

# INVITATION -- Tribal Victims Services Set-Aside Task Force

**Patty Heyano**

11:38 AM (4 hours ago)

BBNA received a FY2019 OVC Tribal Victims Services Set-Aside (TVSSA) grant to provide a men's shelter to serve the Bristol Bay Region. It has been on hold under Family Services, since it does not fit in with their programming. I took over the project recently and looking to implement it soon.

A Task Force is needed to guide development of this new program, approve the operational documents, and review the program performance. The partners sought for Task Force membership include, but is not limited to:

- Tribes
- SAFE
- Behavioral Health
- BBNA Reentry Program
- Alaska State Troupers
- Local Public Safety (VPSOs, VPOs, City Police)
- Representative of the population served
- Others suggested by the Task Force

To save precious time, I drafted the policies and procedures, forms, handouts, MOU, task force protocols, etc. for review and approval by the TVSSA Task Force. I welcome any and all input and have put these documents in a Microsoft Teams group, and Task Force members will be given access.

Please select a delegate and an alternate to serve on the Task Force and provide names and email addresses.

Name	Email Address
Delegate: Dan Pasquariello	chiefofpolice@dillingahmak.us
Alternate:	

After we get a few more members, we will set an initial meeting date.

Thank you for considering serving on the TVSSA Task Force.
