To DLG City Clerk <cityclerk@dillinghamak.us>

Cc fishingbear <fishingbear@rockisland.com>

Hello City of Dillingham, Board of Equalization and whomever it may concern,

I'm writing in regard to your accusations that I have had property (an aircraft) in Dillingham (which I have not) that you have wrongfully given both an Account No. 104707 and wrongfully given it a Property ID of 104707-001 for something that has never existed and then sent me a wrongful and bogus Tax Bill, again for something that has never happened or existed. **I don't believe that we live in a country where any government entity can make up whatever they want to and then apply make-believe taxation requests. World war two ended that type of government reign.**

Government or not, what right do you have to make up an Account No. and a Property ID falsely for "property" that never existed and for the City Of Dillingham to make these gross property assumptions and a tax bill?

Your letter of August 21, 2026 asks very righteous questions as well as makes very wrongful requests that a reasonable person who's had no property in Dillingham could consider harassment. Or is it prejudice, bigotry or simple City Government mismanagement?

As a courtesy I'll answer your questions 1-5 from the City Of Dillingham letter of August 31, 2026 and then I'm done with this harassment.

1.) As I mentioned in my previous letter to the City Of Dillingham I live 50 miles out of town, floatplane accessibility only and I only get to Dillingham a few times each summer for a few hours each time between June and October. From October to June I am NEVER in Dillingham and do not get random solicitations like letters from the City of Dillingham. So the very first that I would have been aware of the City of Dillingham's March letter would have been in July some time, quite a while after your manipulative "deadline" of 30 days.

2.)

The specific circumstances that prevented me from filing within YOUR deadline were:

a) Didn't get your March letter until July sometime which of course was several months after YOUR deadline and then I didn't get back to town again (have to fly in a floatplane) until late August. I do not live in the same city life box, nor have the same daily routines, nor the same technological or communicative needs that a lot of city people have and that the City Of Dillingham must ASSUME everybody lives like. A reasonable person with any Alaska background and a bit of common sense would know that there's a lot of people in Alaska that do not get to town very often. Some of us also have very real logistical and weather variables to contend with in our travels and timing in order to get to town the few times each year that we do.

3.)

Nothing was beyond my control. It's quite simple, I was not in Dillingham, I didn't get the City Of Dillingham letter and I made contact with the City once I had the letter and I was able to have the time and the weather window to fly back into town. I have done my best as a "reasonable person" contacting the City of Dillingham in a timely manner given I have to fly to town in a floatplane to correspond with the City Of Dillingham. I honestly think the City Of Dillingham should be responsible for their actions and their insistent requests and the resulting costs incurred by innocent people. The City of Dillingham is going to owe me a lot of money for the stress, the headaches and for my flight time and fuel costs if this ridiculousness over something that never existed continues.

* Note: The City Of Dillingham uses the term "reasonable person". What kind of righteous, bigoted, prejudiced management is in the City Of Dillingham to make a statement like that? Who are you to assume and make judgement of what is reasonable and what is not?

4.) No circumstances have ended. Simply my bush lifestyle doesn't fit in the City Of Dillingham's "box" of how their "reasonable person" should live, act and conform.

5.) It's simple FACT: I do NOT live in, nor have I ever had ANY real or personal property in Dillingham. *If I've never had property of any kind in Dillingham how in the heck do you expect me to prove something to you that has never existed!*

Like I said in my first letter to the City Of Dillingham. You show me ANY proof that I've ever had any kind of property in Dillingham as you are accusing me of and I will pay the tax bill 10X.

Otherwise, stop the harassment and start realizing that the era of Hitler and wrongful made up accusations is way behind us.

The City Of Dillingham needs to rethink how they are treating people, accusing people, harassing people, it's not right nor is it American to accuse people wrongfully as the City Of Dillingham seems to be making a practice of doing.

In hopes that the City Of Dillingham takes this constructively I'm letting you know that basically your entire community doesn't think very highly of the way the City Of Dillingham is being managed.

In the City Of Dillingham's letter of August 31, 2026 on page 2 it states that I may submit this via Email to cityclerk@dillinghamak.us

You may accept this Email as a signed response to any and all of your requests, wrongful assumptions and erroneous Dillingham tax bill for something that's never existed.

Unless your communists, prejudiced or bigots you can send your apologies for your assumptions and accusations to my email at: fishingbear@rockisland.com

Very Sincerely, Justin Johns

Box 1344, Dillingham Alaska 99576
