50	Bond	1.00	LS	1,390.00	1,390.00

GRAND TOTAL   **$140,390.00**

NOTES:

- Proposal is based upon the following Scope of Work:KE&G Construction, Inc. suggestion on how to repair this portion of Washington Ave.
Based on the current elevations the profile of this intersection of Washington Ave. and Hohokam Dr. we will need to adjust the grade in all directions to get the water to drain to the basin west of Washington Ave.

-Quantities are estimated, additional costs will be incurred for increased quantities. Reduction in quantity will be analyzed in a case by case basis to see if there are actual cost reductions.
- Prices are based upon execution of a mutually acceptable Contract
- Any increases in materials pricing included in this proposal, which is beyond our control, will be passed on to the owner.
- Price excludes: Engineering, Survey, Material (QA/QC) Testing, SWPPP, Site Stabilization, Over-Excavation, Landscape Establishment, Seeding, Herbicide, and Permits.
- Proposal includes: Labor, Equipment, Materials, Supervision, and Taxes.
- Price shown DOES NOT include Performance and Payment Bond. Add 1% if bond is required.
- Due to existing grades and conditions, we will not be responsible for 100% drainage of surface water following resurfacing as we do not know surrounding drainage conditions, based on this proposal and our knowledge of constuction we believe we can help reduce the drainage issues in this intersection.

- Pricing is valid for 30 days
