

Support the Douglas Marina/Park Restroom Project

An Investment in Our Waterfront Community

Few places capture such a spectacular view quite like the Douglas Marina/Park. From boaters enjoying the waterways to families enjoying a stroll along the waterfront, the marina/park serves as a welcoming gateway to our community. As more residents and visitors enjoy this treasured asset, the need for modern, accessible restroom facilities has become increasingly important.

The Douglas Marina/Park Restroom project is more than a construction effort. It is an investment in the future of our waterfront, our local economy, and the overall experience of everyone who visits the marina/park. Restroom facilities will provide comfort, convenience, and accessibility for boaters, kayakers, families, and guests exploring the beauty of the lakeshore.

A well-maintained marina/park encourages tourism, supports local businesses, and enhances community pride. Clean, accessible restrooms are among the most requested amenities at public waterfront facilities, and they play a vital role in creating a positive experience for visitors. Whether someone is spending a day on the water or enjoying one of Douglas's many community events, quality facilities help ensure their visit is memorable for all the right reasons.

Community support is what makes projects like this possible. Every donation, regardless of size, helps bring this vision closer to reality. Contributions demonstrate a shared commitment to maintaining the marina/park as a welcoming destination and preserving the qualities that make Douglas such a special place to live and visit.

By donating to the Douglas Marina/Park Restroom project, you are helping create a lasting improvement that will serve residents and visitors for years to come. Your generosity will leave a tangible legacy, enhancing the waterfront experience and strengthening an important community resource.

Together, we can build facilities that reflect the pride, hospitality, and community spirit that define Douglas. Please consider making a donation and becoming part of this exciting project. Your support today will help ensure that future generations can continue to enjoy all that the Douglas Marina/Park has to offer.

Restroom Project Goal - \$400,000
