- Summer Gymnastics (277 enrolled)
- Swim Lessons (84 enrolled in session 1)
- Water Aerobics – drop-in attendance
- Baseball and Softball games
- Adult Pickleball Lessons (9 enrolled)

What I Have Been Up To

- I attended Wisconsin Parks and Recreation Association Region III Meeting in Columbus. Connected with other Recreation professionals, discussed challenges and programming trends as well as listened to a presentation regarding relationships between Administration and Rec professionals.
- Our first four fence signs are up at Harris Park! If you get a chance, drive by and check them out.
- I am collaborating with the Library, Chamber of Commerce, School District, Merrimac and Main, Upland Hills Health, and Exhale Fitness. We all had our first meeting to see how we can support each other and our programming. A big result from the first meeting was to direct our programming and events to be on a community calendar. We are looking forward to meeting again in June to explore other ways to support each other.
- Pool opens June 1st! Megan and Alisa have been meeting a lot throughout the last few weeks in preparation.
 - Staff went through CPR training as that is now an annual requirement
 - Alisa trained pool staff on expectations of the pool this year
 - We are hosting a Summer Kick-off Pool Party on Friday, June 5th which will include DJ, games, etc.
 - I have been updating the pool pass process, as well as working on getting a Rec Desk app capable of making some of our check-in processes easier at the pool.
- Softball and Baseball games have started – concession stands are open and staff is good to go!
