Question 1. RFQ Page 5, Qualification Requirements item 10 states respondents must have an approved indirect cost rate in order to be considered for award. This section states our qualification must include the requirements in this section. Are respondents to include our indirect cost rate with our response to this RFQ? Does the Professional Services Procurement Act; Section 2254.004, Texas Code not apply? Just the roadrunner trail

Clarification: No costs should be included in the Request for Qualifications. All negotiations related to costs will be done after the engineer is selected through the RFQ process. The RFQ has been updated to clarify this language.
