

## New Dripping Springs Community Library Proposed Community Spaces

The Dripping Springs Community Library has long served as more than a place to borrow books- it is a vital cornerstone of our community. It provides an inclusive, welcoming environment where individuals of all ages and backgrounds can come together in pursuit of lifelong learning, civic engagement, and cultural enrichment.

As our community continues to grow and evolve, so too must our facilities. To meet the changing needs of current and future residents, we propose the addition of community spaces. These additions will not only expand the library's physical footprint, but also significantly enhance our programming capacity and the ability to serve a diverse and rapidly growing population.
