Hello Greta,

I haven't been able to pass it by the Rep himself (It's been a very busy weekend and week) but as far as I and the other staff can tell it's good! We don't have anything that should be added. I'm still going to try to get it in front of the Rep today, but wanted to get you an answer before it was too late.

Best Regards,

Laib Allensworth

Hello Greta,

I'd be happy to review this, I'll also run it pass others in my office to see if there is anything we can add and get back to you shortly.

Best Regards,
