thank you for your time.

due to its age, current physical condition, and low marketability, i recommend the assessed valuation of \$44,900- be adjusted to \$15,000-

after your review, i would appreciate your advisement as to whether you agree/disagree with the recommendation.

should you agree, i will consider the appeal resolved and no further action need be taken. should you disagree, i will forward the appeal to the board of equalization for their consideration and final determination. the board is s scheduled for 14 may 2025. please check with the clerk's office for specific information if you decide to proceed to the board. thank, you. i look forward to hearing from you soon.
