**EXECUTIVE SUMMARY:**

Mayor, Council and Staff would like to thank all the staff and volunteers involved in helping the community during the storms that affected Douglas on July 22 and July 23, 2021.

**BACKGROUND:**

Staff members prepared approximately 3,500 sand bags for community members to pick up at the City of Douglas shop. They also helped with cleanup efforts of our streets, washes and right of ways, responding to calls for service, and helping wherever it was needed.

**DISCUSSION:**

We also received other agencies' support that included NPL and Southwest Gas. More importantly we received assistance from community volunteers who just showed up wanting to help. Mayor and Council are very appreciative of the people that helped each other. The Douglas community comes together as ONE when the community is in need.
