenditure. In determining an appropriate apportionment of responsibility, LPHA and OHA may consider any relevant factors. An example of a relevant factor is the extent to which either party contributed to an interpretation of a statute, regulation or rule prior to the expenditure that was officially reinterpreted after the expenditure. If OHA and LPHA reach agreement on the amount owed to OHA, LPHA shall promptly repay that amount to OHA by issuing payment to OHA or by directing OHA to withhold future payments pursuant to "Recover from Future Payments" below. If OHA and LPHA continue to disagree about whether there has been an Underexpenditure or Overexpenditure or the amount owed, the parties may agree to consider further appropriate dispute resolution processes, including, subject to Oregon Department of Justice (DOJ) and LPHA counsel approval, arbitration.
- (c) Recovery From Future Payments.** To the extent that OHA is entitled to recover an Underexpenditure or Overexpenditure pursuant to "Appeal Process" above), OHA may recover the Underexpenditure or Overexpenditure by offsetting the amount thereof against future amounts owed to LPHA by OHA, including, but not limited to, any amount owed to LPHA by OHA under any other contract or agreement between LPHA and OHA, present or future. OHA shall provide LPHA written notice of its intent to recover the amounts of the Underexpenditure or Overexpenditure from amounts owed LPHA by OHA as set forth in this subsection), and shall identify the amounts owed by OHA which OHA intends to offset, (including contracts or agreements, if any, under which the amounts owed arose) LPHA shall then have 14 calendar days from the date of OHA's notice in which to request the deduction be made from other amounts owed to LPHA by OHA and identified by LPHA. OHA shall comply with LPHA's request for alternate offset, unless the LPHA's proposed alternative offset would cause OHA to violate federal or state statutes, administrative rules or other applicable authority, or would result in a delay in recovery that exceeds three months. In the event that OHA and LPHA are unable to agree on which specific amounts, owed to LPHA by OHA, the OHA may offset in order to recover the amount of the Underexpenditure or Overexpenditure, then OHA may select the particular contracts or agreements between OHA and LPHA and amounts from which it will recover the amount of the Underexpenditure or Overexpenditure, within the following limitations: OHA shall first look to amounts owed to LPHA (but unpaid) under this Agreement. If that amount is insufficient, then OHA may look

to any other amounts currently owing or owed in the future to LPHA by OHA. In no case, without the prior consent of LPHA, shall OHA deduct from any one payment due LPHA under the contract or agreement from which OHA is offsetting funds an amount in excess of twenty-five percent (25%) of that payment. OHA may look to as many future payments as necessary in order to fully recover the amount of the Underexpenditure or Overexpenditure.

**(3) Recovery of Misexpenditure.**

- (a) LPHA's Response.** From the effective date of the notice of Misexpenditure, LPHA shall have the lesser of: (i) 60 calendar days; or (ii) if a Misexpenditure relates to a Federal Government request for reimbursement, 30 calendar days fewer than the number of days (if any) OHA has to appeal a final written decision from the Federal Government, to either:
- i.** Make a payment to OHA in the full amount of the noticed Misexpenditure identified by OHA;
  - ii.** Notify OHA that LPHA wishes to repay the amount of the noticed Misexpenditure from future payments pursuant to "Recovery from Future Payments" below; or
  - iii.** Notify OHA that it wishes to engage in the applicable appeal process set forth in "Appeal Process for Misexpenditure" below.

If LPHA fails to respond within the time required by "Appeal Process for Misexpenditure" below, OHA may recover the amount of the noticed Misexpenditure from future payments as set forth in "Recovery from Future Payments" below.

- (b) Appeal Process for Misexpenditure.** If LPHA notifies OHA that it wishes to engage in an appeal process with respect to a noticed Misexpenditure, the parties shall comply with the following procedures, as applicable:
- i. Appeal from OHA-Identified Misexpenditure.** If OHA's notice of Misexpenditure is based on a Misexpenditure solely of the type described in Sections 15.b. or c. of Exhibit A, LPHA and OHA shall engage in the process described in this subsection to resolve a dispute regarding the noticed Misexpenditure. First, LPHA and OHA shall engage in non-binding discussions to give LPHA an opportunity to present reasons why it believes that there is, in fact, no Misexpenditure or that the amount of the Misexpenditure is different than the amount identified by OHA, and to give OHA the opportunity to reconsider its notice. LPHA and OHA may negotiate an appropriate apportionment of responsibility for the repayment of a Misexpenditure. At LPHA request, OHA will meet and negotiate with LPHA in good faith concerning appropriate apportionment of responsibility for repayment of a Misexpenditure. In determining an appropriate apportionment of responsibility, LPHA and OHA may consider any relevant factors. An example of a relevant factor is the extent to which either party contributed to an interpretation of a statute, regulation or rule prior to the expenditure that was officially reinterpreted after the expenditure. If OHA and LPHA reach agreement on the amount owed to OHA, LPHA shall promptly repay that amount to OHA by issuing payment to OHA or by directing OHA to withhold future payments pursuant to "Recovery from Future Payments" below. If OHA and LPHA continue to disagree as to whether or not there has been a

Misexpenditure or as to the amount owed, the parties may agree to consider further appropriate dispute resolution processes including, subject to Oregon Department of Justice (DOJ) and LPHA counsel approval, arbitration.

**ii. Appeal from Federal-Identified Misexpenditure.**

**A.** If OHA’s notice of Misexpenditure is based on a Misexpenditure of the type described in Exhibit A, Section 15.a. and the relevant Federal Agency provides a process either by statute or administrative rule to appeal the determination of improper use of federal funds, the notice of disallowance or other federal identification of improper use of funds and if the disallowance is not based on a federal or state court judgment founded in allegations of Medicaid fraud or abuse, then LPHA may, prior to 30 calendar days prior to the applicable federal appeals deadline, request that OHA appeal the determination of improper use, notice of disallowance or other federal identification of improper use of funds in accordance with the process established or adopted by the Federal Agency. If LPHA so requests that OHA appeal the determination of improper use of federal funds, federal notice of disallowance or other federal identification of improper use of funds, the amount in controversy shall, at the option of LPHA, be retained by the LPHA or returned to OHA pending the final federal decision resulting from the initial appeal. If the LPHA does request, prior to the deadline set forth above, that OHA appeal, OHA shall appeal the determination of improper use, notice of disallowance or other federal identification of improper use of funds in accordance with the established process and shall pursue the appeal until a decision is issued by the Departmental Grant Appeals Board of the U.S. Department of Health and Human Services (HHS) (the “Grant Appeals Board”) pursuant to the process for appeal set forth in 45 CFR. Subtitle A, Part 16, or an equivalent decision is issued under the appeal process established or adopted by the Federal Agency. LPHA and OHA shall cooperate with each other in pursuing the appeal. If the Grant Appeals Board or its equivalent denies the appeal then either LPHA, OHA, or both may, in their discretion, pursue further appeals. Regardless of any further appeals, within 90 calendar days of the date the federal decision resulting from the initial appeal is final, LPHA shall repay to OHA the amount of the noticed Misexpenditure (reduced, if at all, as a result of the appeal) by issuing payment to OHA or by directing OHA to withhold future payments pursuant to “Recovery From Future Payments” below. To the extent that LPHA retained any of the amount in controversy while the appeal was pending, the LPHA shall pay to OHA the interest, if any, charged by the Federal Government on such amount.

- B.** If the relevant Federal Agency does not provide a process either by statute or administrative rule to appeal the determination of improper use of federal funds, the notice of disallowance or other federal identification of improper use of funds or LPHA does not request that OHA pursue an appeal prior to 30 calendar days prior to the applicable federal appeals deadline, and if OHA does not appeal, then within 90 calendar days of the date the federal determination of improper use of federal funds, the federal notice of disallowance or other federal identification of improper use of funds is final LPHA shall repay to OHA the amount of the noticed Misexpenditure by issuing a payment to OHA or by directing OHA to withhold future payments pursuant to “Recovery From Future Payments” below.
- C.** If LPHA does not request that OHA pursue an appeal of the determination of improper use of federal funds, the notice of disallowance, or other federal identification of improper use of funds, prior to 30 calendar days prior to the applicable federal appeals deadline but OHA nevertheless appeals, LPHA shall repay to OHA the amount of the noticed Misexpenditure (reduced, if at all, as a result of the appeal) within 90 calendar days of the date the federal decision resulting from the appeal is final, by issuing payment to OHA or by directing OHA to withhold future payments pursuant to “Recover From Future Payments” below.
- D.** Notwithstanding Subsection a, i. through iii. above, if the Misexpenditure was expressly authorized by an OHA rule or an OHA writing signed by an authorized person that applied when the expenditure was made, but was prohibited by federal statutes or regulations that applied when the expenditure was made, LPHA will not be responsible for repaying the amount of the Misexpenditure to OHA, provided that:
- I.** Where post-expenditure official reinterpretation of federal statutes or regulations results in a Misexpenditure, LPHA and OHA will meet and negotiate in good faith an appropriate apportionment of responsibility between them for repayment of the Misexpenditure.
- II.** For purposes of this Subsection D., an OHA writing must interpret this Agreement or an OHA rule and be signed by the Director of the OHA or by one of the following OHA officers concerning services in the category where the officers are listed:

**Public Health Services:**

- Public Health Director
- Public Health Director of Fiscal and Business Operations

OHA shall designate alternate officers in the event the offices designated in the previous sentence are abolished. Upon LPHA request, OHA shall notify LPHA of the names of individual officers with the above titles. OHA shall send

OHA writings described in this paragraph to LPHA by mail and email.

- III. The writing must be in response to a request from LPHA for expenditure authorization, or a statement intended to provide official guidance to LPHA or counties generally for making expenditures under this Agreement. The writing must not be contrary to this Agreement or contrary to law or other applicable authority that is clearly established at the time of the writing.
  - IV. If OHA writing is in response to a request from LPHA for expenditure authorization, the request must be in writing and signed by the director of an LPHA department with authority to make such a request or by the LPHA Counsel. It must identify the supporting data, provisions of this Agreement and provisions of applicable law relevant to determining if the expenditure should be authorized.
  - V. An OHA writing expires on the date stated in the writing, or if no expiration date is stated, six years from the date of the writing. An expired OHA writing continues to apply to LPHA expenditures that were made in compliance with the writing and during the term of the writing.
  - VI. OHA may revoke or revise an OHA writing at any time if it determines in its sole discretion that the writing allowed expenditure in violation of this Agreement or law or any other applicable authority.
  - VII. OHA rule does not authorize an expenditure that this Agreement prohibits.
- (c) **Recovery From Future Payments.** To the extent that OHA is entitled to recover a Misexpenditure pursuant to “Appeal Process for Misexpenditure” above, OHA may recover the Misexpenditure by offsetting the amount thereof against future amounts owed to LPHA by OHA, including but not limited to, any amount owed to LPHA by OHA under this Agreement or any amount owed to LPHA by OHA under any other contract or agreement between LPHA and OHA, present or future. OHA shall provide LPHA written notice of its intent to recover the amount of the Misexpenditure from amounts owed LPHA by OHA as set forth in this Subsection (c) and shall identify the amounts owed by OHA that OHA intends to offset (including the contracts or agreements, if any, under which the amounts owed arose and from those OHA wishes to deduct payments from). LPHA shall then have 14 calendar days from the date of OHA's notice in which to request the deduction be made from other amounts owed to LPHA by OHA and identified by LPHA. OHA shall comply with LPHA's request for alternate offset, unless the LPHA's proposed alternative offset would cause OHA to violate federal or state statutes, administrative rules or other applicable authority. In the event that OHA and LPHA are unable to agree on which specific amounts are owed to LPHA by OHA, that OHA may offset in order to recover the amount of the Misexpenditure, then OHA may select the particular contracts or agreements between OHA and County and amounts from which it will recover the amount of the Misexpenditure, after providing notice to LPHA, and within the following limitations: OHA shall first look to amounts owed to LPHA (but unpaid) under

this Agreement. If that amount is insufficient, then OHA may look to any other amounts currently owing or owed in the future to LPHA by OHA. In no case, without the prior consent of LPHA, shall OHA deduct from any one payment due LPHA under the contract or agreement from which OHA is offsetting funds an amount in excess of twenty-five percent (25%) of that payment. OHA may look to as many future payments as necessary in order to fully recover the amount of the Misexpenditure.

**d. Additional Provisions With Respect to Underexpenditures, Overexpenditures and Misexpenditures.**

- (1) LPHA shall cooperate with OHA in the Agreement Settlement process.
- (2) OHA's right to recover Underexpenditures, Overexpenditures and Misexpenditures from LPHA under this Agreement is not subject to or conditioned on LPHA's recovery of any money from any other entity.
- (3) If the exercise of the OHA's right to offset under this provision requires the LPHA to complete a re-budgeting process, nothing in this provision shall be construed to prevent the LPHA from fully complying with its budgeting procedures and obligations, or from implementing decisions resulting from those procedures and obligations.
  - (a) Nothing in this provision shall be construed as a requirement or agreement by the LPHA or the OHA to negotiate and execute any future contract with the other.
  - (b) Nothing in this Section 1.d. shall be construed as a waiver by either party of any process or remedy that might otherwise be available.

2. **Use of Financial Assistance.** LPHA may use the financial assistance disbursed to LPHA under this Agreement solely to cover actual Allowable Costs reasonably and necessarily incurred to implement Program Elements during the term of this Agreement. LPHA may not expend financial assistance provided to LPHA under this Agreement for a particular Program Element (as reflected in the Financial Assistance Award) on the implementation of any other Program Element.
3. **Subcontracts.** Except when the Program Element Description expressly requires a Program Element Service or a portion thereof to be delivered by LPHA directly, and except for the performance of any function, duty or power of the LPHA related to governance as that is described in OAR 333-014-0580, LPHA may use the financial assistance provided under this Agreement for a particular Program Element service to purchase that service, or portion thereof, from a third person or entity (a "Subcontractor") through a contract (a "Subcontract"). Subject to "Subcontractor Monitoring" below, LPHA may permit a Subcontractor to purchase the service, or a portion thereof, from another person or entity under a subcontract and such subcontractors shall also be considered Subcontractors for purposes of this Agreement and the subcontracts shall be considered Subcontracts for purposes of this Agreement. LPHA shall not permit any person or entity to be a Subcontractor unless the person or entity holds all licenses, certificates, authorizations and other approvals required by applicable law to deliver the Program Element service. The Subcontract must be in writing and contain each of the provisions set forth in Exhibit H, in substantially the form set forth therein, in addition to any other provisions that must be included to comply with applicable law, that must be included in a Subcontract under the terms of this Agreement or that are necessary to implement Program Element service delivery in accordance with the applicable Program Element Descriptions and the other terms and conditions of this Agreement. LPHA shall maintain an originally executed copy of each Subcontract at its office and shall furnish a copy of any Subcontract to OHA upon request. LPHA must comply with OAR 333-014-0570 and 333-014-0580 and ensure that any subcontractor of a Subcontractor comply with OAR 333-014-0570.
4. **Subcontractor Monitoring.** In accordance with 2 CFR §200.332, LPHA shall monitor each Subcontractor's delivery of Program Element services and promptly report to OHA when LPHA

identifies a major deficiency in a Subcontractor's delivery of a Program Element service or in a Subcontractor's compliance with the Subcontract between the Subcontractor and LPHA. LPHA shall promptly take all necessary action to remedy any identified deficiency. LPHA shall also monitor the fiscal performance of each Subcontractor and shall take all lawful management and legal action necessary to pursue this responsibility. In the event of a major deficiency in a Subcontractor's delivery of a Program Element service or in a Subcontractor's compliance with the Subcontract between the Subcontractor and LPHA, nothing in this Agreement shall limit or qualify any right or authority OHA has under state or federal law to take action directly against the Subcontractor. LPHA must monitor its Subcontractors itself and may not enter into a contract with another entity for monitoring Subcontracts.

**5. Alternative Formats and Translation of Written Materials, Interpreter Services.** In connection with the delivery of Program Element services, LPHA shall:

- a. Make available to an LPHA Client, without charge to the LPHA Client, upon the LPHA Client's or OHA's request, any and all written materials in alternate, if appropriate, formats as required by OHA's administrative rules or by OHA's written policies made available to LPHA.
- b. Make available to an LPHA Client, without charge to the LPHA Client, upon the LPHA Client's or OHA's request, any and all written materials in the prevalent non-English languages in LPHA's service area.
- c. Make available to an LPHA Client, without charge to the LPHA Client, upon the LPHA Client's or OHA's request, oral interpretation services in all non-English languages in LPHA's service area.
- d. Make available to an LPHA Client with hearing impairment, without charge to the LPHA Client, upon the LPHA Client's or OHA's request, sign language interpretation services and telephone communications access services.

For purposes of the foregoing, "written materials" includes, without limitation, all written materials created by LPHA in connection with the Services and all Subcontracts related to this Agreement. The LPHA may develop its own forms and materials and with such forms and materials the LPHA shall be responsible for making them available to an LPHA Client, without charge to the LPHA Client or OHA, in the prevalent non-English language. OHA shall be responsible for making its forms and materials available, without charge to the LPHA Client or LPHA, in the prevalent non-English language.

**6. Reporting Requirements.** For each calendar quarter or portion thereof, during the term of this Agreement, in which LPHA expends and receives financial assistance awarded to LPHA by OHA under this Agreement, LPHA shall prepare and deliver to OHA the reports outlined below on October 30 (after end of three month period), January 30 (after end of six month period), April 30 (after end of nine month period) and August 20 (after end of 12 month period). The required reports are :

A separate expenditure report for each Program in which LPHA expenditures and receipts of financial assistance occurred during the quarter as funded by indication on the original or formally amended Financial Assistance Award located in the same titled section of Exhibit C of this Agreement. Each report, must be substantially in the form set forth in Exhibit C titled "Oregon Health Authority, Public Health Division Expenditure and Revenue Report."

All reports must be completed in accordance with the associated instructions and must provide complete, specific and accurate information on LPHA's use of the financial assistance disbursed to LPHA hereunder. In addition, LPHA shall comply with all other reporting requirements set forth in this Agreement, including but not limited to, all reporting requirements set forth in applicable Program Element descriptions. OHA may request information and LPHA shall provide if requested by OHA, the amount of LPHA's, as well as any of LPHA's Subcontractors' and sub recipients', administrative costs as part of either direct or indirect costs, as defined by federal regulations and guidance. OHA will accept *revised* revenue and expenditure reports up to 30 calendar days after the due date for the first, second

and third quarter's expenditure reports. OHA will accept *revised* reports up to 14 days after the fourth quarter expenditure report due date. If LPHA fails to comply with these reporting requirements, OHA may withhold future disbursements of all financial assistance under this Agreement, as further described in Section 1 of this Exhibit E.

7. **Operation of Public Health Program.** LPHA shall operate (or contract for the operation of) a public health program during the term of this Agreement. If LPHA uses financial assistance provided under this Agreement for a particular Program Element, LPHA shall include that Program Element in its public health program from the date it begins using the funds provided under this Agreement for that Program Element until the earlier of (a) termination or expiration of this Agreement, (b) termination by OHA of OHA's obligation to provide financial assistance for that Program Element, in accordance with Exhibit F, Section 8 "Termination" or (c) termination by LPHA, in accordance with Exhibit F, Section 8 "Termination", of LPHA's obligation to include that Program Element in its public health program.
8. **Technical Assistance.** During the term of this Agreement, OHA shall provide technical assistance to LPHA in the delivery of Program Element services to the extent resources are available to OHA for this purpose. If the provision of technical assistance to the LPHA concerns a Subcontractor, OHA may require, as a condition to providing the assistance, that LPHA take all action with respect to the Subcontractor reasonably necessary to facilitate the technical assistance.
9. **Payment of Certain Expenses.** If OHA requests that an employee of LPHA, or a Subcontractor or a citizen providing services or residing within LPHA's service area, attend OHA training or an OHA conference or business meeting and LPHA has obligated itself to reimburse the individual for travel expenses incurred by the individual in attending the training or conference, OHA may pay those travel expenses on behalf of LPHA but only at the rates and in accordance with the reimbursement procedures set forth in the Oregon Accounting Manual <http://www.oregon.gov/DAS/Pages/Programs.aspx> as of the date the expense was incurred and only to the extent that OHA determines funds are available for such reimbursement.
10. **Effect of Amendments Reducing Financial Assistance.** If LPHA and OHA amend this Agreement to reduce the amount of financial assistance awarded for a particular Program Element, LPHA is not required by this Agreement to utilize other LPHA funds to replace the funds no longer received under this Agreement as a result of the amendment, and LPHA may, from and after the date of the amendment, reduce the quantity of that Program Element service included in its public health program commensurate with the amount of the reduction in financial assistance awarded for that Program Element. Nothing in the preceding sentence shall affect LPHA's obligations under this Agreement with respect to financial assistance actually disbursed by OHA under this Agreement or with respect to Program Element services actually delivered.
11. **Resolution of Disputes over Additional Financial Assistance Owed LPHA After Termination or Expiration.** If, after termination or expiration of this Agreement, LPHA believes that OHA disbursements of financial assistance under this Agreement for a particular Program Element are less than the amount of financial assistance that OHA is obligated to provide to LPHA under this Agreement for that Program Element, as determined in accordance with the applicable financial assistance calculation methodology, LPHA shall provide OHA with written notice thereof. OHA shall have 90 calendar days from the effective date of LPHA's notice to pay LPHA in full or notify LPHA that it wishes to engage in a dispute resolution process. If OHA notifies LPHA that it wishes to engage in a dispute resolution process, LPHA and OHA's Public Health Director (or delegate) shall engage in non-binding discussion to give OHA an opportunity to present reasons why it believes that it does not owe LPHA any additional financial assistance or that the amount owed is different than the amount identified by LPHA in its notices, and to give LPHA the opportunity to reconsider its notice. If OHA and LPHA reach agreement on the additional amount owed to LPHA, OHA shall promptly pay that amount to LPHA. If OHA and LPHA continue to disagree as to the amount owed, the parties may agree to consider further appropriate dispute resolution processes, including, subject to Oregon Department of

Justice and LPHA counsel approval, binding arbitration. Nothing in this section shall preclude the LPHA from raising underpayment concerns at any time prior to termination of this Agreement under “Resolution of Disputes, Generally” below.

- 12. Resolution of Disputes, Generally.** In addition to other processes to resolve disputes provided in this Exhibit, either party may notify the other party that it wishes to engage in a dispute resolution process. Upon such notification, the parties shall engage in non-binding discussion to resolve the dispute. If the parties do not reach agreement as a result of non-binding discussion, the parties may agree to consider further appropriate dispute resolution processes, including, subject to Oregon Department of Justice and LPHA counsel approval, binding arbitration. The rights and remedies set forth in this Agreement are not intended to be exhaustive and the exercise by either party of any right or remedy does not preclude the exercise of any other rights or remedies at law or in equity.
- 13.** Nothing in this Agreement shall cause or require LPHA or OHA to act in violation of state or federal constitutions, statutes, regulations or rules. The parties intend this limitation to apply in addition to any other limitation in this Agreement, including limitations in Section 1 of this Exhibit E.
- 14. Purchase and Disposition of Equipment.**

  - a.** For purposes of this section, “Equipment” means tangible, non-expendable personal property having a useful life of more than one year and a net acquisition cost of more than \$5,000 per unit. However, for purposes of information technology equipment, the monetary threshold does not apply. Information technology equipment shall be tracked for the mandatory line categories listed below:

    - (1) Network
    - (2) Personal Computer
    - (3) Printer/Plotter

    - (4) acquisition cost and date; and
    - (5) location, use and condition of the Equipment
  - c.** LPHA shall provide the Equipment inventory list to the Agreement Administrator annually by June 30th of each year. LPHA shall be responsible to safeguard any Equipment and maintain the Equipment in good repair and condition while in the possession of LPHA or any subcontractors. LPHA shall depreciate all Equipment, with a value of more than \$5,000, using the straight line method.
  - d.** Upon termination of this Agreement, or any service thereof, for any reason whatsoever, LPHA shall, upon request by OHA, immediately, or at such later date specified by OHA, tender to OHA any and all Equipment purchased with funds under this Agreement as OHA may require to be returned to the State. At OHA’s direction, LPHA may be required to deliver said Equipment to a subsequent Subcontractor for that Subcontractor’s use in the delivery of services formerly

**OHA - 2021-2023 INTERGOVERNMENTAL AGREEMENT - FOR THE FINANCING OF PUBLIC HEALTH SERVICES**

provided by LPHA. Upon mutual agreement, in lieu of requiring LPHA to tender the Equipment to OHA or to a subsequent Subcontractor, OHA may require LPHA to pay to OHA the current value of the Equipment. Equipment value will be determined as of the date of Agreement or service termination.

- e. If funds from this Agreement are authorized by OHA to be used as a portion of the purchase price of Equipment, requirements relating to title, maintenance, Equipment inventory reporting and residual value shall be negotiated and the agreement reflected in a special condition or Footnote authorizing the purchase.
- f. Notwithstanding anything herein to the contrary, LPHA shall comply with CFR Subtitle B with guidance at 2 CFR Part 200 as amended, which generally describes the required maintenance, documentation, and allowed disposition of equipment purchased with federal grant funds.
- g. Equipment provided directly by OHA to the LPHA and/or its Subcontractor(s) to support delivery of specific program services is to be used for those program services.   - b. Any representation, warranty or statement made by OHA herein or in any documents or reports made in connection herewith or relied upon by LPHA to measure performance by OHA is untrue in any material respect when made.
8. **Termination.**
- a. **LPHA Termination.** LPHA may terminate this Agreement in its entirety or may terminate its obligation to include one or more particular Program Elements in its public health program:
    - (1) For its convenience, upon at least three calendar months advance written notice to OHA, with the termination effective as of the first day of the month following the notice period;
    - (2) Upon 45 calendar days advance written notice to OHA, if LPHA does not obtain funding, appropriations and other expenditure authorizations from LPHA's governing body, federal, state or other sources sufficient to permit LPHA to satisfy its performance obligations under this Agreement, as determined by LPHA in the reasonable exercise of its administrative discretion;
    - (3) Upon 30 calendar days advance written notice to OHA, if OHA is in default under this Agreement and such default remains uncured at the end of said 30 calendar day period or such longer period, if any, as LPHA may specify in the notice; or
    - (4) Immediately upon written notice to OHA, if Oregon statutes or federal laws, regulations or guidelines are modified, changed or interpreted by the Oregon Legislative Assembly, the federal government or a court in such a way that LPHA no longer has the authority to meet its obligations under this Agreement.
  - b. **OHA Termination.** OHA may terminate this Agreement in its entirety or may terminate its obligation to provide financial assistance under this Agreement for one or more particular Program Elements described in the Financial Assistance Award:
    - (1) For its convenience, upon at least three calendar months advance written notice to LPHA, with the termination effective as of the first day of the month following the notice period;
    - (2) Upon 45 calendar days advance written notice to LPHA, if OHA does not obtain funding, appropriations and other expenditure authorizations from federal, state or other sources sufficient to meet the payment obligations of OHA under this Agreement, as determined by OHA in the reasonable exercise of its administrative discretion. Notwithstanding the preceding sentence, OHA may terminate this Agreement in its entirety or may terminate its obligation to provide financial assistance under this Agreement for one or more particular Program Elements immediately upon written notice to LPHA, or at such other time as it may determine, if action by the federal government to terminate or reduce funding or if action by the Oregon Legislative Assembly or Emergency Board to terminate or reduce OHA's legislative authorization for expenditure of funds to such a degree that OHA will no longer have sufficient expenditure authority to meet its payment obligations under this Agreement, as determined by OHA in the reasonable exercise of its administrative discretion, and the effective date for such reduction in expenditure authorization is less than 45 calendar days from the date the action is taken;
    - (3) Immediately upon written notice to LPHA if Oregon statutes or federal laws, regulations or guidelines are modified, changed or interpreted by the Oregon Legislative Assembly, the federal government or a court in such a way that OHA no longer has the authority to

meet its obligations under this Agreement or no longer has the authority to provide the financial assistance from the funding source it had planned to use;

- (4) Upon 30 calendar days advance written notice to LPHA, if LPHA is in default under this Agreement and such default remains uncured at the end of said 30 calendar day period or such longer period, if any, as OHA may specify in the notice;
- (5) Immediately upon written notice to LPHA, if any license or certificate required by law or regulation to be held by LPHA or a Subcontractor to deliver a Program Element service described in the Financial Assistance Award is for any reason denied, revoked, suspended, not renewed or changed in such a way that LPHA or a Subcontractor no longer meets requirements to deliver the service. This termination right may only be exercised with respect to the particular Program Element impacted by the loss of necessary licensure or certification; or
- (6) Immediately upon written notice to LPHA, if OHA determines that LPHA or any of its Subcontractors have endangered or are endangering the health or safety of an LPHA Client or others in performing the Program Element services covered in this Agreement.

## 9. Effect of Termination

- a. Upon termination of this Agreement in its entirety, OHA shall have no further obligation to pay or disburse financial assistance to LPHA under this Agreement, whether or not OHA has paid or disbursed to LPHA all financial assistance described in the Financial Assistance Award except: (1) with respect to funds described in the Financial Assistance Award, to the extent OHA's disbursement of financial assistance for a particular Program Element service, the financial assistance for which is calculated on a rate per unit of service or service capacity basis, is less than the applicable rate multiplied by the number of applicable units of the Program Element service or Program Element service capacity of that type performed or made available from the effective date of this Agreement through the termination date; and (2) with respect to funds described in the Financial Assistance Award, to the extent OHA's disbursement of financial assistance for a particular Program Element service, the financial assistance for which is calculated on a cost reimbursement basis, is less than the cumulative actual Allowable Costs reasonably and necessarily incurred with respect to delivery of that Program Element service, from the effective date of this Agreement through the termination date.
- b. Upon termination of LPHA's obligation to perform under a particular Program Element service, OHA shall have: (1) no further obligation to pay or disburse financial assistance to LPHA under this Agreement for administration of that Program Element service whether or not OHA has paid or disbursed to LPHA all financial assistance described in the Financial Assistance Award for administration of that Program Element; and (2) no further obligation to pay or disburse any financial assistance to LPHA under this Agreement for such Program Element service whether or not OHA has paid or disbursed to LPHA all financial assistance described in the Financial Assistance Award for such Program Element service except: (a) with respect to funds described in the Financial Assistance Award, to the extent OHA's disbursement of financial assistance for the particular Program Element service, the financial assistance for which is calculated on a rate per unit of service or service capacity basis, is less than the applicable rate multiplied by the number of applicable units of the Program Element service or Program Element service capacity of that type performed or made available during the period from the effective date of this Agreement through the termination date; and (b) with respect to funds described in the Financial Assistance Award, to the extent OHA's disbursement of financial assistance for a particular Program Element service, the financial assistance for which is calculated on a cost reimbursement basis, is less than the cumulative actual Allowable Costs reasonably and necessarily incurred by LPHA with respect to delivery of that Program Element service during the period from the effective date of this Agreement through the termination date.

- c. Upon termination of OHA’s obligation to provide financial assistance under this Agreement for a particular Program Element service, LPHA shall have no further obligation under this Agreement to provide that Program Element service.
  - d. **Disbursement Limitations.** Notwithstanding Subsections a. and b. above, under no circumstances will OHA be obligated to provide financial assistance to LPHA for a particular Program Element service in excess of the amount awarded under this Agreement for that Program Element service as set forth in the Financial Assistance Award.
  - e. **Survival.** Exercise of a termination right set forth in Section 8 “Termination” of this Exhibit F in accordance with its terms, shall not affect LPHA’s right to receive financial assistance to which it is entitled hereunder as described in Subsections a. and b. above or the right of OHA or LPHA to invoke the dispute resolution processes under “Resolution of Disputes over Additional Financial Assistance Owed to LPHA After Termination” or “Resolution of Disputes, Generally” below. Notwithstanding Subsections a. and b. above, exercise of the termination rights in the “Termination” above or termination of this Agreement in accordance with its terms, shall not affect LPHA’s obligations under this Agreement or OHA’s right to enforce this Agreement against LPHA in accordance with its terms, with respect to financial assistance actually disbursed by OHA under this Agreement, or with respect to Program Element services actually delivered. Specifically, but without limiting the generality of the preceding sentence, exercise of a termination right set forth in “Termination” above or termination of this Agreement in accordance with its terms shall not affect LPHA’s representations and warranties; reporting obligations; record-keeping and access obligations; confidentiality obligations; obligation to comply with applicable federal requirements; the restrictions and limitations on LPHA’s expenditure of financial assistance actually disbursed by OHA hereunder, LPHA’s obligation to cooperate with OHA in the Agreement Settlement process; or OHA’s right to recover from LPHA; in accordance with the terms of this Agreement; any financial assistance disbursed by OHA under this Agreement that is identified as an Underexpenditure or Misexpenditure. If a termination right set forth in the “Termination” above is exercised, both parties shall make reasonable good faith efforts to minimize unnecessary disruption or other problems associated with the termination.
10. **Insurance.** LPHA shall require first-tier Subcontractors, which are not units of local government, to maintain insurance as set forth in Exhibit I, “Subcontractor Insurance Requirements”, which is attached hereto.
11. **Records Maintenance, Access, and Confidentiality.**
- a. **Access to Records and Facilities.** OHA, the Secretary of State’s Office of the State of Oregon, the Federal Government, and their duly authorized representatives shall have access to the books, documents, papers and records of LPHA that are directly related to this Agreement, the financial assistance provided hereunder, or any Program Element service for the purpose of making audits, examinations, excerpts, copies and transcriptions. In addition, upon 24 hour prior notice to LPHA, LPHA shall permit authorized representatives of OHA to perform site reviews of all Program Element services delivered by LPHA.
  - b. **Retention of Records.** LPHA shall retain and keep accessible all books, documents, papers, and records that are directly related to this Agreement, the financial assistance provided hereunder or any Program Element service, for a minimum of six years, or such longer period as may be required by other provisions of this Agreement or applicable law, following the termination or termination or expiration of this Agreement. If there are unresolved audit or Agreement Settlement questions at the end of the applicable retention period, LPHA shall retain the records until the questions are resolved.

- c. **Expenditure Records.** LPHA shall establish such fiscal control and fund accounting procedures as are necessary to ensure proper expenditure of and accounting for the financial assistance disbursed to LPHA by OHA under this Agreement. In particular, but without limiting the generality of the foregoing, LPHA shall (i) establish separate accounts for each Program Element for which LPHA receives financial assistance from OHA under this Agreement and (ii) document expenditures of financial assistance provided hereunder for employee compensation in accordance with CFR Subtitle B with guidance at 2 CFR Part 200 and, when required by OHA, utilize time/activity studies in accounting for expenditures of financial assistance provided hereunder for employee compensation. LPHA shall maintain accurate property records of non-expendable property, acquired with Federal Funds, in accordance with CFR Subtitle B with guidance at 2 CFR Part 200.
  - d. **Safeguarding of LPHA Client Information.** LPHA shall maintain the confidentiality of LPHA Client records as required by applicable state and federal law. Without limiting the generality of the preceding sentence, LPHA shall comply with the following confidentiality laws, as applicable: ORS 433.045, 433.075, 433.008, 433.017, 433.092, 433.096, 433.098, 42 CFR Part 2 and any administrative rule adopted by OHA implementing the foregoing laws, and any written policies made available to LPHA by OHA. LPHA shall create and maintain written policies and procedures related to the disclosure of LPHA Client information and shall make such policies and procedures available to OHA for review and inspection as reasonably requested by OHA.
12. **Information Privacy/Security/Access.** If the Program Element Services performed under this Agreement requires LPHA or its Subcontractor(s) to access or otherwise use any OHA Information Asset or Network and Information System to which security and privacy requirements apply, and OHA grants LPHA, its Subcontractors(s) or both access to such OHA Information Assets or Network and Information Systems, LPHA shall comply and require its Subcontractor(s) to which such access has been granted to comply with the terms and conditions applicable to such access or use, including OAR 943-014-0300 through OAR 943-014-0320, as such rules may be revised from time to time. For purposes of this section, “Information Asset” and “Network and Information System” have the meaning set forth in OAR 943-014-0305, as such rule may be revised from time to time.
13. **Force Majeure.** Neither party shall be held responsible for delay or default caused by fire, civil unrest, labor unrest, natural causes, or war which is beyond the reasonable control of the parties. Each party shall, however, make all reasonable efforts to remove or eliminate such cause of delay or default and shall, upon the cessation of the cause, diligently pursue performance of its obligations under this Agreement. Either party may terminate this Agreement upon written notice to the other party after reasonably determining that the delay or breach will likely prevent successful performance of this Agreement.
14. **Assignment of Agreement, Successors in Interest.**
- a. LPHA shall not assign or transfer its interest in this Agreement without prior written approval of OHA. Any such assignment or transfer, if approved, is subject to such conditions and provisions as OHA may deem necessary. No approval by OHA of any assignment or transfer of interest shall be deemed to create any obligation of OHA in addition to those set forth in this Agreement.
  - b. The provisions of this Agreement shall be binding upon and shall inure to the benefit of the parties to this Agreement, and their respective successors and permitted assigns.
15. **No Third Party Beneficiaries.** OHA and LPHA are the only parties to this Agreement and are the only parties entitled to enforce its terms. The parties agree that LPHA’s performance under this Agreement is solely for the benefit of OHA to assist and enable OHA to accomplish its statutory mission. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons any greater than the rights and benefits

enjoyed by the general public unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

16. **Amendment.** No amendment, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and when required by the Department of Justice. Such amendment, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given.
17. **Severability.** The parties agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular term or provision held to be invalid.
18. **Notice.** Except as otherwise expressly provided in this Agreement, any communications between the parties hereto or notices to be given hereunder shall be given in writing by personal delivery, facsimile, or mailing the same, postage prepaid to County or OHA at the address or number set forth below, or to such other addresses or numbers as either party may indicate pursuant to this section. Any communication or notice so addressed and mailed shall be effective five calendar days after mailing. Any communication or notice delivered by facsimile shall be effective on the day the transmitting machine generates a receipt of the successful transmission, if transmission was during normal business hours of the recipient, or on the next business day, if transmission was outside normal business hours of the recipient. To be effective against the other party, any notice transmitted by facsimile must be confirmed by telephone notice to the other party at number listed below. Any communication or notice given by personal delivery shall be effective when actually delivered to the addressee.

19. **Headings.** The headings and captions to sections of this Agreement have been inserted for identification and reference purposes only and shall not be used to construe the meaning or to interpret this Agreement.
20. **Counterparts.** This Agreement and any subsequent amendments may be executed in several counterparts, all of which when taken together shall constitute one agreement binding on all parties, notwithstanding that all parties are not signatories to the same counterpart. Each copy of this Agreement and any Amendments so executed shall constitute an original.
21. **Integration and Waiver.** This Agreement, including all Exhibits, constitutes the entire Agreement between the parties on the subject matter hereof. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by that party of that or any other provision. No waiver or consent shall be effective unless in writing and signed by the party against whom it is asserted.
22. **Construction.** This Agreement is the product of extensive negotiations between OHA and representatives of county governments. The provisions of this Agreement are to be interpreted and their legal effects determined as a whole. An arbitrator or court interpreting this Agreement shall give a

reasonable, lawful and effective meaning to this Agreement to the extent possible, consistent with the public interest.

- 23. Contribution.** If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the State is jointly liable with the LPHA (or would be if joined in the Third Party Claim ), the State shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Agency in such proportion as is appropriate to reflect the relative fault of the State on the one hand and of the Agency on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the State on the one hand and of the LPHA on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The State's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the State had sole liability in the proceeding.

- 24. Indemnification by LPHA Subcontractor.** LPHA shall take all reasonable steps to cause its subcontractor, that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of LPHA's subcontractors or any of the officers, agents, employees or subcontractors of the subcontractor ( "Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the subcontractor from and against any and all Claims.

**EXHIBIT G**  
**REQUIRED FEDERAL TERMS AND CONDITIONS**

In addition to the requirements of Section 2 of Exhibit F, LPHA shall comply and, as indicated, require all Subcontractors to comply with the following federal requirements to the extent that they are applicable to this Agreement, to LPHA, or to the Work, or to any combination of the foregoing. For purposes of this Agreement, all references to federal and state laws are references to federal and state laws as they may be amended from time to time.

These laws, regulations and executive orders are incorporated by reference herein to the extent that they are applicable to this Agreement and required by law to be so incorporated. No federal funds may be used to provide Services in violation of 42 U.S.C 14402.
- 2. Equal Employment Opportunity.** If this Agreement, including amendments, is for more than \$10,000, then LPHA shall comply and require all Subcontractors to comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented in U.S. Department of Labor regulations (41 CFR Part 60).
- 3. Violations shall be reported to OHA, United States Department of Health and Human Services, and the appropriate Regional Office of the Environmental Protection Agency. LPHA shall include and require all Subcontractors to include in all contracts with Subcontractors receiving more than \$100,000, language requiring the Subcontractor to comply with the federal laws identified in this section.
- 4. (Pub. L. 94-163).

  - a.** No federal appropriated funds have been paid or will be paid, by or on behalf of LPHA, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the

making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan, or cooperative agreement.

- b. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan or cooperative agreement, the LPHA shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" in accordance with its instructions.
  - c. The LPHA shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients and Subcontractors shall certify and disclose accordingly.
  - d. This certification is a material representation of fact upon which reliance was placed when this Agreement was made or entered into. Submission of this certification is a prerequisite for making or entering into this Agreement imposed by Section 1352, Title 31 of the U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
  - e. No part of any federal funds paid to LPHA under this Agreement shall be used, other than for normal and recognized executive legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the United States Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government.
  - f. No part of any federal funds paid to LPHA under this Agreement shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the United States Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.
  - g. The prohibitions in Subsections (e) and (f) of this section shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.
  - h. No part of any federal funds paid to LPHA under this Agreement may be used for any activity that promotes the legalization of any drug or other substance included in schedule I of the schedules of controlled substances established under Section 202 of the Controlled Substances Act except for normal and recognized executive congressional communications. This limitation shall not apply when there is significant medical evidence of a therapeutic advantage to the use of such drug or other substance or that federally sponsored clinical trials are being conducted to determine therapeutic advantage.
6. **Resource Conservation and Recovery.** LPHA shall comply and require all Subcontractors to comply with all mandatory standards and policies that relate to resource conservation and recovery pursuant to the Resource Conservation and Recovery Act (codified at 42 U.S.C. 6901 *et seq.*). Section 6002 of that Act (codified at 42 U.S.C. 6962) requires that preference be given in procurement programs to the

purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency. Current guidelines are set forth in 40 CFR Part 247.

7. **Audits.** Sub-recipients, as defined in 45 CFR 75.2, which includes, but is not limited to LPHA, shall comply, and LPHA shall require all Subcontractors to comply, with applicable Code of Federal Regulations (CFR) governing expenditure of Federal funds including, but not limited to, if a sub-recipient expends \$500,000 or more in Federal funds (from all sources) in its fiscal year beginning prior to December 26, 2014, a sub-recipient shall have a single organization-wide audit conducted in accordance with the Single Audit Act. If a sub-recipient expends \$750,000 or more in federal funds (from all sources) in a fiscal year beginning on or after December 26, 2014, it shall have a single organization-wide audit conducted in accordance with the provisions of 45 CFR Part 75, Subpart F. Copies of all audits must be submitted to OHA within 30 calendar days of completion. If a sub-recipient expends less than \$500,000 in Federal funds in a fiscal year beginning prior to December 26, 2014, or less than \$750,000 in a fiscal year beginning on or after that date, it is exempt from Federal audit requirements for that year. Records must be available for review or audit by appropriate officials.
8. **Debarment and Suspension.** LPHA shall not permit any person or entity to be a Subcontractor if the person or entity is listed on the non-procurement portion of the General Service Administration's "List of Parties Excluded from Federal Procurement or Non-procurement Programs" in accordance with Executive Orders No. 12549 and No. 12689, "Debarment and Suspension" (see 2 CFR Part 180). This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory authority other than Executive Order No. 12549. Subcontractors with awards that exceed the simplified acquisition threshold shall provide the required certification regarding their exclusion status and that of their principals prior to award.
9. **Drug-Free Workplace.** LPHA shall comply and require all Subcontractors to comply with the following provisions to maintain a drug-free workplace: (i) LPHA certifies that it will provide a drug-free workplace by publishing a statement notifying its employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, except as may be present in lawfully prescribed or over-the-counter medications, is prohibited in LPHA's workplace or while providing services to OHA clients. LPHA's notice shall specify the actions that will be taken by LPHA against its employees for violation of such prohibitions; (ii) Establish a drug-free awareness program to inform its employees about: the dangers of drug abuse in the workplace, LPHA's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations; (iii) Provide each employee to be engaged in the performance of services under this Agreement a copy of the statement mentioned in paragraph (i) above; (iv) Notify each employee in the statement required by paragraph (i) above that, as a condition of employment to provide services under this Agreement, the employee will: abide by the terms of the statement, and notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction; (v) Notify OHA within ten (10) calendar days after receiving notice under subparagraph (iv) above from an employee or otherwise receiving actual notice of such conviction; (vi) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program by any employee who is so convicted as required by Section 5154 of the Drug-Free Workplace Act of 1988; (vii) Make a good-faith effort to continue a drug-free workplace through implementation of subparagraphs (i) through (vi) above; (viii) Require any Subcontractor to comply with subparagraphs (i) through (vii) above; (ix) Neither LPHA, or any of LPHA's employees, officers, agents or Subcontractors may provide any service required under this Agreement while under the influence of drugs. For purposes of this provision, "under the influence" means: observed abnormal behavior or impairments in mental or physical performance leading a reasonable person to believe the LPHA or LPHA's employee, officer, agent or Subcontractor has used a controlled substance, prescription or non-prescription medication that impairs the LPHA or LPHA's employee, officer, agent or Subcontractor's performance of essential job function or creates a direct threat to LPHA Clients or others. Examples of abnormal behavior include,

but are not limited to: hallucinations, paranoia or violent outbursts. It is the specific intention of the parties that the Indemnatee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnatee, be indemnified by the Subcontractor from and against any and all Claims.
