

*The Village of Friendliness – Since 1870*

**To: The City of the Village of Douglas City Council**

**From: Lisa Nocerini, City Manager**

**RE: Michigan Municipal Risk Management Authority Presentation**

**Date: Monday, May 6<sup>th</sup>, 2024**

---

MMRMA is a leading provider of risk management and insurance services tailored specifically to municipalities across Michigan. With a strong focus on protecting public entities and promoting safety and well-being within our communities, MMRMA brings a wealth of expertise and resources to support our city's risk management efforts.

In recognition of the importance of ensuring the safety and security of our city's operations, I have invited Tim McClorey, Risk Manager from the MMRMA to present to the City Council. The presentation will provide valuable insights into MMRMA's range of services, including but not limited to:

- **Risk Assessment and Mitigation Strategies:** MMRMA offers comprehensive risk assessments and customized risk management plans to help municipalities identify and address potential liabilities and exposures.
- **Training and Education Programs:** MMRMA provides access to a wide array of training and educational resources designed to enhance employee safety, reduce accidents, and promote a culture of risk awareness and prevention.
- **Claims Management and Legal Support:** MMRMA's experienced claims management team offers prompt and efficient handling of claims, as well as expert legal support to navigate complex legal issues and mitigate potential liabilities.
- **Property and Liability Insurance Coverage:** MMRMA offers competitive insurance coverage tailored to the unique needs of municipalities, providing financial protection against a wide range of risks and uncertainties.

I believe that MMRMA's expertise and services align closely with our city's commitment to effective risk management and operational excellence. Their presentation to the City Council offers an invaluable opportunity for us to learn more about the resources and support available to enhance the safety and resilience of our community.

The City Council will also be asked to approve a contract with the MMRMA to provide municipal and liability property coverage from July 1, 2024, to June 30, 2025, under new business at this council meeting (May 6, 2024), so that we can ensure that we have time to work on the onboarding process with the MMRMA.
