- 2.5.1 Open Space:** The Project will include approximately 150 acres of community parkland, playgrounds, and open space, that may include (among other items) greenbelts, irrigation, parks, community parkland, open space, active recreational areas, greenbelts, and mitigation land and conservation easements. At the discretion of Owners, portions may be dedicated to the City with the City's acceptance and approval, the County, a homeowner's association with assessment powers, or the District. The Conceptual Plan attached as *Exhibit B* describes the open space usage.
- 2.5.2 Operation & Maintenance:** The operation and maintenance of the dedicated open space shall be the responsibility of the District, or other non-city sources approved by the City until such open space is dedicated to another entity for operations and maintenance as approved by the City.

- 2.5.4 Master Parks & Open Space Plan; Parkland Dedication:** Owners agree to comply with the City's Parkland Dedication Ordinance. Owners agree to prepare a Master Parks & Open Space Plan ("MP & OS Plan"), subject to the City's approval, governing all parkland and open space within the Project. Under this Agreement, it is not sufficient to meet parkland requirements on an individual plat basis; instead, all parkland requirements shall be tracked collectively through a matrix within the MP & OS Plan. Elements of the MP & OS Plan shall include a schedule and budget for proposed improvements and location of parkland. The MP & OS Plan shall delineate the extent of public use of the Open Space and address any limitations on public access. Owners agree to provide public access to Onion Creek, as will be specified in the MP and OS Plan, which may contain reasonable restrictions on use, such as posted hours, and limitations on camping and swimming.

Prior to MP and OS Plan approval, concurrent with platting of each phase of the project, Owners will designate specific parcels as parkland for the lots being platted at that time in compliance with the Parkland Dedication Ordinance. Following MP and OS Plan approval, each plat submission will comply with the approved MP and OS Plan.

 - (b) Public Education:** Owners agree to collaborate with the City, the County, WTCPUA, USFWS and local school districts to explore the opportunities for public education regarding preservation of the environment using the Project as an example.
- 2.7.6 Required Measures:** Owners shall implement numerous environmental protection measures for the benefit of the Project, including:
- (a) Buffering:** In order to protect water quality, Owners shall provide buffering of sensitive drainage areas within the Project in accordance with TCEQ's Optional Enhanced Measures. The approximate location of all buffer zones required by TCEQ shall be identified on *Exhibit D*.
 - (b) Landscaping; Landscapes:** Owners shall comply with the City's Landscaping Ordinance as amended in all commercial areas. Owners may require residential areas to comply with the City's Landscape Ordinance. Owners agree that the use of native species of plant materials will be utilized throughout the Project attached as *Exhibit E*. Turf grasses on any lot within the Project shall be limited to Zoysia, Buffalo or Bermuda grasses. Other grasses may be approved by the City Administrator for lots utilizing drip irrigation systems. In no event may St. Augustine grass be used. The plant list attached as *Exhibit E* is approved and may be used.

(c) **Exterior Design & Architectural Standards:** Within the commercial area, Owners shall comply with the City's Exterior Design & Architectural Standards Ordinance, as may be amended.

2.7.7 Wells; Water Conservation Plan: City agrees that water wells are permitted to be drilled on the Land. Existing and new wells may be utilized only for wet pond make-up water, effluent holding pond make-up water, all agricultural uses, community gardens, and irrigation of open space, except during times of drought, as permitted by the Hays Trinity Groundwater District.

2.8 Water Quality Protection: The District and Owners shall comply with the standards in TCEQ's RG-348A publication in lieu of the City's Water Quality Protection Ordinance. Except as City allows by variance, Owners shall comply with the City's Water Quality Ordinance and Optional Enhanced Measures for the Protection of Water Quality in the Edwards Aquifer, and said Ordinance shall apply to this Agreement.

As indicated in *Exhibit D (Buffer Zones)*, the Project's water quality protection plan will include the establishment of natural buffer areas adjacent to streams and natural drainage ways to help maintain predevelopment water quality. The natural buffer areas will also provide an area to filter overland flow from adjacent development. Therefore, streams shall have a native vegetation buffer on each side as follows:

- Streams draining 640 acres (one square mile) or greater shall have a minimum buffer of 300 feet from the centerline on each side of the stream.
- Streams draining less than 640 acres but 320 or more acres shall have a minimum buffer of 200 feet from the centerline on each side of the stream.
- Streams draining less than 320 acres but 128 or more acres shall have a minimum buffer of 100 feet from the centerline on each side of the stream.
- Streams or swales draining less than 128 acres but 40 or more acres shall have a minimum buffer of 50 feet from the centerline on each side of the drainage.
- Streams or swales draining less than 40 acres but 5 or more acres shall have a minimum buffer of 25 feet from the centerline on each side of the drainage.

Additionally, in an effort to achieve a higher pollutant load removal than required by the TCEQ's Optional Enhanced Measures and to demonstrate to the City the Owners' interest in preserving water quality, rather than just providing one water quality best management practice (BMP), the Owners shall operate 2 or 3 BMPs in series to help preserve water quality. The following table lists the BMPs proposed to be operated in series to satisfy both the TCEQ's and the City's water quality protection requirements.

Storm water runoff from the project will be treated by a combination of the water quality treatment strategies identified above. For residential lots draining away from roadways and sheet flowing onto adjacent open areas, natural buffers areas, or natural filter strips, no further treatment or water quality easements will be necessary. Given that the project is subject to an Integrated Pest Management (IPM) plan, adequate water quality treatment for these residential lots will be achieved by the vegetated pervious areas located within each respective lot and/or the adjacent open areas, natural buffers areas, or natural filter strips lying down gradient.

ARTICLE 3. PROPERTY DEVELOPMENT

- 3.1 Governing Regulations:** For purposes of any vesting analysis, the Parties agree that the Effective Date shall control, in accordance with Texas Local Government Code Chapter 245, as may be amended. The Applicable Rules shall govern the Project, unless otherwise expressly provided in this Agreement. For the term of this Agreement, the development and use of the Land will be controlled by the terms of this Agreement, the Project Approvals and the Applicable Rules. If there is any conflict between the Applicable Rules and the terms of this Agreement, the terms of this Agreement will control.

As of the Effective Date, Owners have initiated the subdivision and development permit process for the Project. The City agrees that in accordance with Chapter 245, Local Government Code, the City will consider the approval of any further approvals necessary for the Project based solely on the Applicable Rules, as modified by the Project Approvals and this Agreement. Further, the City agrees that, upon the Effective Date,

Owners have authority to develop the Property in accordance with the Applicable Rules, as modified by any exceptions contained in the Project Approvals and this Agreement.

3.2 Project Approvals & Entitlements:

3.2.1 Project Approvals & Variances; Future Modifications: The Project Approvals set forth in *Exhibit C* (the "Project Approvals"), and the variances, special exceptions and alternative standards also in *Exhibit C*, upon approval by all required City boards and commissions and the City Council, will be granted by the City with respect to the development of the Land. Any additional variance affecting and relevant to this Project shall be subject to any and all applicable ordinary City variance approval procedures. Future modifications to this Agreement mutually agreed upon by City and Owners shall not subject any other portion of this Agreement to modifications.

3.2.2 Conceptual Plan: The City confirms that the Conceptual Plan attached as *Exhibit B* has been approved by all requisite City departments, boards and commissions and by the City Council. The City approves the land uses, densities, reservations of land for public purposes, exceptions, utility and roadway alignments and sizing and other matters shown on the Conceptual Plan. The City's execution of this Agreement shall be deemed to be the approval of the Conceptual Plan, *Exhibit B*.

3.2.3 Density of Development:

- (a) **Residential:** Owners will have the right to develop no more than 600 Single-Family residential lots on the Land within the area identified on the Conceptual Plan as *Residential*.
- (b) **Commercial:** Notwithstanding any other allowed uses or limitations established by the City Rules, Owners will have the right to develop no more than 170 Dwelling Units on the Land within the area identified on the Conceptual Plan as *Commercial*.

3.2.4 Land Use; Zoning Change: For purposes of this Agreement the following shall be allowed within areas noted as residential areas: single-family residences and related structures; duplex residential units; townhomes, condominiums; schools, parks, sports and playground facilities; community centers; churches; fire/police/medical protection facilities; water and wastewater facilities; amenities centers; and similar type uses (the "Residential Uses"). Commercial uses for purposes of this Agreement may include multi-family, hotels, spa, related facilities, maintenance facilities, and other commercial/retail and office uses. Open space will include the open space/landscape areas. Areas classified as street right-of-way (R.O.W.) will include all public street R.O.W., shared access drive

easements within the final plat, and Ranch Road 12 dedicated R.O.W. Any use that would be allowed in a residential use area will be allowed in commercial use areas. Upon the effective date of this Agreement, Owners shall apply for a zoning change to General Retail (GR) for the approximate 24 acres marked as Commercial in the Conceptual Plan.

3.2.5 Impervious Cover: Owners may develop the Project with an Impervious Cover Percentage that does not exceed cumulatively and in the aggregate **twenty-five percent (25%)** over the entire Project, including the commercial area. Owners shall have the right to apportion impervious cover limits on a lot by lot or use by use basis, and may apportion such limits as it deems desirable so long as the overall limitation herein specified is not exceeded. Owners may count in density and impervious cover calculations land designated as landscape/open space, parks, or similar areas as pervious areas. Areas within City limits upon execution must comply with the City's impervious coverage regulations in place at time of execution.

3.2.6 Phasing of Development: The calculation of impervious cover, parkland requirements, lot averaging and similar requirements shall be determined and calculated on a whole project basis. Each plat filed with the City shall contain a chart indicating the amount of impervious cover, LUE use, and parkland required for the entire Land, the amount associated with prior platted areas and the amount associated with the area subject to such plat. The chart shall also show the average lot size computation for the Land as a whole and resulting from the plat and prior platted areas.

3.2.7 Replatting: Any portion of the Property may be replatted to change the use or designation of that previously platted portion so long as the entire platted portion of the Property meets the requirements of this Agreement, the Applicable Rules, and state law. No replat shall result in the Project increasing the density as defined in Section 3.2.3. Such replatting shall be deemed controlled by this Agreement as if the same were an original platting of such replatted portions.

3.2.8 Height: Building Height is limited to forty feet (40').

3.3 Further Approvals:

3.3.1. Upon the Effective Date of this Agreement, Owners have the authority to develop the Land consistent with the Project Approvals and in accordance with this Agreement. Any future approvals granted in writing by the City for such development, as well as any written amendments to the Project Approvals, will become a part of the Project Approvals.

Bk Vol Pg

- 3.3.2. The City agrees that preliminary plats, final subdivision plats and construction documents submitted in accordance with this Agreement will be reviewed, and processed in accordance with this Agreement, the Code of Ordinance, and state law.
- 3.3.3. Notice of the submission of final subdivision plats and construction documents shall be given in accordance with the Subdivision Ordinance. The final authority for approval of final subdivision plats and construction documents shall be as designated by the Subdivision Ordinance.
- 3.3.4. Construction plans consistent with this Agreement and the Applicable Rules can be approved prior to approval of Final Plat.
- 3.4 **Standard for Review:** The City's review and approval of any submissions by Owners will not be unreasonably withheld, conditioned, or delayed. The City will review any plans, plat or other filing by Owners in accordance with the applicable City's ordinances, state law and this Agreement within 30 days of submittal. If any submittal is not approved, the City will provide written comments to Owners within the 30 day review period specifying in detail all of the changes that will be required for the approval of the submittal. Within fourteen (14) days of the date the changes specified in the City's written comments are made by Caliterra and the revised submittal is delivered to the City, the City will approve the submittal or request a revised resubmittal. Time does not begin (i.e., is not deemed submitted) until any submittal/resubmittal is deemed administratively complete by the City.
- 3.5 **Conceptual Plan Amendments:**
- 3.5.1 Due to the fact that the Project comprises a significant land area and its development will occur in phases over a number of years, modifications to the Conceptual Plan may become necessary due to changes in market conditions or other factors. In order to provide flexibility with respect to certain details of the development of the Project, Owners may seek changes in the location and configuration of the use classifications shown on the Conceptual Plan, including changes within the proposed residential, commercial, mitigation land or open space areas shown on the Conceptual Plan. Such changes will require an amendment to the Conceptual Plan by the Planning & Zoning Commission, and City Council.
- 3.5.2 The City acknowledges that Owners and/or District may, in the future, desire to acquire and add additional land into the District's boundary that has a shared boundary with the Land. If Owners acquire any such additional property that it desires to add to the Project and make subject to this Agreement, the Owners will give written notice to the City of the acquisition, which will include a description of the property that has been acquired and a proposed conceptual plan for that

14021130 Bk Vol Pg
OPR 4978 233

property. The Owners shall properly apply to the City for an amendment to this Agreement to add the Land and shall pursue the City's ordinary development agreement approval process. The City's approval of the addition of property will be processed in accordance with the Applicable Rules and fees.

3.5.3 The City Administrator shall be responsible for consideration and approval of such administrative amendments to the Conceptual Plan. The City Administrator may defer such approval to the City Council at the City Administrator's discretion. Further, minor changes as defined by the City Administrator, that are proposed for the Conceptual Plan that do not result in an increase in the overall density of development of the Land or increase the Impervious Cover Percentage of the Project, and which otherwise comply with the Applicable Rules and this Agreement may be approved by the City Council. Similarly, minor variations of a preliminary plat or final plat from the Conceptual Plan that are approved by the City Administrator that do not increase the overall density of development of the Land or increase the overall Impervious Cover limit of twenty five percent (25%), and which otherwise comply with the Applicable Rules, and this Agreement will not require an amendment to the Conceptual Plan.

3.6 Term of Approvals: The Conceptual Plan, the Project Approvals, and any preliminary plat or final plat approved pursuant to this Agreement will be effective for the term of this Agreement unless otherwise agreed by the Parties.

3.7 Extension of Permits & Approvals: In no instance shall any permits or approvals be extended beyond the duration of this Agreement; however, any permit or approval under this Agreement or granted by the City pursuant to, or in accordance with, this Agreement shall be extended for any period during which performance by any Owner is prevented or delayed by action of a court or administrative agency, or an Owner is delayed due to failure to receive a governmental permit despite demonstrable diligent efforts to obtain said permit.

3.8 Initial Brush Removal: Owners may mechanically remove brush without material soil surface disruption prior to receiving approval of plats in order to determine the location of roads, lots, utilities and drainage areas with regard to preservation of environmental features. Prior to the phase plat approval, Owners may remove any tree with a trunk having a diameter less than six (6") inches measured four (4) feet above the base (ground elevation) of the tree. Prior to that plat approval, Owners will not materially alter the existing drainage patterns prior to receiving City approval for Construction Plans. Owners shall ensure that as much area as possible is left undisturbed for as long as reasonably possible.

3.8.1 The use of track vehicles is acceptable provided that a preconstruction conference is held on-site with the Owners (or Owners' representative as Developer),

14021130 Bk Vol Pg

contractor, and City Administrator. During the conference the Owners will provide the City with the following information:

- (a) the area to be cleared.
- (b) a current aerial photograph that is 3" pixel resolution with Texas State Plane Coordinate, South Central Zone, NAD 83, survey feet is an adequate substitute for a ground tree survey.
- (c) the area to be cleared having been marked on a survey with the Water Quality Buffer Zones (WQBZ) and other environmental features marked out for being avoided.
- (d) an erosion control plan must be submitted showing what will be in place to manage stormwater runoff, to include silt fencing, rock berms, etc.

3.8.2 Work within a WQBZ must be limited to rubber-tired vehicles or hand-clearing only taking care to stay out of the stream itself. A written plan for work to be done within a WQBZ must be submitted to and approved by City staff prior to any work, describing: (a) work methods, (b) proposed equipment, (c) scope of work, and (d) restoration plans for once work is done.

3.9 Oak Wilt:

- (a) During construction of streets, drainage and utilities, Owners will utilize reasonable measures to prevent the spread of Oak Wilt caused by the fungus *Ceratocystis Fagacearum*. Tree removal will be in accordance with generally-accepted best practices. Owners will include the requirement to utilize reasonable Oak Wilt measures in all agreements for construction of streets, drainage and utilities for the Project.
- (b) Deed restrictions for all plats of the Property will include covenants imposing reasonable Oak Will prevention measures on all subsequent owners of the Property.

3.10 Building Code: Owners agree that all habitable buildings shall be constructed in accordance with all building or construction codes that have been adopted by the City. Fees for all building permits or building inspections by the City or the City's designee under this section shall be paid by builders. Building permit and building inspection fees are not included among the fees specifically listed in this Agreement.

3.11 Fiscal Security for Improvements: The Owners shall be required to provide fiscal security prior to recording the associated approved final plat. In lieu of providing fiscal security, the Owners may secure approval of the final plat and construction plans and then construct the improvements in accordance with the approved construction plans. Only once the improvements are constructed and accepted for maintenance, the Owners may then record the approved final plat. The City Administrator recognizes that the

Bk Vol Pg
14021130 OFR 4978 235

County and/ or District may require construction and maintenance bonds for improvements.

- 3.12 Deed Restrictions:** Owners agree that all restrictive covenants for the Project shall reinforce the provisions of this section and be applied to all builders and subsequent buyers, and shall be appropriately drafted and filed to effectuate this intent and Agreement. Deed restrictions shall not be construed to replace or supersede the Applicable Rules.
- 3.13 Highway Access:** The roadway cuts shown on *Exhibit B* are approved by the City as of the Effective Date. All roadway and driveway cuts onto Ranch Road 12 not shown on *Exhibit B* shall be subject to the approval of the City, which approval shall not be unreasonably withheld. Owners and/or the District agree to construct and fund acceleration lanes, deceleration lanes, and traffic control devices required by TxDOT.
- 3.14 Option for Private Gated Section(s):** The Owners and the City hereby agree that the Owners may elect to develop one or more sections of the Project as private, gated sections, under the following conditions:
- 3.14.1** The City or County shall not be responsible for the ownership or maintenance of private streets within such sections; and
- 3.14.2** Streets within such sections shall be owned and maintained by the HOA, a District, or such other entity as chosen by the Owners and approved by the City; and
- 3.14.3** Dripping Springs Independent School District ("DSISD") and the providers of fire, law enforcement and emergency medical services for the Project must approve the street standards and design and operation and private gates to be utilized for such streets prior to construction. The design and operation of private, gated sections shall comply with all applicable requirements of the DSISD or such Independent School District with jurisdiction over the Property.
- 3.15 Slope Protection & Treatment:** The Property has bands of existing slopes that exceed fifteen percent (15%). Owner has minimized the construction in these areas; however, development will necessitate some construction in these areas in order to develop the site. Construction may occur on slopes that exceed 15% if the following criteria and design standards are met:
- 3.15.1.** Designs shall be based on commonly accepted Geotechnical, Structural, Drainage and Water Quality Engineering practices, including local design criteria.
- 3.15.2.** Designs and aesthetic treatments shall be consistent throughout the Project. Aesthetic treatments of exposed graded slopes, retaining walls and foundations shall be designed and graded in accordance with generally accepted engineering

14021130 Blk Vol Pg
0PR 4978 236

practices. To the extent reasonably practical, Owners will require builders to shield exposed retaining walls and foundations with vegetation and/or fencing or other methods where reasonably practical or desirable to shield view of the exposed retaining wall or foundation. The methods will be included by the Owners in the subject to Deed Restrictions / CCRs.

ARTICLE 4. ADDITIONAL MATTERS

- 4.1 Fire Protection:** Upon consultation with Emergency Services District (ESD) 6, Owners shall submit to City plans for emergency access points (e.g., crash gates) – if any -- during the platting phase of each development.

The District and the Dripping Springs Water Supply Corporation will have the right to review and approve all plans and specifications for water system infrastructure, and to inspect all such infrastructure during construction and prior to acceptance for operation and maintenance. In order to avoid duplication of effort and unnecessary costs, no City review of water plans and specifications or City inspection of these facilities will be required. However, the City, may, at its option, review plans and specifications for infrastructure other than the water system, and provide comments to the District within thirty (30) days of requesting the plans and specifications to review. ARTICLE 5. AUTHORITY

5.1 Term:

- 5.1.1 Initial Term.** The term of this Agreement will commence on the Effective Date and continue for fifteen (15) years thereafter ("Initial Term"), unless sooner terminated under this Agreement. After the Initial Term, the Agreement may be extended for up to three successive five (5) year periods by Owners, with City's approval, by delivering written notice of such election to the City on or before the expiration of the then-current term.
- 5.1.2 Extensions.** In order to extend the term of this Agreement beyond the Initial Term and the three five-year extension periods described in 5.1.1, Owners must notify the City in writing at least one hundred eighty (180) days prior to the last day of the then-current term that it wishes to renew this Agreement. The City will then place the renewal of this Agreement on the agenda for the next regularly scheduled meeting of the City Council for consideration. The renewal of this Agreement by the City after the Initial Term and three (3) five (5) year extension periods will be at both the City's and Owners' discretion, and the parties agree that neither the City nor Owners is under any obligation to renew this Agreement after the Initial Term. The total duration of this Agreement and any successive renewals shall not exceed thirty (30) years.
- 5.1.3 Expiration.** After the Initial Term and any extension, this Agreement will be of no further force and effect, except that termination will not affect any right or obligation arising from Project Approvals previously granted.
- 5.1.4 Termination or Amendment.** This Agreement may be terminated or amended as to all of the Land at any time by mutual written consent of the City and Owners, or may be terminated or amended only as to a portion of the Land by the mutual written consent of the City and the Owners of only the portion of the Land affected by the amendment or termination.
- 5.2 Authority:** This Agreement is entered under the statutory authority of Sections 42.044 and 212.172 of the *Local Government Code*. The Parties intend that this Agreement guarantee the continuation of the extraterritorial status of portions of the Land as provided in this Agreement; authorize certain land uses and development on the Land; provide for the uniform review and approval of plats and development plans for the Land; provide exceptions to certain ordinances; and provide other terms and consideration, including the continuation of land uses and zoning upon annexation of any portion of the Land to the City.

Chapter 245, *Local Government Code*, the City will consider the approval of any further approvals necessary for the Project based solely on the Applicable Rules, as modified by the Project Approvals and this Agreement. Further, the City agrees that, upon the Effective Date, Owners have vested authority to develop the Land in accordance with the Applicable Rules, as modified by any exceptions contained in the Project Approvals and this Agreement.

- 5.4 Right to Continue Development:** In consideration of Owners' agreements hereunder, the City agrees that, during the term of this Agreement, it will not impose or attempt to impose: (a) any moratorium on building or development within the Project, or (b) any land use or development regulation that limits the rate or timing of land use approvals, whether affecting preliminary plans, final plats, site plans, building permits, certificates of occupancy or other necessary approvals, within the Project. No City-imposed moratorium, growth restriction, or other limitation affecting the rate, timing or sequencing of development or construction of all or any part of the Project will apply to the Land if such moratorium, restriction or other limitation conflicts with this Agreement or would have the effect of increasing Owners' obligations or decreasing Owners' rights and benefits under this Agreement. This Agreement on the part of the City will not apply to temporary moratoriums uniformly imposed throughout the City and ETJ due to an emergency constituting an imminent threat to the public health or safety, provided that the temporary moratorium continues only during the duration of the emergency.
- 5.5 Equivalent Substitute Obligation:** If either Party is unable to meet an obligation under this Agreement due to a court order invalidating all or a portion of this Agreement, preemptive state or federal law, an imminent and bona fide threat to public safety that prevents performance or requires different performance, subsequent conditions that would legally excuse performance under this Agreement, or, the Parties agree to cooperate to revise this Agreement to provide for an equivalent substitute right or obligation as similar in terms to the illegal, invalid, or unenforceable provision as is possible and is legal, valid and enforceable, or other additional or modified rights or obligations that will most nearly preserve each Party's overall contractual benefit under this Agreement. The City agrees to adopt any subsequent ordinances, variances, or other approvals that may be necessary to implement this Section.
- 5.6 Cooperation:**
- 5.6.1** The City and Owners each agree to execute such further documents or instruments as may be necessary to evidence their agreements hereunder.
- 5.6.2** The City will not unreasonably hinder, and, at the City's discretion, may agree to cooperate with Owners in connection with any waivers or approvals Owners may desire or require to obtain from the County in connection with the development of the Land, specifically including approval of road district powers for the District covering the Land to assist in financing the roadways required for the Project and a

deferral of the County's plat and plan approval powers to the City for all plats and public infrastructure within the Project, other than roadway infrastructure that will be dedicated to the County for operation and maintenance after construction. Roads shall be subject to County review, inspection and approval prior to dedication to the County, unless the property is annexed by the City in which case the City would maintain the roads.

- 5.6.3** The City acknowledges that the District(s) may in the future seek State or federal grant matching funds to finance certain park, recreational and environmental facilities within the Project. The City agrees to cooperate with and support these efforts to obtain grant funding that do not interfere with or conflict with the City's efforts to secure similar funding, including entering into joint use agreements with the District, in furtherance of the City's goal of making additional park, environmental and recreational facilities available to the area. Provided, however, the City will have no financial obligation associated with this activity.
- 5.6.4** Owners, the District, and the City agree to cooperate in granting each other easements, as necessary, for water and wastewater transmission lines, or other utility easements to effectuate the purpose of this Agreement.
- 5.7** **Litigation:** In the event of any third party lawsuit or other claim relating to the validity of this Agreement or any actions taken by the Parties hereunder, Owners and the City agree to cooperate in the defense of such suit or claim, and to use their respective best efforts to resolve the suit or claim without diminution of their respective rights and obligations under this Agreement. The City's participation in the defense of such a lawsuit is expressly conditioned on budgetary appropriations for such action by the City Council. The filing of any third party lawsuit relating to this Agreement or the development of the Project will not delay, stop or otherwise affect the development of the Project or the City's processing or issuance of any approvals for the Project, unless otherwise required by a court of competent jurisdiction. The City agrees not to stipulate or agree to the issuance of any court order that would impede or delay the City's processing or issuance of approvals for the Project.

ARTICLE 6. GENERAL PROVISIONS

6.1 Assignment & Binding Effect:

- 6.1.1 This Agreement, and the rights and obligations of Owners hereunder, may be assigned by Owners to a subsequent purchaser of all or a portion of the undeveloped property within the Project provided that the assignee assumes all of the obligations hereunder. Any assignment must be in writing, specifically describe the property in question, set forth the assigned rights and obligations and be executed by the proposed assignee. A copy of the assignment document must be delivered to the City and recorded in the real property records as may be required by applicable law. Upon any such assignment, the assignor will be released of any further obligations under this Agreement as to the property sold and obligations assigned.
- 6.1.2 If Owners assign its rights and obligations hereunder as to a portion of the Project, then the rights and obligations of any assignee and Owners will be non-severable, and Owners will be liable for the nonperformance of the assignee and vice-versa. In the case of nonperformance by one developer, the City may pursue all remedies against that nonperforming developer, even if such remedies will impede development activities of any performing developer as a result of that nonperformance.
- 6.1.3 The provisions of this Agreement will be binding upon, and inure to the benefit of the Parties, and their respective successors and assigns. This Agreement will not, however, be binding upon, or create any encumbrance to title as to, any ultimate consumer who purchases a fully developed and improved lot within the Project.
- 6.1.4 Owners agree that all restrictive covenants for the Project shall reinforce this Agreement. Owners further agree to memorialize the terms of this Agreement through inclusion in the plat notes. The Agreement *shall be recorded* in the *Hays County* land records to place subsequent purchasers on notice.

6.2 **Severability:** If any provision of this Agreement is illegal, invalid, or unenforceable, under present or future laws, it is the intention of the Parties that the remainder of this Agreement not be affected, and, in lieu of each illegal, invalid, or unenforceable provision, that a provision be added to this Agreement which is legal, valid, and enforceable and is as similar in terms to the illegal, invalid or enforceable provision as is possible.

6.3 **Governing Law, Jurisdiction & Venue:** This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, as it applies to contracts performed within the State of Texas and without regard to any choice of law rules or principles to the contrary. The parties acknowledge that this Agreement is performable in *Hays County*, Texas and hereby submit to the jurisdiction of the courts of that County, and

hereby agree that any such Court shall be a proper forum for the determination of any dispute arising hereunder.

- 6.4 No Third Party Beneficiary:** This Agreement is not intended, nor will it be construed, to create any third-party beneficiary rights in any person or entity who is not a Party, unless expressly otherwise provided.
- 6.5 Mortgagee Protection:** This Agreement will not affect the right of Owners to encumber all or any portion of the Land by mortgage, deed of trust or other instrument to secure financing for the Project. The City understands that a lender providing financing for the Project ("Lender") may require interpretations of or modifications to this Agreement and agrees to cooperate with Owners and its Lenders' representatives in connection with any requests for interpretations or modifications. The City agrees not to unreasonably withhold or delay its approval of any requested interpretation or modification if the interpretation or modification is consistent with the intent and purposes of this Agreement. The City agrees as follows:
- 6.5.1** Neither entering into this Agreement, nor any breach of this Agreement, will affect any lien upon all or any portion of the Land.
- 6.5.2** The City will, upon written request of a Lender given in compliance with Section 6.17, consider providing the Lender with a copy of any written notice of default given to Owners under this Agreement within ten (10) days of the date such notice is given to Owners.
- 6.5.3** In the event of default by Owners under this Agreement, a Lender may, but will not be obligated to, cure any default during any cure period extended to Owners, either under this Agreement or under the notice of default.
- 6.5.4** Any Lender who comes into possession of any portion of the Land by foreclosure or deed in lieu of foreclosure will take such property subject to the terms of this Agreement. No Lender will be liable for any defaults or monetary obligations of Owners arising prior to the Lender's acquisition of title, but a Lender will not be entitled to obtain any permits or approvals with respect to that property until all delinquent fees and other obligations of Owners under this Agreement that relate to the property in question have been paid or performed.
- 6.5.5** The City hereby consents to Owner collaterally assigning to such lender Owner's interest in this Agreement as additional security for such loan, and will execute and deliver to such lender such consents to assignment as such lender may reasonably require.
- 6.6 Certificate of Compliance:** Within thirty (30) days of written request by either Party given accordance with Section 6.17, the other Party will execute and deliver to the

14021130 Bk Vol Pg

requesting Party a statement certifying that: (a) this Agreement is unmodified and in full force and effect or, if there have been modifications, that this Agreement is in full force and effect as modified and stating the date and nature of each modification; (b) there are no current uncured defaults under this Agreement, or specifying the date and nature of each default; and (c) any other information that may be reasonably requested. A Party's failure to deliver a requested certification within this 30-day period will conclusively be deemed to constitute a confirmation that this Agreement is in full force without modification, and that there are no uncured defaults on the part of the requesting Party. The City Administrator or City Development Coordinator will be authorized to execute any requested certificate on behalf of the City.

- 6.7 Default:** If either Party defaults in its obligations under this Agreement, the other Party must, prior to exercising a remedy available to that Party due to the default, give written notice to the defaulting Party, specifying the nature of the alleged default and the manner in which it can be satisfactorily cured, and extend to the defaulting Party at least thirty (30) days from receipt of the notice to cure the default. If the nature of the default is such that it cannot reasonably be cured within the thirty (30) day period, the commencement of the cure within the thirty (30) day period and the diligent prosecution of the cure to completion will be deemed a cure within the cure period. The City may issue Stop Work Orders for violations arising under this Agreement or the regulations applied herein.
- 6.8 Remedies for Default:** If either Party defaults under this Agreement and fails to cure the default within the applicable cure period, the non-defaulting Party will have all rights and remedies available under this Agreement or applicable law, including the right to institute legal action to cure any default, to enjoin any threatened or attempted violation of this Agreement or to enforce the defaulting Party's obligations under this Agreement by specific performance or writ of mandamus, or to terminate this Agreement. The City acknowledges that any refusal of or delay by the City to perform its obligations under this Agreement may have a substantial and material impact of Owners, and its ability to exercise its rights and perform its obligations under this Agreement. In the event of a default by the City, Owners will be entitled to seek a writ of mandamus, in addition to seeking any other available remedies. All remedies available to a Party will be cumulative and the pursuit of one remedy will not constitute an election of remedies or a waiver of the right to pursue any other available remedy.
- 6.9 Reservation of Rights:** To the extent not inconsistent with this Agreement, each Party reserves all rights, privileges, and immunities under applicable laws.
- 6.10 Attorneys Fees:** The prevailing Party in any dispute under this Agreement will be entitled to recover from the non-prevailing Party its reasonable attorneys fees, expenses and court costs in connection with any original action, any appeals, and any post-judgment proceedings to collect or enforce a judgment.

14021130 Bk Vol Pg

- 6.11 Waiver:** Any failure by a Party to insist upon strict performance by the other Party of any provision of this Agreement will not, regardless of the length of time during which that failure continues, be deemed a waiver of that Party's right to insist upon strict compliance with all terms of this Agreement. In order to be effective as to a Party, any waiver of default under this Agreement must be in writing, and a written waiver will only be effective as to the specific default and as to the specific period of time set forth in the written waiver. A written waiver will not constitute a waiver of any subsequent default, or of the right to require performance of the same or any other provision of this Agreement in the future.
- 6.12 Exhibits, Headings, Construction & Counterparts:** All exhibits attached to this Agreement are incorporated into and made a part of this Agreement for all purposes. The paragraph headings contained in this Agreement are for convenience only and do not enlarge or limit the scope or meaning of the paragraphs. Wherever appropriate, words of the masculine gender may include the feminine or neuter, and the singular may include the plural, and *vice-versa*. Each of the Parties has been actively and equally involved in the negotiation of this Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not be employed in interpreting this Agreement or its exhibits. This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original, and all of which will together constitute the same instrument. This Agreement will become effective only when one or more counterparts, individually or taken together, bear the signatures of all of the Parties.
- 6.13 Time:** Time is of the essence of this Agreement. In computing the number of days for purposes of this Agreement, all days will be counted, including Saturdays, Sundays and legal holidays; however, if the final day of any time period falls on a Saturday, Sunday or legal holiday, then the final day will be deemed to be the next day that is not a Saturday, Sunday or legal holiday.
- 6.14 Authority for Execution:** The City certifies, represents, and warrants that the execution of this Agreement has been duly authorized and that this Agreement has been approved in conformity with City ordinances and other applicable legal requirements. Owners certify, represent, and warrant that the execution of this Agreement is duly authorized in conformity with their authority.
- 6.15 Property Rights:** Owners expressly and unconditionally waive and release the City from any obligation to perform a takings impact assessment under the Texas Private Real Property Rights Act, Texas Government Code Chapter 2007, as it may apply to this Agreement, the Land, and the Project.
- 6.16 Jurisdictional Compliance:** Owner understands and agrees it shall comply with all regulations of each entity having authority over any portions of the Project.
