How Libraries Can Keep Loaner Devices Safe With The New Emergency Connectivity Fund Program

In an effort to bridge the digital divide, part of the American Rescue Plan Act (ARPA) of 2021 includes \$7.17 billion for the Emergency Connectivity Fund (ECF) program. This program provides funding for public and tribal libraries and K-12 schools to purch..[read more](#)

Upgrading your wireless hardware but don't want to disrupt your current standardized insights? The WhoFi analytics solution works with almost any wireless network equipment. The insights available through WhoFi go beyond the function of wireless equipment. Learn more about how our solution works across different wireless hardware [here](#).
