

PARKS

Charro Ranch Park: - Sue Harding – Hays County Master Naturalist and Charro Ranch Park Volunteer

February- Charro Ranch Park had a total of nine volunteers at its monthly workday seven Master Naturalists and two members of the public. Many Cedar saplings were lopped off, and volunteers removed many rocks from the outer trail that were trip hazards. Tree roots across the outer trail and near the Solstice Circle were cut and removed, the oak wilt trenches were smoothed out, and at least four bags of trash were filled with litter from the shoulder of the road fronting FM150 along the Charro property line. We also replaced a broken horizontal fence post at the entrance to the park.

March – At the March's monthly workday the Charro Ranch Committee members and Hays County Master Naturalists were able to accomplish a great deal of work. They separated 2 Texas sotol plants that were growing together; now we have 3. Ten tree saplings: 3 Eve's necklace, 1 American beauty berry, 2 Huisache, 2 Texas persimmon, and 2 Texas mountain laurels were planted. The pavilion was swept & cleaned up as well as the solstice circle and bird blind. The last remaining trench area (from oak wilt trenching of summer, 2020) was covered up with juniper branches. Existing perennials were trimmed back in native demo garden and juniper thicket trimming was done in the area west of the bridge.

Dripping Springs Ranch Park & Event Center -Submitted by: *Tina Adams – Event Center Manager*

March was an incredible month at the Dripping Springs Ranch Park. We successfully recovered from the February "Snow Apocalypse" and jumped straight into Spring with an array of shopping events, horse shows, movie filming and a community trail ride. We kicked off our 1st Annual Poker Trail Ride for members, guests and equestrian riders from the all over central Texas joined in the fun. It was a huge hit and show cased our amazing Ranch Park and its many amenities. The event center will continue to be a host site for distribution of the COVID-19 vaccination. The DSRP team is looking forward to blossoming bluebonnets, wildlife babies and a very busy schedule that upcoming April is bringing.

Founders Memorial Park & Pool:

Mackenzie Rusick has been hired as our new Programs and Aquatics Manager. Her first day is April 5. She will manage all aspects of hiring, training, scheduling aquatics staff as well as Founders Memorial Pool operations. Her office will be at the Founders Pool administrative office and she will serve as a key customer service interface and resource for Founders Memorial Park and pool guests. Mackenzie comes to us from Utah with an extensive background in municipal aquatics. Her scope will also include starting adult sports leagues through the Parks & Community Services department beginning with taking over the coordination and offering of Dripping Springs Adult Softball League in October.

Phase I pool deck expansion completed. Cool Deck will be budgeted and applied in the FY22 cycle to match the existing deck color and texture. For now, the substrate is brushed concrete. Luckily, the project timeline was not gravely impacted by the winter storm in February.

Rathgeber Natural Resource Park:

This excerpt taken from the newly published information introducing the POSAC 2.0 is concerning. It appears that perhaps there may be some uncertainty around the projects that had been recommended and supposedly were going to be funded by the passing bond measure. In light of this statement, it would be prudent to begin seeking alternative funding methods to support and develop Rathgeber Natural Resource Park. Staff will begin diving into and researching TPWD options for funding support and perhaps a capital campaign to achieve the objects set forth in the proposal.

Proposed Projects

Projects submitted to Hays County should be consistent with the goals and priorities set forth in the 2012 Hays County Parks, Open Space and Natural Areas MASTER PLAN. Applicants are highly encouraged to review the Master Plan and understand how your project fits within it.

**Hays County 2012
Parks Master Plan**

The County currently has 16 recommended projects by the first Parks and Open Space Advisory Commission (POSAC) formed prior to the proposition passing. Additional project submissions are to be expected. This will require an in-depth reevaluation of the existing recommended projects, with this newly formed POSAC 2.0, so that all projects receiving funding from either the general bond sales or the CWSRF are vetted appropriately. The value of these projects ranges from \$75 million to \$150 million (and potentially in excess of that amount) with entities providing matching funds.

Marketing, Website, Social Media, Branding & Communications

The PCS department continues to expand its website pages to encompass the resource as a tool to provide the full scope of services within the department's span of responsibility. Currently, the "Community Services" aspect of the department is lacking in web presence and ease of service access. Staff is in the process of creating an easier application process and information dissemination platform.

- Road closure requests
- Itinerant Vendor Permits
- Event Permit for events held on city property and events held within City Limits
- Co-Sponsorship applications that includes banners at the triangle requests
- Filming Permit (which tend to be last minute in nature – less than 48hrs notice)

It is a goal of the department to streamline operations and scope of the Programs & Events Coordinator position through renaming the position to serve comprehensively in the coordination of all aspects of community services and not just events and programming. The title change will be to that of Community Services Coordinator and the scope will expand to include the coordination of all such services in addition to events and programs will fall under the Programs & Aquatics Manager's scope entirely.
