Planning Department Staff Report

ZA2022-0001

Background

While the property is currently in the ETJ, the default zoning district if it is annexed is Agriculture “AG”

Per Ch. 30 Exhibit A, §3.5-3.6

- **AG – Agriculture:** *The AG, agriculture district is designed to permit the use of land for the ranching, propagation and cultivation of crops, small-scale horticultural enterprises, and similar uses. Single-family uses on large lots are also appropriate for this district. Territory that has been newly annexed into the city is initially zoned agriculture. It is anticipated that some portion of agriculturally zoned land may eventually be rezoned to another zoning classification in the future.*

The applicant is requesting a zoning amendment to Single-Family Residential Moderate Density “SF-2”

- **SF-2 – Single-Family Residential Moderate Density:** *The SF-2, single-family residential district is intended to provide for development of primarily moderate-density detached, single-family residences on lots of at least ½ acre in size.*

This request is being heard concurrently with an annexation request for the same property. At their meeting on April 19, 2022, the City Council gave direction to staff to proceed with the annexation request for the property.

Analysis

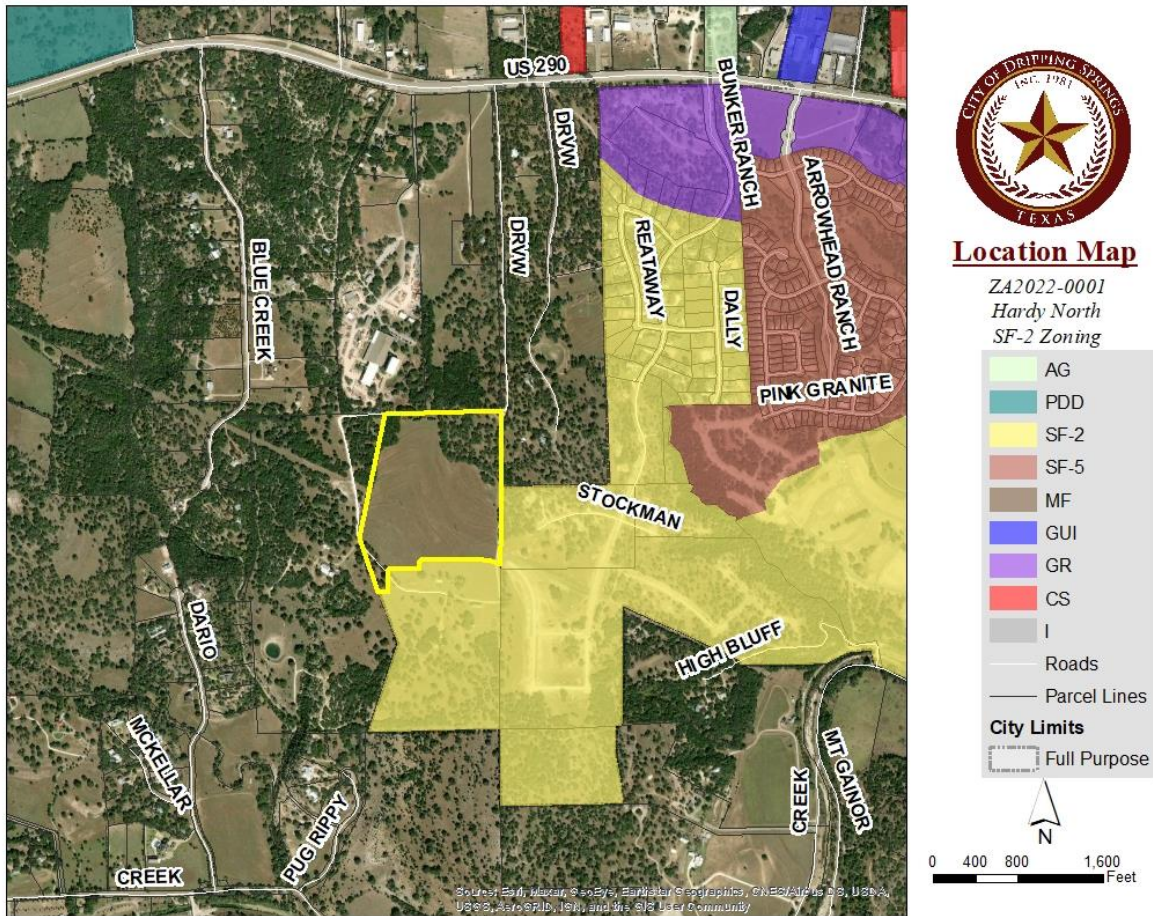

Based on the adjacent zoning category and land uses, staff finds that the proposed zoning is generally compatible within the area.

Since the property is currently in the ETJ, staff finds it appropriate to compare ETJ standards with the requested zoning district.

	ETJ	SF-2	Differences between ETJ & SF-2
Max Height	Not regulated	1.5 stories / 40 feet	Restricted 1.5 stories / 40 feet
Min. Lot Size	.75 acres*	1/2 acre*	0.25 acres less
Min. Lot Width	30 feet	30 feet	None
Min. Lot Depth	unregulated	150 feet	50 feet
Min. Front/Side/Rear Yard Setbacks	10 feet / 5 feet / 5 feet	25 feet / 15 feet / 25 feet*	15 feet / 10feet / 20 feet more
Impervious Cover	35%	40%	5% more

*In either instance, these lots will be limited to a 0.75-acre minimum assuming they are served by private septic systems.
