Attachments: ReynoldsLegal.pdf; DodgevilleDesignReviewApp.pdf

Emily and Barry,

See email from Angie. She will be sending me some examples of the finished product hopefully before Monday. I don't have a copy of the plans for the sign available to send you right now, but I will first thing Monday.

1. Discussion and possible action to approve Design Review Application from Lamar Advertising for sign located on parcel 1206 N Bequette St, parcel #216-1132.A.

Thanks,

Dylan Wadzinski
Director of Public Works

Thanks Dylan!

Attached is the form and the full legal description for that parcel. I will get you some photos and/or videos of comparable signs, but truthfully, it won't look much different -- just crisper and cleaner. There are no movements, flashing, scrolling, or anything of that nature. It simply switches in the blink of an eye.

I'll see what I can get together for you tomorrow from our digital team.

Thanks!!

Angie

Angie,

I have attached a filled out copy of the Documentation of Zoning form as well as our zoning map and zoning code.

This sign will need to go through our Design Review Board for approval. Our next meeting is 11-25-25. Please fill out and return to me the attached Design Review form.
