

The mission of the Dripping Springs Farmers Market is to provide a community gathering place where...

Local agricultural and value-added product producers sell a variety of fresh agricultural and related products directly to the consumer.

Consumers may learn the uses and benefits of quality, locally grown or prepared food products and access local services and hand-made crafts as provided in the market's rules.

The City of Dripping Springs believes that local agriculture is essential to the region's economy and is committed to making economic and educational connections between residents and local agricultural producers through the Dripping Springs Farmers Market.

The market is a Texas Department of Agriculture certified farmers' market and operates in accordance with all city, county, state and federal laws, for the benefit of vendors and customers alike. Support local sustainable agriculture.
