Jose Grijalva, Mayor
Douglas City Council
425 10th Street
Douglas, AZ 85607

Re: Submission of Petition Regarding the Douglas Streetscape Plan

Dear Mayor Grijalva and Members of the City Council:

I am submitting the enclosed petition on behalf of business owners located on G and F Avenue as well as numerous Douglas residents, and community stakeholders who share concerns regarding the current direction of the Douglas Streetscape Plan. The signatories believe that several elements of the proposal warrant further public review and discussion to ensure that any improvements implemented truly support the long-term needs of our community. There needs to be more transparency.

The petition outlines specific issues raised by local citizens, including anticipated impacts on traffic circulation, the extent of sidewalk expansion, potential challenges for downtown businesses, and the level of public involvement in the planning process. While many in our community welcome efforts to beautify the appearance and functionality of our city, there is a strong desire to ensure that these changes are carried out thoughtfully, transparently, and with broad community input.

Under *Article II, The Mayor and Council, Section 19: Consideration of Petitions*, which requires written petitions to be reviewed and acted upon at the next regular Council meeting, we respectfully request that this petition be placed on the appropriate agenda for formal consideration.

Our community values progress but also wishes to ensure that development efforts reflect local needs and preserve the accessibility and character of our downtown. We hope the Council will consider the concerns expressed by the signatories and engage in further dialogue with residents and business owners before moving forward.

Two council members had been in office less than a month and voted for the concept. They did not have an opportunity to ask questions or confer with their constituents.

Thank you for your attention to this matter and for your continued service to the City of Douglas.

Respectfully,
Ida Ann Pedregó 
On behalf of the petition signatories

Petition Regarding the Douglas, AZ Streetscape Plan

To: City of Douglas Mayor and City Council

Subject: Community Concerns Regarding the Proposed Streetscape Plan

We, the undersigned residents, property owners, business owners, and community members of Douglas, Arizona, respectfully submit this petition to request reconsideration and community-involved revision of the current Douglas Streetscape Plan.

Two council members were in office less than a month when they voted to approve this project. They did not have adequate time to conduct due diligence, review plans, ask questions or confer with their constituents prior to voting.

While we support efforts to beautify the appearance, safety, and economic vitality of our city, we have significant concerns about the current proposal, including:

1. **Removal of the turning lane on G Avenue**, which is expected to increase congestion and disrupt traffic access.
2. **The widening of city sidewalks**, which may reduce roadway functionality and contribute to traffic issues. Cost of cement, not cost effective.
3. **Potential negative effects on downtown commerce** during construction and after project completion.
4. **Insufficient community input and unclear communication** regarding the project's details, impacts, and long-term plans.

We respectfully request that the City of Douglas:

- Pause or modify implementation of the current streetscape plan until additional public feedback is gathered.
- Hold well, publicized, time that accommodates the community meetings or workshops to ensure residents and businesses can meaningfully participate in shaping the plan.
- Provide transparent information regarding project costs, timelines, design decisions, and projected impacts.
- Explore alternative design options that improve the city while preserving accessibility, supporting local businesses, and maintaining the historic and functional character of our community.
- Spanish translation and allow time for questions and answers

In accordance with **Article II, The Mayor and Council, Section 19: Consideration of Petitions**, which states:

"Any citizen of the City may appear before the Council at any regular meeting and present a written petition. Such petitions shall be considered and action taken thereon by the Council at the next regular meeting."
(Amended 3/10/98)

Our goal is not to block progress, but to push for redevelopment that truly serves the community—supporting local businesses, protecting safe and functional public spaces, and reflecting the needs of everyone. We call on city leadership to collaborate with stakeholders and urgently revise the streetscape plan to prioritize the people of Douglas.

We, respectfully, submit this petition for formal consideration and request timely action as required by the City Charter.

Respectfully,
Ida Ann Pedregó
Business Owner
