Mueller, Inc. reserves the right to add or discontinue colors without notice. Please contact your sales representative, or visit our website at www.muellerinc.com for our current color selection.

Printed colors may vary. Please contact us for color samples.

**Galvalume has a protective top coat which may possibly change the color of the panels over a period of time, giving a slight brownish tint to the panels. For consistent color retention, Mueller recommends using painted panels.*

CHOOSE THE HUE THAT'S RIGHT FOR YOU.

Our highly advanced paint system ensures color and beauty that lasts.

Have you ever wondered why some metal roofs fade over time, and others stay looking fresh and vibrant? The answer lies in the roof's exterior coating. The strength of the resins and the choice of pigmentation are the most vital factors in the performance of any metal paint system. The resins bind and protect the pigments and form a protective barrier against the elements. The pigments create the color of the roof and reflect solar radiation that can destroy the resins and the underlying primer.

With Mueller's paint system, you get the best of both. We use a high-performance exterior coating that can deliver better performance over time and reduce your cooling and heating load. The cool pigments in Mueller metal roofing panels offer higher solar reflectance. As a result, they reflect infrared radiation while absorbing the same amount of visible light. This allows the panel to appear the same color as lesser-reflecting pigments, yet stay much cooler. And most of our colors are Energy Star approved, further demonstrating their superior energy efficiency.

MUELLER PANEL BENEFITS:

- Fire Resistant
- Hail Resistant – Underwriters Laboratories Class 4 Rating
- 30-Year Limited Paint Warranty
- A Wide Range of Designer Colors
- 26-Gauge - Commercial Grade Steel
- Energy Efficient
- Greater Life Expectancy
- Outstanding Durability
- Possible Insurance Savings
- Easy application
