

2026 Season Summary:

- Successfully deployed Harbor Docks
- Waterline feeding Harbor docks was frozen until mid-June. When thawed, discovered that it had burst and shut it off until repairs can be scheduled
- Only one vessel sunk (twice) and another sinking vessel that we responded to assist. Prevented it from sinking and deployed absorbents in water.
- No reported vandalism of the bath house
- Two connecting pins broke took approximately 5 days to repair due to tides and wind
- Ice sales minimal
- 254 fishing vessel Harbor Stickers sold so far (most since 2019)
- Serviced over 70 additional fishing vessels
- 143 skiff stickers sold
- FY26 Harbor Sticker revenue up 30% from FY25
- Dock freight down about 30% from 2025*
- Amount of fuel pumped up 33% from 2025**
- Around 200 40ft seafood containers exported (2025: 371)
- Dock revenue down approximately \$4,000 from this time in 2025*

*Keep in mind the large movement of equipment out of Dillingham last Spring for the runway project in Naknek that will be returning either this fall or next spring

**Nushagak Co-Op will be receiving their winter fuel this Fall as well
