Effect of Temporary Development Moratorium

- No applications will be accepted by the Building and Planning Departments without a waiver
- Waivers or exceptions can be granted for ongoing, vested, or small, no impact projects. Waivers may also be granted by the city council for projects that are recognized to not detrimentally affect the City.
 - For Example:
 - Projects within Approved Development Agreements would continue
 - Projects that do not require wastewater or a land use change would continue
 - Projects where wastewater has been approved by agreement and no land use change is requested
 - Projects that have received a Grandfather Status Determination Letter stating their vesting rights due to previous approvals
- *New Development Projects that do not fall within the waiver requirements will be delayed until the moratorium is over.*
- *If moratorium is extended, administratively approved exceptions will be available in lieu of waivers.*
