Type of Document: Grant, Memorandum of Understanding

Goods and/or Services: Central Oregon Health Council (COHC) has awarded funding in the amount of \$419,428 to fund the Central Oregon Regional Childhood Immunization Rate Quality Improvement Project, a Regional Health Improvement Plan (RHIP) project proposed by Deschutes County Public Health Division.

Background & History: The Central Oregon Health Council (COHC) is a not-for-profit, tax-exempt public and private community governance entity. The COHC is dedicated to improving the health of the region and providing oversight of the Medicaid population and Coordinated Care Organization (CCO). COHC was officially created by Senate Bill 204 in 2011 to promote the health of the region's residents and seeks to achieve the Triple Aim of improving health outcomes, increasing satisfaction with the health system, and reducing cost. The COHC's mission is to serve as the governing Board for the CCO and to connect the CCO, patients, providers, Central Oregon, and resources.

The Central Oregon Regional Childhood Immunization Rate Quality Improvement Project's goal is to increase childhood vaccination rate in Central Oregon. The project proposal includes hiring an Immunization Quality Improvement Coordinator for three years to work with AFIX-Based IQIP programs in the tri-county (Jefferson, Crook and Deschutes Counties) area, as well as in the Confederated Tribes of Warm Springs and Northern Klamath County, (limited to Gilcrist, Chemult, Crescent and Crescent Lake Junction). AFIX (Assessments, Feedback, Incentives and eXchange) is a program that was established by the U.S. Centers for Disease Control (CDC). IQIP (Immunization Quality Improvement for Providers) is the updated version of the AFIX program that is supported by the CDC and the State of Oregon.

Additionally, a major focus of this project will be equity and serving prioritized populations. The project will seek to reach out to clinics that serve clients who are vaccine-hesitant, children and families who are experiencing houselessness, live in rural communities, those who identify as Black/African American, Native American, Latinx, or another minority group, and children who are migrant or receive support from the foster care system.
