Well #8 - Inspection and Rehabilitation Quotes

Quotes were solicited from CTW and Peerless (now Municipal Well and Pump) for pulling Well #8 for inspection and televising. DNR recommends this occur once every 10 years. Our records show Well #8 was last pulled in 2003.

Base Scope:

Mobilize, remove pump and column pipe, complete pumping equipment components inspection, and televise well for condition assessment

	CTW	Municipal Well and Pump
Base Scope Cost	\$15,940	\$22,500
		\$1,200
	\$15,940	\$23,700
Additional Options (TBD)		
Primacord Blasting	\$6,460	
Chemical Rehab	\$27,750	
Water Lube Pump	\$62,490	
Submersible Pump	\$54,209
