State Purpose of Variance: (Front/Side/Rear/Lot Size/Parking/Building/Coverage)

(Signage-Size-Height) Request approval to construct a Residential awning

attached to existing home. The proposed awning extends into the

required 20-foot rear setback. The existing Residence is located approx.

15 feet from the rear property line, making compliance with the

required setback impractical. The variance is requested to allow the

attached awning while maintaining the existing location of Residence.

We are requesting a 5 ft Variance.

REQUIRED ITEM A

Property Owner Nathan Hopper

Street Address 646 APetehama Pl Diamondhead, MS

Statement Describing Variance Request

The Applicant Request a Rear Setback Variance to allow the construction of an attached residential awning on the existing home. The existing residence is located approx 15 feet from rear property line, while the required setback is 20 feet. Proposed awning will extend within the requirements.
The reasons why it complies with the criteria for variances:

1. DO THE SPECIAL CONDITIONS AND/OR CIRCUMSTANCES EXIST WHICH AFFECT ONLY THE LAND OR STRUCTURE IN QUESTION AND NO OTHER SURROUNDING OR SIMILAR PROPERTIES?

Response: Yes. The existing location of residence on lot limits ability to construct an attached awning while meeting the current rear setbacks.
The variance request is based on existing placement of the home and the property's physical constraints.

2. WOULD LITERAL INTERPRETATION OF THE ZONING ORDINANCE DEPRIVE THE OWNER/APPLICANT OF RIGHTS COMMONLY ENJOYED BY OTHER PROPERTIES IN THE SAME ZONING DISTRICT?

Response: Yes. Strict enforcement of the rear setback would prevent the owner from having an awning installed which provides shade and weather protection, an improvement commonly found in South MS.

3. ARE THE SPECIAL CONDITIONS OR CIRCUMSTANCES NOT CAUSED BY THE OWNER/APPLICANT?

Response: Yes. The existing residence and its location on the lot were established prior to this improvement request. The need for the variance results from existing conditions of property rather than an action by current owner.

4. WOULD THE REQUESTED VARIANCE NOT GIVE THE OWNER/APPLICANT ANY SPECIAL PRIVILEGES OR RIGHTS NOT SHARED BY OWNERS OF SIMILAR PROPERTIES?

Response: Yes. Approval of the variance would simply allow a reasonable residential improvement that is consistent with the character of the surrounding neighborhood. It would not create a special privilege or provide advantage over similarly situated properties.

STATEMENT OF UNDERSTANDING

As the applicant or owner/s for the requested Variance in the City of Diamondhead, I (we) understand the following:

The application fee of \$100.00 must be paid prior to the acceptance of the application. Further, that if the application is withdrawn for any reason that the application fee is forfeited to the City of Diamondhead.

As the applicant or owner/s, I (we), or the designed representative, must be present at the public hearing.

That all information provided with this application is true and correct to the best of my knowledge.

That this application represents only property owned by me (us) and that any other adjoining property owners must apply for a Variance on his own behalf.

That all required attachments have been provided to the City of Diamondhead.

That additional information may be required by the Planning Commission prior to final disposition.

The City Council will not accept new case evidence once the recommendation has been made by the Planning Commission. If new evidence needs to be presented, the applicant will need to request that the matter be referred back to the Planning Commission for review.

The Public Hearing will be held on _____ at _____ p.m. in the Council Chambers of the Diamondhead City Hall.

If a continuance of the hearing is necessary at my (our) request, the request must be made to the Zoning Official a minimum of seven (7) days prior to the hearing. If such request is not made in writing, I understand that a new application must be filed and an application fee paid to the City.

If the application is denied by the City Council, a new application for the subject property may not be submitted for one (1) year from the date of denial.

STAFF REPORT – 646 APELEHAMA COURT VARIANCE

TO: Planning & Zoning Commission

FROM: Beau King, Building Official

DATE: August 19, 2026

SUBJECT: Variance request before the Planning & Zoning Commission – 646 Apelehama Court

NATURE OF REQUEST: Greenscape Brothers Inc., represented by Kirk Edrington, on behalf of Nathan Hopper, has filed an application requesting a variance from the Zoning Ordinance Article 3.4.8 to allow a covered patio within 15' of a rear property line. The property address is 646 Apelehama Court. The tax parcel number is 132A-1-03-010.000. The property is in a R-6 zoning district. The setback for a residence from the rear property line is 20'. The variance requested is 5'. The Case File Number is 202600586.

DATE OF PUBLIC HEARING: August 25, 2026 at 6:00 PM.

RECOMMENDATION: To **approve** the variance as petitioned.

The staff recommends approving the variance based on the following findings of fact.

- A. That special conditions and circumstances *do* exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures, or buildings in the same district. *the house is set further back of the road. The awning will match setback of swimming pool.*
- B. That literal interpretation of the provisions of this title *would* deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this title. *There are many homes which have covered awnings in the rear yard.*
- C. That special conditions and circumstances, if any, *do not* result from the actions of the applicant. *Conditions are created by the house orientation.*
- D. That granting the variance requested *will not* confer on the applicant any special privilege that is denied by this title to other lands, structures, or buildings in the same zoning district. *other similar variances have been granted.*
- E. The variance, if authorized, *will* represent the minimum variance that will afford relief and *will* represent the least modification possible of the regulation in issue. *15' rear setback for an open patio awning gives ample setback.*
- F. The Variance *does* observe the spirit of the Ordinance and *will not* change the character of the district (area). *Agreed.*
- G. The Variance *will* observe the spirit of the Comprehensive Plan. *Observed.*
- H. That the Variance requested *will not* result in any change in use or density of the subject property. *No change in use or density.*
