Subject: RE: Model 20

Dan I just heard back from factory if we act pretty quick or reasonably, we shouldn't see a freight increase at all even waiting for the unit and freight cost would be 5125.00.

Thanks Ty

Subject: spreader

The price on the model 20 spreader is 34,700.00 FOB to Wisconsin. I will get you the freight to Anchorage as soon as I get it from them. And just a reminder it's a 160 days out from the time you issue a purchase order

Thanks Ty
