Good afternoon!

Please find attached a permit to install an informational kiosk to the left of the John Bell House (43 The Green). Below is additional information that may be needed:

- Purchasing online from Displays4Sale: <https://displays4sale.com/collections/outdoor-bulletin-board-with-posts/products/outdoor-cork-board-message-center-single-door-with-posts-left-hinged-sizes-refer-to-viewable-area>
- It will be installed by Killens Pond State Park maintenance
- 36"x36" viewable area which results in a 42.75"w x 44.25"H sign needing 2 posts at 120"H (3' of that in the ground, the sign portion would stand 75.75" off the ground)
- Sand or weathered wood finish with standard cork backing inside.
- It is made of eco plastic to have the appearance of wood
- Used to hang posters for events, park information and flyers which is needed for our site
- It would be placed in the lawn to the left of the John Bell House, slightly away from the house itself and a couple feet back from the fence.

Let me know if there are any further questions or concerns. Thank you!

- Post is attached to the case through the bottom. Pre-drilled holes will be provided on the posts for easy display case mounting
- Post should be secured at least 3 feet into the ground for proper support.

Lighting Options

LED LIGHTS BRIGHTER & LONGER LASTING

Go GREEN with our energy saving LED Lights. Interior LED Lights are positioned on the interior to SPOTLIGHT; your posters, signage, postings, menus, and other printed announcements. LED lights are long lasting, and energy efficient. Choose from Top Lit, 2 Longer Sides or the Entire Interior Perimeter for LED Lighting placement.

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

****We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).**

We offer THREE LED Lighting Options as detailed below;

TOP LIGHTING (ONE SIDE)

For this option we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

TWO LONGER SIDES

For this option we place an LED strip light along the 2 longer sides of the interior display case. The light will shine from 2 sides of the interior case, bringing more highlighting to the contents inside.

INSIDE PERIMETER (ALL 4 SIDES).

For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.

Description

The Height of Visibility

With its Weather Resistant Bulletin Board Cabinet construction and standing tall on one post, this Outdoor Message Center is ideal for numerous exterior locations, including Camps, University Campuses, School Grounds, Hiking Trails, Parks, Zoos, Botanical Gardens, County Fairs, Restaurants, Community Centers and any other location in need of an Outside Enclosed Information Board.

Outdoor Message Center, Eco-Friendly and Maintenance Free

Recycled Plastic gives this outdoor information board the edge over other outside wood display cases. Unlike other exterior natural wood framed notice boards, our Exterior Bulletin Board Cabinet will never

Rot, Crack, Split, or Decay. In addition, Eco-Design Faux Wood Polyethylene Construction is made into highly-dense plastic lumber impervious to Water, Chemicals & Insects.

Outdoor Information Boards in 6 Weather-Treated Finishes

Give your outdoor enclosed bulletin board display the right look for your outdoor setting. Choose from 6 Faux Wood Style Finishes in Sand, Light Grey, Weathered Wood, Woodland Green, Cedar, and White.

Optional Vinyl Covered Cork Board is Available in 5 Colors

Left-Sided Hinged Door and Front CAM Lock

The outdoor enclosed bulletin board single door with Single Post features a solid continuous left-sided hinge allowing the outdoor information board to open and close quickly. A Front CAM Lock and Break Resistant Acrylic Window help protect the message display board from unwanted entry and tampering.

Free Standing Outdoor Information Boards

Made in the USA
