- b. City Hall Offices will be closed on Monday February 16, 2026 in observance of President's Day and on Tuesday February 17, in observance of Mardi Gras.

City Manager's Report.

CITY MANAGER REPORT

February 03, 2026

1. Canal Dredging – MDEQ has approved the contract and has requested the RESTORE Council to issue a notice for construction. Once we receive the notice from the RESTORE Council the contractor will mobilize and provide a schedule for the work. This information will be posted and updated throughout the project. The contract will be for 240 days, the estimated completion date is October 31st, 2026.
2. Jourdan River Boardwalk – The city is going to contact MDEQ to let them know we are staying with the current bidder. The reason for this is the original award aesthetically will be consistent with the existing pier. The engineer does not have concerns regarding storm surge due to the location of the boardwalk. Finally, the original award keeps the city within the budget which will allow for any contingency during construction.
3. Montjoy Creek Nature Trail – The project is out for advertisement currently. Bids will be due February 24th. After review by the engineer, I expect to have the bids on the March 3rd agenda.
4. Rotten Bayou Nature Trail – The engineer is working on a new preliminary design for this project. A meeting with MDEQ will be scheduled to discuss the project and receive paperwork for the council to review and approve.
5. Dog Park – Public Works is working on the dog park area. If you drive past, you will see the continued progress made. The main concern currently is the drainage. They want to make sure the area will not hold water and will properly drain during and after a rain event. Keep watching as this project is completed.
6. Fitness Park – Public Works has finished clearing and prepping the area. Once we receive the exercise equipment, public works will get it installed.
7. Unit Price Contracts
 - Koko Court – A walkthrough for this project has been scheduled for Thursday.
 - Crooked Stick – A design has been created. A work directive will be submitted on the next agenda for council approval.
 - Mauna Loa Drive – A design has been created. A work directive will be submitted on the next agenda for council approval.
 - DH Drive North/Lily Pond – A design has been created. The city is waiting on USDA approval of the design. Once received, a work directive will be submitted.
8. East Aloha Drive – **No update this month.** The city will need to follow the MDOT right-of-way acquisition process, and the electrical engineering sub-contractor. The engineers are finalizing the design to have project out to advertise as soon as the MDOT requirements are completed.
9. West Aloha Drive – **No update this month.** The engineers are working on egress of the roadway to determine best access for vehicle flow. This project will also be ready to advertise in the first quarter of 2026.
10. Hazard Mitigation Grant Program – **No update this month.** The appraiser has completed the reports on the property acquisition project. The reports have been submitted to Rostan for review and submittal to MEMA.
11. Pelican Cove – **No update this month.** The engineer is completing the final plans and expects to only need a National Wetlands permit to complete this project. The permission to advertise will be on the next council agenda.

12. Commercial District – **No Update this month.** The engineer is completing the final design. I am currently waiting for appraisers to get reports back to me for the additional piece of roadway needed.
13. Bank Stabilization – **No Update this month.** The next step for this project will be to work on easement acquisition. Once complete, the engineers can finalize the design.
14. MDOT Projects – **No Update this month.** The contractor installed the signage last week. Once the engineers update the drawings for the railing along the multimodal path, the contractor will be back out to install and complete the project.
15. Landscaping Project – **No update this month.** Keep Diamondhead Beautiful and their landscape architect company are working on the project scope. The city has expressed that the landscaping cannot obstruct driver's view.

Public Comments on Agenda Items.

Bill Atkinson - Golf Carts

Council Comments.
