RE: Notice of Protest – RFB 2026-03, Furnish Petroleum Fuels FY27

Dear Ms. Flynn,

Bristol Alliance Fuels, LLC dba Bristol Bay Fuels ("Bristol Bay Fuels") hereby formally protests the City of Dillingham's October 9, 2026 decision regarding RFB 2026-03, Furnish Petroleum Fuels FY27. Please accept this letter as our timely notice of protest under the bid documents and the City's procurement code.

Bristol Bay Fuels hereby authorizes the City of Dillingham to release our sealed bid for RFB 2026-03, including our pricing, to the public. We waive any confidentiality that may otherwise apply to our bid.

The basis for our protest is as follows. First, Bristol Bay Fuels can supply all of the products required under RFB 2026-03 and will not substitute #1 Diesel for #2 Diesel. Second, our bid pricing is based on a discount from the rack price, and the applicable rack prices were not determined until October 14, 2026. With our bid discount applied to those rack prices, Bristol Bay Fuels' pricing for this solicitation is \$6.899 per gallon for #1 and #2 Diesel and \$6.99 per gallon for unleaded gasoline. We ask that the City evaluate our bid on the basis of this pricing.

In light of the above, Bristol Bay Fuels respectfully requests that the City conduct a full review of the bid submitted by Bristol Bay Fuels and refrain from awarding the contract until this protest has been resolved. We also request the opportunity to be heard on this matter before the City Council or appropriate protest authority.

Should any questions arise, I can be contacted at 907-744-5072 (cell).

Regards,

Joseph Lo Sciuto
Chief Executive Officer
Bristol Alliance Fuels, LLC dba Bristol Bay Fuels
