Street Use Permit Application

BMO Harris- Hot Chocolate

Recommendations by: Chief of Police Brandon E. Wilhelm

Event Date(s): November 30th, 2024 5:30 p.m-7:00 p.m.

Public Safety Impact

The use of mapped streets for this event causes little or no issues of concern for Public Safety, due to the precautions listed throughout the application, the location of event, and the concurrent parade.

Traffic Movement

Barricades will be utilized to prevent traffic flow into the event area at the intersection of W. Chapel St/N. Iowa St. and W. Chapel St./Montgomery St. Travel will therefore not be open to vehicular traffic in the 100 block of W. Chapel St. Other adjacent streets should not be impacted. No specified detour is necessary. Vehicles normally travelling on W. Chapel St. are still able to access any residences or routes via alternative methods such as Diagonal St. to Montgomery St.

Police Protection

This event will require police traffic control and/or presence as it runs concurrently with the Holiday Parade.

Crowd Control

This function involving participants is of minor concern given the estimated crowd at this time.

State Highway Closure

This regular application does not include State Highway Use.

Parking

Parking will not be permitted at event location (100 block W. Chapel). This eliminates approximately 4 parking spots on W. Chapel St. Parking will take place on the adjacent streets and we do not expect any issues.

Emergency Vehicle Access

Emergency vehicle access will not be available in the 100 block of E. Chapel St.. There is no adjacent private property (i.e. residences) which would be impacted. Entry into the event via emergency services is only slightly impacted by the barricades mentioned within the application.

Recommendation

It is my recommendation to the Dodgeville Common Council to approve a street use permit as anticipated.
