Re: 350 Lafferty Lane Flex Facilities
Waiver Request for Upright Curbing

Dear Ms. Oehmke,

On behalf of Dover Industrial, LLC, the developer for the above referenced project, we respectfully request a waiver for the use of curb for part of the project. As you will see in the plans provided, we have provided curbing in most of the areas. However, there are areas that will utilize sheet flow across the parking lots directing runoff to the SWM practices to be effectively treated.

Please accept this request as a part of the commission's approval of the project.

Sincerely,

Kevin Aydelotte
Project Manager
Parker and Associates
