The public interest will be served by the City and County's participation in the public infrastructure and other public improvement and facilities costs of the Project. The Project will accomplish the following, which will provide for the public convenience and necessity and serve the best interests of the citizens of the City and the County:

(a) **Private Investment** Construction of the First Phase of the Project will represent a private investment of approximately \$4,600,000 on 2.2+/- undeveloped acres of the 14.73 +/- acres included in the TIF District with a positive impact of those funds into the local economy (the "First Phase").

(b) **Increase in City Ad Valorem Taxes** Increased City real and personal property taxes generated from the Diamondhead Medical Center Project are estimated to be as follows:

<u>Entity</u>	<u>Current Tax</u>	<u>Taxes After Improvements</u>	<u>Total Increase</u>
City (29.50 mils)			
Real Property	\$2,142	\$20,462	\$18,320

(c) **Increase in County Ad Valorem Taxes** Increased County real and personal property taxes generated from the Diamondhead Medical Center Project are estimated to be as follows:

School Dist. (49.53 mils)			
Real Property	\$3,596	\$34,354	\$30,758

(f) **Summary of Benefits**

- The Project and its economic effects will have a positive impact on the local economy related to increases in employment and new tax revenues, which will positively impact both the local citizens and the surrounding market trade area served by the City and the County.
- The Project will accommodate the medical needs of the City of Diamondhead's citizens through a new development of an upscale medical center and retail pharmacy that is convenient and safe for residents and patrons.
- The Project will create a newly positioned medical corridor, acting as a flagship catalyst for future medical facilities. The Project will act as a catalyst for additional complimentary development opportunities in the immediate vicinity such as additional restaurants, and other retail developments attributed to increased traffic and new employment.
- The Project will help the City of Diamondhead meet its goal to complete a foot path contiguous with existing commercial developments by providing for the construction of sidewalks and other public infrastructure to enhance the connectivity of the Diamondhead Center to the other businesses such as restaurants, entertainment and retail in the immediate area.
- The proposed facility is located in a unique location in regards to City utilities making the development cost higher than other projects, but the Project will provide funding resources to help the City expand their utilities and therefore improve opportunities for future commercial growth in the area.
- The Project is expected to result in a private investment of over \$4.6 million dollars in Diamondhead and will create 55-65 permanent full and part-time jobs upon completion with an **estimated annual payroll in excess of \$3,000,000 dollars**
- The Project will generate **new annual retail sales estimated** to reach Two Million Seven Hundred Fifty Thousand Dollars (**\$2,750,000**).
- The Project will substantially **increase property taxes** to an estimated Seventy-Nine Thousand Five Hundred Thirteen Dollars (**\$79,513**) for the City, County, and the local school district.

- The proposed Project could result in a **sales tax rebates from the State of Mississippi** to the City of Diamondhead in excess of Thirty-Five Thousand Six Hundred Thirteen Dollars (**\$35,613**) annually.
- The Project construction will significantly benefit the local economy with the purchase of building materials, hotel rooms, fuel sales, restaurants and directly benefit other local business and services in the market trade area.
- Once constructed the services from the Project will provide a convenience to the local community to have easier access to medical services and pharmacy products.
- The size and noteworthy appeal of the Project will accommodate the City's desire to realize a significant private sector investment being made into an area that has not seen any similar economic development in a very long time.
- This Project will make a significant contribution to the image and progress of the City's economic health based on its planned prominent location at one of the highest traffic locations near the City's main corridor.
- The Project will likely encourage additional investment dollars in the local trade area as private sector confidence is built on tangible Projects of the size and nature of this Project.

(g) Increase in State Sales Tax

Assuming that eighty-five percent (85%) of the projected Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000) of estimated first year retail sales are anticipated to be new tax revenues for the State, and in favor of the City; the First Phase of the Project will place approximately One Hundred Sixty-Three Thousand Six Hundred Twenty-Five Dollars (\$163,625) of additional new sales taxes in the State Treasury annually based on an adjusted value of Two Million Three Hundred Thirty Seven Thousand Five Hundred Dollars (\$2,337,500) net new gross retail sales.

(h) Increase in State Sales Tax Rebated to the City

The gross annual retail sales generated by the First Phase of the Project are anticipated to be approximately Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000) after the Project is completed, which will result in a sales tax rebate to the City of Thirty-Five Thousand Six Hundred Thirteen Dollars (\$35,613) annually. Assuming eighty-five percent (85%) of that number is new to the City, then the Project will provide an additional Thirty Thousand Two Hundred Seventy-One Dollars (\$30,271) to the City in sales tax rebates from the State.

ARTICLE II. PROJECT AND DEVELOPER INFORMATION

Section 2.01 Project Description

Marshall Land Holdings, LLC is proposing to build in its First Phase of development a new medical care facility in conjunction with Memorial Hospital in the City of Diamondhead on currently undeveloped commercial land. This Project includes an in-house compounding pharmacy that requires a specialized environmentally controlled space as well as a separate Love's full-service retail pharmacy including household goods, food products, and other services.

The newly proposed facility will be located on the corner of East Aloha Drive and Veterans Avenue. If developed, the medical care facility will include over 20,000 square feet of new facility space and will offer the citizens of Diamondhead new specialty medical services that are not currently available within the City.

The proposed facility will include a state-of-the-art medical facility and will provide citizens with a cancer care area, a new CT scanning lab, with diagnostic imaging, x-ray imaging, specialty pharmacy, and over twenty (20) exam rooms. The newly proposed development aims to accommodate the needs of an aging population while also increasing economic development opportunities for the surrounding area. The proposed development will accommodate over fifty-five (55) medical doctors and staff. The pharmacy will employ five to seven (5-7) full and part-time positions as well.

In addition to the medical facility, the development will also include a retail pharmacy that will generate new retail sales estimated at \$2,750,000 in the first operating year.

Attached hereto as **Exhibit II** are a map and legal description of Phase I and designated areas for future Phases of the TIF District from which the tax revenues will be generated to service the TIF Debt Obligations.

ARTICLE III. ECONOMIC DEVELOPMENT IMPACT DESCRIPTION.

Section 3.01 Job Creation

(a) Part-Time Construction Jobs

It is expected that the construction of the Project will create scores of construction jobs (estimated at 55-75 full and part-time jobs directly on site for the initial phase of construction) that will generate a significant construction payroll of approximately Three Million Dollars (\$3,000,000) that some of which will be spent locally, and have a positive impact on the economy of the City and the County. The First Phase of the Project is expected to take approximately 14 months of construction time to complete.

(b) Permanent Full and Part-Time Jobs

Upon completion of the total Project, it is expected that the Project will employ an estimated fifty-five to sixty-five (55-65) full time and part-time medical related employees with an estimated annual payroll of Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000.) An additional five to seven (5-7) full and part-time jobs will be created for the retail pharmacy as well.

Section 3.02 Financial Benefit to The Community

The Project is to be located on the corner of East Aloha Drive and Veterans Avenue in the newly defined commercial downtown district of Diamondhead, near the main entrance corridor to the City. It is expected to enhance commercial activity due to the increase in traffic from other market trade areas, and consumer spending that may otherwise not be concentrating in the area. The expected total retail sales in the first year from the Love's Pharmacy are estimated to exceed Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000), with future anticipated growth.

Sales taxes based on an 85% anticipated net new growth in new retail sales generated for the State are estimated to be One Hundred Sixty-Three Thousand Six Hundred Twenty-Five Dollars (\$163,625) annually, with tax rebates from the State to the City estimated to be approximately Thirty Thousand Two Hundred Seventy-One Dollars (\$30,271) annually based on 85% of the net incremental sales that are new to the City.

The following table illustrates the new potential sales tax that may be rebated by the State to the City based on an estimated eighty five percent (85%) incremental net increase in retail sales scenario as a result of the initial Phase of the Project.

Furthermore, it is anticipated that the Medical Center infusion services, imaging center and diagnostics specialty services will become a destination to draw on from areas in Hancock County, Pearl River County, and in the State of Louisiana based on its geographic location for new pharmacy sales and will positively appeal to potential consumers outside of the area and give them an opportunity to receive services and compounded specialized pharmaceutical products closer to home. Currently these services and products are only available in Harrison County and Louisiana.

The Developer anticipates that the First Phase of the Project will create new net sales tax revenue for the City that is currently being spent in other economic markets for specialty and retail pharmacy goods and services such as in the State's other coastal communities, Pearl River County and in the State of Louisiana.

<u>New Sales Assumption</u>	<u>Total Net New Sales</u>	<u>Total New State Sales Tax</u>	<u>New Tax Rebate to Diamondhead</u>
85%	\$2,337,500	\$163,625*	\$30,271*

*Note: Retail sales taxes are 7% in Mississippi, with 18.5% of the sales tax being rebated back to the City from the State of Mississippi

(a) **Ad Valorem Property Tax Increases**

Currently, property taxes generated by the undeveloped 2.2 +/- acre site that is included in the First Phase of the Project of the total 14.73 +/- acres site included in the TIF District are approximately Nine Thousand Two Hundred Ninety-Six Dollars (\$9,296) annually.

As a result of the First Phase of the Project, real and personal property ad valorem taxes on the 2.2 +/- acres could reach approximately Eighty-Eight Thousand Eight Hundred Nine Dollars (\$88,809). The following table illustrates the estimated ad valorem taxes before and after construction of Phase I of the Project:

ESTIMATED AD VALOREM TAXES

<u>Entity</u>	<u>Current Tax*</u>	<u>Taxes After Improvements</u>	<u>Total Increase</u>
City (29.50 mils) <i>Real and Personal Property Taxes</i>	\$2,142	\$20,462	\$18,320
County (49.01 mils) <i>Real and Personal Property Taxes</i>	\$3,558	\$33,993	\$30,435
School District (49.53 mils) <i>Real and Personal Property Taxes</i>	\$3,596	\$34,354	\$30,758
Totals (128.04 mils)	\$9,296	\$88,809	\$79,513

* The estimated taxes for the undeveloped 2.2 +/- acres represented in Phase I of the total 14.73 +/- acres is provided in the foregoing table are based on data provided by the Developer and the County Tax Assessor's office.

Section 3.03 Retail Sales Taxes

The expected total annual retail sales over the initial year of the Project are expected to be over Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000), with future anticipated growth as the market share growth occurs.

Total sales will represent at least 85% of net new incremental sales for the local economy. New sales taxes generated for the State as a result of this Project are estimated to be 85% of the projected first year retail sales, which is estimated to be Two Million Three Hundred Thirty-Seven Thousand Five Hundred Fifty Dollars (\$2,337,500) annually, with new tax rebates to the City estimated to be approximately Thirty Thousand Two Hundred Seventy-One Dollars (\$30,271) annually, based on the net incremental sales estimates of initial first year of the pharmacy's operations.

A summary of the net increase, based on a projected 85% of gross increase in State sales tax revenue, anticipated increases in retail sales for the City is provided below:

<u>Estimated New Sales*</u>	<u>New State of Mississippi Retail Sales Taxes*</u>	<u>New Retail Sales Taxes Rebate to City*</u>
\$2,337,500	\$163,625	\$30,271

*Assuming that eighty-five percent (85%) of the retail sales will be net new sales for the City, and are rebated to the City.

Section 9.01 Ad Valorem Tax Increases

The construction and development of the Project will generate significant increases in ad valorem tax revenues for the City, the County and the School District. The following are estimates of the new ad valorem tax revenues expected to be generated as a result of the First Phase of the Project:

ESTIMATED AD VALOREM TAXES

Section 9.02 Retail Sales Taxes

It is expected that the total retail sales from the initial Phase of the Project could reach approximately Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000) annually. Retail sales taxes for the State are anticipated to total One Hundred Ninety-Two Thousand Five Hundred Dollars (\$192,500), of which Thirty-Five Thousand Six Hundred Thirteen Dollars (\$35,613) will be rebated to the City. Assuming that eighty-five percent (85%) of the retail sales will be net new sales for the City (i.e., Two Million Three Hundred Thirty-Seven Thousand Dollars (\$2,337,000), this will be an annual increase of sales taxes of One Hundred Sixty-Three Thousand Six Hundred Twenty-Five Dollars (\$163,625). The net increase in the rebates to the City would be Thirty Thousand Two Hundred Seventy-One Dollars (\$30,271) annually. A summary of the increase in sales tax revenue is provided below:

Tax Increment Financing Plan Diamondhead Medical Center Diamondhead, Mississippi, 2021

PROJECT SUMMARY

I. Project Description and Location

Marshall Land Holdings, LLC is proposing to build a new medical care facility in the City of Diamondhead on currently undeveloped commercial land. This Project includes an in-house compounding pharmacy that requires a specialized environmentally controlled space as well as a separate Love's full-service retail pharmacy including household goods, food products, and other services.

The newly proposed facility will be located on the corner of East Aloha Drive and Veterans Avenue. If developed, the medical care facility will include over 20,000 square feet of facility space and will offer the citizens of Diamondhead new medical services that are not currently available within the City.

The proposed facility will include a state-of-the-art medical facility and will provide citizens with a cancer care area, a new CT scanning lab, with diagnostic imaging, x-ray imaging, specialty pharmacy, and over twenty (20) exam rooms. The newly proposed development aims to accommodate the needs of an aging population while also increasing economic development opportunities for the surrounding area. The proposed development will accommodate over fifty-five (55) medical doctors and staff. The pharmacy will employ five to seven (5-7) full and part-time positions as well.

In addition to the medical facility, the development will also include a retail pharmacy that will generate new retail sales estimated at \$2,750,000.

II. Private Investment

The project represents an estimated private investment in excess of \$4,600,000, which includes the cost of land acquisition, architectural, engineering, landscaping, infrastructure, construction, furniture, fixtures, equipment, and other soft cost.

III. Jobs

Construction Jobs: It is expected that the development will create 55 to 75 construction jobs and additional ancillary trade work during construction. The payroll associated with the temporary construction jobs is estimated to be in excess of one million dollars.

Permanent Full-time and Part-Time Jobs: Upon completion of the development of the Project, it is expected that the medical center and pharmacy will create approximately **55-65 full-time and part-time jobs** representing an estimated **payroll in excess of \$3,000,000 annually**.

IV. New Incremental Sales Forecast

Conservative sales projections for the new Medical and Professional Center expect retail sales associated with the Love's pharmacy to reach an estimated \$2,750,000 after completion.

Retail Sales Taxes (\$2,750,000)

The following table illustrates the new potential sales tax revenue for the City of Diamondhead based on the assumption that 85% of the pharmacy and medical retail sales will be net new sales for the City:

<u>New Sales Assumption</u>	<u>Total Sales</u>	<u>State Sales Tax</u>	<u>Tax Rebates to Diamondhead</u>
Estimated retail sales	\$2,750,000	\$192,500	\$35,613
Assumption of net new sales (85%)	\$2,337,500	\$163,625	\$30,271

V. **Property Taxes**

The First Phase of the Project will occupy a 2.2 +/- acre parcel. Currently, combined real and personal property ad valorem taxes to the city, county and school district total \$9,296.

As a result of this proposed project, the real and personal ad valorem property taxes could reach approximately Eighty-Eight Thousand Eight Hundred Nine Dollars (\$88,809)

The following is a tabular presentation of the anticipated increase in ad valorem taxes that could be generated for the City of Diamondhead, Hancock County, and the local school district by the development.

Estimates for real and personal property tax projections below after the proposed project are based on an *increase in the assessed* value of Six Hundred Twenty-One Thousand Dollars (\$621,000) for land, buildings, and FF&E as provided by the developer, the City, and the County's tax assessor's office.

Real & Personal Property Taxes Estimated

<u>Entity</u>	<u>Millage Rates</u>	<u>Current</u>	<u>After Project</u>
City Real & Personal Property	(29.50)	\$2,142	\$20,462
County Real & Personal Property	(49.01)	\$3,558	\$33,993
School District Real & Personal Property	(49.53)	\$3,596	\$34,354
Totals	(128.04)	\$9,296	\$88,809

- Illustration assumes use of 90% of the estimated permit value for the development to estimate the assessed value to illustrate real ad valorem taxes increases. Personal ad valorem tax estimates and increase assessed land values are not reflected above.

VI. Partial Listing of the Diamondhead Center Project Benefits

- The Project will accommodate the medical needs of the City of Diamondhead's citizens through a new development of an upscale medical center and retail pharmacy that is convenient and safe for residents and patrons.
- The Project will create a newly positioned medical corridor, acting as a flagship catalyst for future medical facilities. The Project will act as a catalyst for additional complimentary development opportunities in the immediate vicinity such as additional restaurants, and other retail developments attributed to increased traffic and new employment.
- The Project will help the City of Diamondhead meet its goal to complete a foot path contiguous with existing commercial developments by providing for the construction of sidewalks and other public infrastructure to enhance the connectivity of the Diamondhead Center to the other businesses such as restaurants, entertainment and retail in the immediate area.
- The proposed facility is located in a unique location in regards to City utilities making the development cost higher than other projects, but the Project will provide funding resources to help the City expand their utilities and therefore improve opportunities for future commercial growth in the area.
- The Project is expected to result in a private investment of over \$4.6 million dollars in Diamondhead and will create 55-65 permanent full and part-time jobs upon completion with an **estimated annual payroll in excess of \$3,000,000 dollars.**
- The Project will generate **new annual retail sales estimated** to reach Two Million Seven Hundred Fifty Thousand Dollars (**\$2,750,000**).
- The Project will substantially **increase property taxes** to an estimated Seventy-Nine Thousand Five Hundred Thirteen Dollars (**\$79,513**) for the City, County, and the local school district.
- The proposed Project could result in a **sales tax rebates from the State of Mississippi** to the City of Diamondhead in excess of Thirty-Five Thousand Six Hundred Thirteen Dollars (**\$35,613**) annually.

- The Project construction will significantly benefit the local economy with the purchase of building materials, hotel rooms, fuel sales, restaurants and directly benefit other local business in the market trade area.

VII. Project Feasibility/Assistance Requested

An extensive feasibility analysis for the Project reveals that public assistance is required; otherwise, the development cannot go forward. The following list highlights cost factors that render the development unfeasible without public participation in Tax Increment Financing to support the project.

- high cost of land acquisition
- extensive site preparation, earthwork, and required retaining structure needed for the access road, building site, and parking facilities
- increased building material costs due to specialized services and medical equipment foundation requirements
- development requirements related to public utilities that are not currently present

The following is a list of necessary infrastructure requirements and costs that will be financed with the requested TIF funds.

Access road and related expenses	\$18,688
Parking lot, sidewalks, and related improvements	\$385,100
Demolition, site work, retaining wall, earthwork, fill for parking and road work	\$165,032
Lighting, landscaping, and drainage (including a detention pond)	\$148,803
Utility connections, water, gas, 3 phase electric services, fiber optics	\$128,574
Professional TIF related fees (engineering, architectural design, legal, administration)	<u>\$155,000</u>
Total Estimated TIF Related Expenses	\$1,001,197

VIII. Tax Increment Financing (TIF)

The following **Table I** illustrates a proposed Tax Increment Financing scenario for principal sizing purposes with up to 75% of the incremental increase of the City’s real and personal ad valorem tax increases being pledged by the City, along with up to 50% of the sales tax rebates received from the State of Mississippi as a result of net new retail sales generated by the project, and up to 75% of the increase in real and personal ad valorem taxes received by the County towards the payment of the TIF Bond debt at an interest rate projected for illustration purposes of 5% for 15 years, with no debt reserve, holdback fund, or TIF Bond issuance fees reflected.

Table I

	<u>TIF Bond Issue</u>	<u>Estimated Annual Payment</u>	<u>Tax Increase Available</u>
<u>Terms:</u> 15yrs. @ 5% 75% City participation 75% County participation 50% sales tax rebates	\$564,366	\$54,372	\$72,179

NOTES: These estimates assume no debt reserve or hold back funds and reflect only the net projected increase in ad valorem taxes based on estimates of 90% of the estimated permit cost of the development that were provided by the developer, City, and County Tax Assessor’s office.

Unverified millage rates illustrated and used (City-29.50 County-49.01) with an assumed allocation, for principal sizing purposes, of up to 75% pledge commitment of increased amounts of City real and personal ad valorem property taxes and up to 50% pledge from the City of rebated sales taxes received from the State of Mississippi as a result of new retail sales generated by the project and originating in the TIF district as a result of the Project. Also, assumed is a pledge from the County of up to 75% on any incremental tax increase of real and personal ad valorem property taxes calculated using the millage rates designated towards the proposed TIF Bond debt service payments. An estimated 5% interest rate on a 15-year payout is also assumed in the example illustrated above with no debt reserve, TIF Bond issuance cost, or TIF Bond holdback funds reflected in the estimated values.
