Project Challenges and Resolutions During the Past Period

- Consideration and coordination to determine feasibility of outlets on illumination poles in Stephenson Lot. Ultimately determined to proceed with a dedicated metered service and load center panelboard with circuit breakers required for the parking lot illumination and parking lot WPI/GFCI receptacles. The parking lot GFCI receptacles, associated underground conduits, conductors, WPI/GFIC receptacles, WP boxes, and WP box supports will be an add alternate design within the electrical plans.
