Historically, there has been two swim team practice times available. Are you open to having ONE swim team practice daily (instead of two)?

 Copy

22 responses

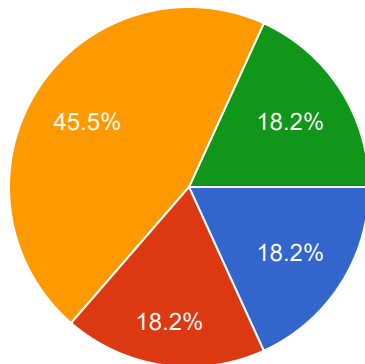

- Yes, I am open to having one swim team practice offered similar to other sports.
- No, I prefer to have the option of a morning or afternoon practice for my family to participate.

If there was one practice time offered each day, what would you prefer?

If bus transportation was offered to Dodger Care after swim team practice, would this be something you would use?

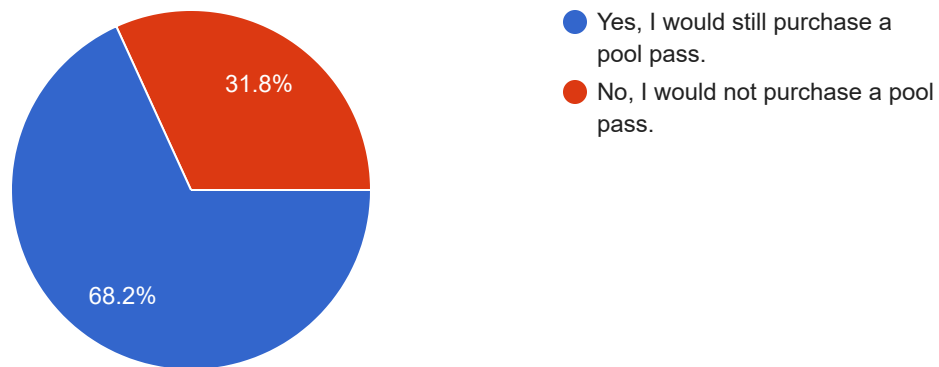

22 responses

Purchasing a pool pass is a requirement for all swim team participants. Would you purchase a pool pass if you did not participate in swim team?

22 responses

If you chose "No" to purchasing a pool pass above, please share why.

7 responses

We have access to other swimming locations, so the pool pass is only for swim team

We don't visit the pool recreationally enough to justify the cost of the pool pass.

If my kids are not in swim team, we do not use the public pool as much.

We probably wouldn't get enough use out of it of not for swim team

I come for Swim Team and Lifeguard so don't have much time to come just to swim.

Would probably not be using the pool if not on swim team (have access to family pool).

The cost (we live in the township), we don't live near the pool, and we have a pool at home for fun and cooling off.

What is your MOST favorite thing about Swim Team?

Great exercise for the kids when it's hot out

Last year was amazing that the coaches got in the water with the kids to demonstrate skills. My daughter and son grew so much in one season.

It is such a positive and encouraging sport. Such a great skill too. Gives my child a chance to be in the pool every day and is great exercise. He loves it, which is the most important thing!

Hanging out with friends

The staff ❤️

The coaches are great mentors and all kids have the chance to grow and improve.

The fact that there's an option to go morning practice or afternoon. Sometimes when the weather is going to be bad in the morning, we have option to go to the afternoon or vice versa. Also, when the other sports overlap, we have option to do morning practice and still attend practice to the other afternoon sports.

The enjoyment my kids get out of it

Building my children's swimming confidence and love for swimming with their friends.

Every child has the same opportunity to compete.

Meeting new people

Confidence and skills my children build

Positivity

The kids getting to cheer each other on

Friends and swimming

Love going to the pool everyday with my kid.

Friends

My kids love swimming and they enjoy the challenge of competitions in a friendly and supportive environment.

The confidence it gives kids in and out of the water and the flexibility of attendance at practice and meets.

"Meets" & "getting to different levels and friends"

Spending time with friends

That the kids build their endurance and challenge themselves while being supported by an awesome team.

What is your LEAST favorite thing about Swim Team?

22 responses

-

People not volunteering their fair share - major imbalance, but last season was definitely better with the deposit

Nothing

Figuring out how to get him to practices every day when both my husband and I have work during the day. It's been a major stressor, and I've often had to rely on other people which is not optimal. But my son loves it, so I always try to figure it out.

Swimming butterfly

Attempting to get to practice.

The team suits are not offered in multiple styles or size inclusive.

Not for me but my kids lease favorite thing is everyday practice. Maybe if they have Monday off so they could still feel like they have weekend when the tournament starts. I feel same way.

Having to work while my kid competes

When things get cancelled. But we understand that weather cannot be controlled.

Its time consuming

Away meets

?

Short practice times

When swim practice is at a silly time like any of the ones listed above. Swim practice should be right before open swim especially for the younger ages.

Weather cancellations

Sometimes, practices can get repetitive. When coaches work more on form, flip turns, and breaking strokes down into parts, it is helpful. Small adjustments in stroke can make a big difference.

Larger meet take too long

"Butterfly " & "doing down and back"

Viewing area for spectators

Nothing, its great.

Please add any additional comments you think might help us in our planning for the 2026 season.

None

I have concern of the first and last time slot options being too cold and too late, respectively, for the younger kids, which is a huge number of participants

Swim practice time early evening would be better than later as our other kids have games during the 730 timeframe.

I would be hugely in favor of evening practices!! This would lift so much stress from me. Any time after 5 would be doable for our family.

Compare softball and baseball schedules with swim team schedule to make sure things don't overlap

Love the idea for bussing.

I would just want to say, I hope there will be a more experience coach this season. (Like the once last year)

I truly think the current evening practice time is the best time. Parents are home from work and young kids can stay on their schedule. I love having a city team and that my daughters both want to participate.

none at this time.

-

IDK?

None

Would like to keep 2 practices

All of the times listed above are absolutely awful for families with small children. Last year the afternoon swim practice from 4-5 or whatever was perfect and should be maintained if possible. People have to work and we cant stay with the children we want to be with if they are in the middle of the day.

Would be able to do practice during the day if transportation is provided to/from dodgercare. Otherwise would need to be late afternoon (after work).

Other times: 6-7 PM

We liked the afternoon practice time (4:30-5:30) the best so we could go to open swim and then be there for swim team. With varying ages and activities amongst the swimmers, it was nice to have 2 options. My kids would also occasionally attend 2 practices. In the past the most attended time was the afternoon. I also found it nice that 2 practices meant less swimmers at each practice and more individualized coaching.

"Don't do down and back" lol 😊

Loved how Liv and Anna got in the water and actually spent time correcting form and making it fun. Not just swimming back and forth

We like the afternoon swim team time of 4:30-5:30, because the kids enjoy swimming before or after swim team at open swim with their friends.
