What is the Lookerman Street Design Charrette?

A design charrette is a series of collaborative meetings, activities, and discussions between residents, business owners, and others in the community to identify needs and brainstorm ideas for improving the street.

How can you participate?

Attend the **public open house and presentation Monday, May 13, at 5:00 pm** at the Hive (28 W Lookerman Street) to tell us your vision for Lookerman Street!

Eat lunch along Lookerman Street on Wednesday, May 15, and engage with project materials. Or **stop by before dinner to learn about charrette outcomes at 5:00 pm** at the Hive! There will be raffles and activities throughout the day!
