#### **Security for Payment**

The Certificates constitute direct and general obligations of the City payable primarily from ad valorem taxes levied against all taxable property therein, within the limits prescribed by law. The Certificates are additionally secured by a limited pledge of the "Surplus Revenues" derived from the operation of the City's wastewater system, as provided in the Ordinance (see "THE CERTIFICATES - Security for Payment" and "AD VALOREM PROPERTY TAXATION – Debt Tax Rate Limitation" herein).

#### **Redemption Provisions of the Certificates**

The City reserves the right, at its option, to redeem Certificates having stated maturities on and after September 1, 2035, in whole or in part, in principal amounts of \$5,000 or any integral multiple thereof, on September 1, 2034, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption. The Certificates may also be subject to mandatory sinking fund redemption if the Underwriter elects to aggregate two or more consecutive serial maturities as "Term Certificates" (see "THE CERTIFICATES – Redemption Provisions of the Certificates" herein).

If less than all of the Certificates are to be redeemed, the City may select the maturities of Certificates to be redeemed. If less than all the Certificates of any maturity are to be redeemed, the Paying Agent/Registrar (or DTC while the Certificates are in Book-Entry-Only form) shall determine by lot the Certificates, or portions thereof, within such maturity to be redeemed. If a Certificate (or any portion of the principal sum thereof) shall have been called for redemption and notice of such redemption shall have been given, such Certificate (or the principal amount thereof to be redeemed) shall become due and payable on such redemption date and interest thereon shall cease to accrue from

and after the redemption date, provided funds for the payment of the redemption price and accrued interest thereon are held by the Paying Agent/Registrar on the redemption date.

#### **Selection of Certificates for Redemption**

If less than all of the Certificates are redeemed within a stated maturity at any time, the Certificates to be redeemed shall be selected by the Paying Agent/Registrar at random and by lot or other customary method in multiples of \$5,000 within any stated maturity.

#### **Notice of Redemption**

Not less than 30 days prior to a redemption date for the Certificates, the City shall cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to each registered owner of a Certificate to be redeemed, in whole or in part, at the address of the registered owner appearing on the registration books relating to the Certificates kept by the Paying Agent/Registrar (the "Security Register") at the close of business on the business day next preceding the date of mailing such notice. ANY NOTICE OF REDEMPTION SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN IRRESPECTIVE OF WHETHER ONE OR MORE CERTIFICATEHOLDERS FAILED TO RECEIVE SUCH NOTICE.

All notices of redemption shall (i) specify the date of redemption for the Certificates, (ii) identify the Certificates to be redeemed and, in the case of a portion of the principal amount to be redeemed, the principal amount thereof to be redeemed, (iii) state the redemption price, (iv) state the Certificates, or the portion of the principal amount thereof to be redeemed, shall become due and payable on the redemption date specified, and the interest thereon, or on the portion of the principal amount thereof to be redeemed, shall cease to accrue from and after the redemption date, and (v) specify that payment of the redemption price for the Certificates, or the principal amount thereof to be redeemed, shall be made at the designated corporate trust office of the Paying Agent/Registrar only upon presentation and surrender thereof by the registered owner. If a Certificate is subject by its terms to redemption and has been called for redemption and notice of redemption thereof has been duly given or waived as provided in the Ordinance, such Certificate (or the principal amount thereof to be redeemed) so called for redemption shall become due and payable, and on the redemption date designated in such notice, interest on said Certificate (or the principal amount thereof to be redeemed) called for redemption shall cease to accrue and such Certificate shall not be deemed to be Outstanding.

The Paying Agent/Registrar and the City, so long as a Book-Entry-Only System is used for the Certificates, will mail any notice of redemption, notice of proposed amendment to the Ordinance or other notices with respect to the Certificates only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the Beneficial Owner, shall not affect the validity of the redemption of the Certificates called for redemption or any other action premised on any such notice. Redemption of portions of the Certificates held by the City will reduce the outstanding principal amount of such Certificates held by DTC. In such event, DTC may implement, through its Book-Entry-Only System, a redemption of such Certificates held for the account of DTC participants in accordance with its rules or other agreements with DTC participants and then DTC participants and indirect participants may implement a redemption of such Certificates from the Beneficial Owners. Any such selection of Certificates to be redeemed will not be governed by the Ordinance and will not be conducted by the City or the Paying Agent/Registrar. Neither the City nor the Paying Agent/Registrar will have any responsibility to DTC participants, indirect participants or the persons for whom DTC participants, indirect participants, or Beneficial Owners of the selection of portions of the Certificates for redemption (see "BOOK-ENTRY-ONLY SYSTEM" herein).

#### Legality

The Certificates are subject to the approval of legality by the Attorney General of the State of Texas and the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., Austin, Texas, Bond Counsel. A form of the legal opinion of Bond Counsel appears in APPENDIX D attached hereto.

#### **Delivery**

When issued; anticipated on or about April 29, 2025.

#### **Payment Record**

The City has never defaulted with respect to the payment of the principal and interest requirements on any of its bonded indebtedness.

#### **Future Bond Issues**

The City anticipates issuing approximately \$51,000,000 of general obligation debt within the next two to three years for a wastewater system project that will be split into two phases. The City also anticipates issuing approximately \$11,000,000 of general obligation debt within the next five years for its share of infrastructure for the Wildridge subdivision.

#### Defeasance

The Ordinance provides for the defeasance of the Certificates when payment of the principal of and premium, if any, on such Certificates, plus interest thereon to the due date thereof (whether such due date be by reason of maturity, redemption, or otherwise), is provided by irrevocably depositing with a paying agent (or other financial institution permitted by applicable law), in trust (1) money sufficient to make such payment and/or (2) Defeasance Securities that mature as to principal and interest in such amounts and at such times to ensure the availability, without reinvestment, of sufficient money to make such payment, and all necessary and proper fees, compensation and expenses of the paying agent for such Certificates, and thereafter the City will have no further responsibility with respect to amounts available to such paying agent (or other financial institution permitted by applicable law) for the payment of such defeased Certificates, including any insufficiency therein caused by the failure of such paying agent (or other financial institution permitted by applicable law) to receive payment when due on the Defeasance Securities. The Ordinance provides that "Defeasance Securities" means (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent, (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent and, (d) any other then authorized securities or obligations under applicable State law that may be used to defease obligations such as the Certificates. The City has additionally reserved the right subject to satisfying the requirements of (1) and (2) above, to substitute other Defeasance Securities for the Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the City moneys in excess of the amount required for such defeasance.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Certificates. Because the Ordinance does not contractually limit such investments, registered owners will be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used as Defeasance Securities or those for any other Defeasance Security will be maintained at any particular rating category.

Upon such deposit as described above, such Certificates shall no longer be regarded to be outstanding or unpaid, and such principal and interest shall be payable solely from such money or Defeasance Securities, and thereafter the City will have no further responsibility with respect to amounts available to such paying agent (or other financial institution permitted by applicable law) for the payment of such Defeased Certificates, including any insufficiency therein caused by the failure of such paying agent (or other financial institution permitted by applicable law) to receive payment when due on the Defeasance Securities. After firm banking and financial arrangements for the discharge and final payment or redemption of the Certificates have been made as described above, all rights of the City to initiate proceedings to call the Certificates for redemption or take any other action amending the terms of the Certificates are

extinguished; provided, however, that the right to call the Certificates for redemption that have been defeased to stated maturity is not extinguished if the City: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Certificates for redemption; (ii) gives notice of the reservation of that right to the owners of the Certificates immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

#### **Amendments**

The City may amend the Ordinance without the consent of or notice to any registered owners in any manner not detrimental to the interests of the registered owners, including the curing of any ambiguity, inconsistency, or formal defect or omission therein. In addition, the City may, with the written consent of the holders of a majority in aggregate principal amount of the Certificates then outstanding, amend, add to, or rescind any of the provisions of the Ordinance; except that, without the consent of all of the registered owners of the Certificates then outstanding, no such amendment, addition, or rescission may (1) make any change in the maturity of any of the outstanding Certificates; (2) reduce the rate of interest borne by any of the outstanding Certificates; (3) reduce the amount of the principal or maturity value of, or redemption premium, if any, payable on any outstanding Certificates; (4) modify the terms of payment or of interest or redemption premium on outstanding Certificates or any of them or impose any condition with respect to such payment; or (5) change the minimum percentage amount of the Certificates necessary to be held by Registered Owners for consent to such amendment.

#### Remedies

If the City defaults in the payment of principal or interest, or redemption price, on the Certificates when due, or if it fails to make payments into any fund or funds created in the Ordinance, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Ordinance, the registered owners may seek a writ of mandamus to compel City officials to carry out their legally imposed duties with respect to the Certificates, if there is no other available remedy at law to compel performance of the Certificates or the Ordinance and the City's obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Certificates in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Ordinance does not provide for the appointment of a trustee to represent the interest of the bondholders upon any failure of the City to perform in accordance with the terms of the Ordinance, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners. Texas cities are generally immune from suits for money damages for breach of contracts under the doctrine of sovereign immunity. The Texas Supreme Court ruled in Tooke v. City of Mexia, 197 S.W.3d 325 (Tex. 2006) ("Tooke") that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. Furthermore, Tooke, and subsequent jurisprudence, held that a municipality is not immune from suit for torts committed in the performance of its proprietary functions, as it is for torts committed in the performance of its governmental functions (the "Proprietary-Governmental Dichotomy"). Governmental functions are those that are enjoined on a municipality by law and are given by the State as a part of the State's sovereignty, to be exercised by the municipality in the interest of the general public, while proprietary functions are those that a municipality may, in its discretion, perform in the interest of the inhabitants of municipality.

In Wasson Interests, Ltd., v. City of Jacksonville, 489 S.W.3rd 427 (Tex. 2016) ("Wasson") the Texas Supreme Court (the "Court") addressed whether the distinction between governmental and proprietary acts (as found in tort-based causes of action) applies to breach of contract claims against municipalities. The Court analyzed the rationale behind the Proprietary-Governmental Dichotomy to determine that "a city's proprietary functions are not done pursuant to the 'will of the people'" and protecting such municipalities "via the [S]tate's immunity is not an efficient way to ensure efficient allocation of [S]tate resources". While the Court recognized that the distinction between government and proprietary functions is not clear, the Wasson opinion held that Proprietary-Governmental Dichotomy applies in contract-claims context. Therefore, in regard to municipal contract cases (as in tort claims), it is incumbent on the courts to determine whether a function is proprietary or governmental based upon the statutory guidance and definitions found in the Texas Civil Practice and Remedies Code.

Notwithstanding the foregoing new case law issued by the Court, such sovereign immunity issues have not been adjudicated in relation to bond matters (specifically, in regard to the issuance of municipal debt). Each situation will

be prospectively evaluated based on the facts and circumstances surrounding the contract in question to determine if a suit, and subsequently, a judgment, is justiciable against a municipality.

If a judgment against the City could be obtained, it could not be enforced by direct levy and execution against the City's property. Further, the registered owners cannot themselves foreclose on property within the City or sell property within the City to enforce the tax lien on taxable property to pay the principal of and interest on the Certificates. As noted above, the Ordinance provides that Certificate holders may exercise the remedy of mandamus to enforce the obligations of the City under the Ordinance. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in *Tooke*, and it is unclear whether *Tooke* will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of monies due under a contract). Furthermore, the City is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or bondholders of an entity which has sought protection under Chapter 9. Therefore, should the City avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Ordinance and the Certificates are qualified with respect to the customary rights of debtors relative to their creditors and by general principles of equity which permit the exercise of judicial discretion.

#### REGISTRATION, TRANSFER, AND EXCHANGE

#### Paying Agent/Registrar

The initial Paying Agent/Registrar is BOKF, NA, Dallas, Texas. The Certificates will be issued in fully registered form in multiples of \$5,000 for any one stated maturity, and principal and semiannual interest will be paid by the Paying Agent/Registrar. If the Certificates are not held in the Book-Entry-Only System, interest on the Certificates will be paid by check or draft mailed on each interest payment date by the Paying Agent/Registrar to the registered owner at the last known address as it appears on the Paying Agent/Registrar's books on the Record Date (see "REGISTRATION, TRANSFER, AND EXCHANGE - Record Date" herein) or by such other method, acceptable to the Paying Agent/Registrar, requested by and at the risk and expense of the registered owner, and principal of the Certificates will be paid to the registered owner at stated maturity or earlier redemption upon presentation to the Paying Agent/Registrar.

#### **Successor Paying Agent/Registrar**

The City covenants that until the Certificates are paid, it will at all times maintain and provide a Paying Agent/Registrar. In the Ordinance, the City retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the City, the new Paying Agent/Registrar shall accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the City shall be a bank, trust company, financial institution or other entity duly qualified and legally authorized to serve and perform the duties of Paying Agent/Registrar for the Certificates. Upon any change in the Paying Agent/Registrar for the Certificates, the City will promptly cause a notice thereof to be sent to each

registered owner of the Certificates by United States mail, first class, postage prepaid, which notice shall give the address of the new Paying Agent/Registrar.

#### **Record Date**

The record date ("Record Date") for determining the person entitled to the payment of interest on a Certificate is the fifteenth day of the month next preceding each interest payment date.

If the date for the payment of the principal of or interest on the Certificates is a Saturday, a Sunday, a legal holiday or a day on which banking institutions in the city where the corporate trust office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment is the next succeeding day which is not such a day and payment on such date will have the same force and effect as if made on the original date payment was due.

#### **Special Record Date for Interest Payment**

In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received. Notice of the Special Record Date and of the scheduled payment date of the past due interest (which shall be 15 days after the Special Record Date) shall be sent at least five (5) business days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each registered owner of a Certificate appearing on the books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

#### Registration, Transferability and Exchange

In the event the Book-Entry-Only System shall be discontinued, printed certificates will be issued to the registered owners of the Certificates and thereafter the Certificates may be transferred, registered, and assigned on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Certificate may be assigned by the execution of an assignment form on the Certificate or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Certificate or Certificates will be delivered by the Paying Agent/Registrar in lieu of the Certificates being transferred or exchanged at the designated office of the Paying Agent/Registrar or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. New Certificates issued in an exchange or transfer of Certificates will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Certificates to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Certificates registered and delivered in an exchange or transfer shall be in denominations of \$5,000 for any one stated maturity or any integral multiple thereof and for a like aggregate principal amount and at the same maturity or maturities as the Certificate or Certificates surrendered for exchange or transfer (see "BOOK-ENTRY-ONLY SYSTEM" herein).

#### Limitation on Transferability of Certificates Called for Redemption

Neither the City nor the Paying Agent/Registrar are required (1) to make any transfer or exchange during a period beginning at the opening of business 45 days before the day of the first mailing of a notice of redemption of Certificates and ending at the close of business on the day of such mailing, or (2) to transfer or exchange any Certificates so selected for redemption when such redemption is scheduled to occur within 45 calendar days; provided however, that such limitation of transfer is not applicable to an exchange by the registered owner of the uncalled balance of a Certificate.

#### **Replacement Certificates**

If any Certificate is mutilated, destroyed, stolen or lost, a new Certificate of like kind and in the same amount as the Certificate mutilated, destroyed, stolen or lost will be issued. In the case of a mutilated Certificate, such new Certificate will be delivered only upon surrender and cancellation of such mutilated Certificate. In the case of any Certificate issued in lieu of and in substitution for a Certificate which has been destroyed, stolen, or lost, such new Certificate will be delivered only (a) upon filing with the City and the Paying Agent/Registrar evidence satisfactory to establish to the City and the Paying Agent/Registrar that such Certificate has been destroyed, stolen or lost and proof of the ownership thereof, and (b) upon furnishing the City and the Paying Agent/Registrar with Certificate or indemnity satisfactory to them. The person requesting the authentication and delivery of a new Certificate must comply with such other reasonable regulations as the Paying Agent/Registrar may prescribe and pay such expenses as the Paying Agent/Registrar may incur in connection therewith.

#### **BOOK-ENTRY-ONLY SYSTEM**

This section describes how ownership of the Certificates is to be transferred and how the principal of premium, if any, and interest on the Certificates are to be paid to and credited by DTC, while the Certificates are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The City and the Underwriter believe the source of such information to be reliable, but neither the City nor the Underwriter take responsibility for the accuracy or completeness thereof.

The City cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Certificates, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Certificates), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission (the "SEC"), and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Certificates. The Certificates will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Certificates, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its registered subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). Direct Participants and Indirect Participants are collectively referred to herein as "Participants." DTC has an S&P Global Ratings rating of "AA+". The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for the Certificates on DTC's records. The ownership interest of each actual purchaser of each Certificate ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Certificates are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Certificates, except in the event that use of the book-entry system for the Certificates is discontinued.

To facilitate subsequent transfers, all Certificates deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Certificates; DTC's records reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Certificates, such as redemptions, tenders, defaults, and proposed amendments to the Series Certificate documents. For example, Beneficial Owners of Certificates may wish to ascertain that the nominee holding the Certificates for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all Certificates of the same maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant of such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Certificates unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and all other payments on the Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent/Registrar, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, the Paying Agent/Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, the Paying Agent/Registrar or the City, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Participants.

DTC may discontinue providing its services as securities depository with respect to the Certificates at any time by giving reasonable notice to the City or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, the Certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Certificates will be printed and delivered. Thereafter, the Certificates may be transferred and exchanged as described in the Ordinance.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but none of the City, the City's Financial Advisor or the Underwriter take any responsibility for the accuracy thereof.

NONE OF THE CITY, THE PAYING AGENT, THE CITY'S FINANCIAL ADVISOR OR THE UNDERWRITER WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEE WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OF THE CERTIFICATES. THE CITY CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, THE DTC PARTICIPANTS OR OTHERS WILL DISTRIBUTE PAYMENTS OF PRINCIPAL OF OR INTEREST ON THE CERTIFICATES PAID TO DTC OR ITS NOMINEE, AS THE REGISTERED OWNER, OR PROVIDE ANY NOTICES TO THE BENEFICIAL OWNERS OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC WILL ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT RULES APPLICABLE TO DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION, AND THE CURRENT PROCEDURES OF DTC TO BE FOLLOWED IN DEALING WITH DTC PARTICIPANTS ARE ON FILE WITH DTC.

In addition, bond proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described below.

The City may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than "AAA" or "AAA-m" or an equivalent by at least one nationally recognized rating service. The City may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the City retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the City must do so by order, ordinance, or resolution. The City is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

#### **INVESTMENT POLICIES**

Under Texas law, the City is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that include a list of authorized investments for City funds, the maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups, methods to monitor the market price of investments acquired with public funds, a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis, and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the Public Funds Investment Act. All City funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, the City's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment considering the probable safety of capital and the probable income to be derived." At least quarterly the City's investment officers must submit an investment report to the City Council detailing: (1) the investment position of the City, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, the ending market value and the fully accrued interest for the reporting period of each pooled fund group, (4) the book value and market value of each separately listed asset at the end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategies and (b) Texas law. No person may invest City funds without express written authority from the City Council.

#### ADDITIONAL PROVISIONS

Under State law, the City is additionally required to: (1) annually review its adopted policies and strategies; (2) adopt by written instrument a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution; (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the City Council; (4) require the qualified

representative of firms offering to engage in an investment transaction with the City to: (a) receive and review the City's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the City and the business organization that are not authorized by the City's investment policy (except to the extent that this authorization (i) is dependent on an analysis of the makeup of the City's entire portfolio, (ii) requires an interpretation of subjective investment standards, or (iii) relates to investment transactions of the entity that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority), and (c) deliver a written statement in a form acceptable to the City and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the City's investment policy; (6) provide specific investment training for the Treasurer, chief financial officer and investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse purchase agreement; (8) restrict the investment in no-load mutual funds in the aggregate to no more than 15% of the City's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory and (10) at least annually review, revise and adopt a list of qualified brokers that are authorized to engage in investment transactions with the City.

#### PENSION FUND AND OTHER POST-EMPLOYMENT BENEFITS

See Note 1 – Summary of Significant Accounting Policies – Assets, Liabilities, Deferred Inflows/Outflows of Resources and Fund Balances/Net Position - Pensions and Other Post-Employment Benefits (OPEB), Note 8 – Defined – Benefit Pension Plans – Plan Description and Provisions, and Note 9 – Other Post-Employment Benefits in the Notes to the Financial Statements of September 30, 2024 included in "APPENDIX C - Excerpts from the City of Dripping Springs, Texas Audited Financial Statements for the Year Ended September 30, 2024."

#### AD VALOREM PROPERTY TAXATION

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Reference is made to Title 1 of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

#### **Valuation of Taxable Property**

The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board ("Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the City is the responsibility of the Hays Central Appraisal District (the "Appraisal District"). Except as described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market

value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property (the 10% Homestead Cap). The 10% increase is cumulative meaning the maximum increase is 10% times the number of years since the property was last appraised.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity ("Productivity Value"). The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the City, in establishing their tax rolls and tax rates. See "AD VALOREM PROPERTY TAXATION – City and Taxpayer Remedies."

#### **State Mandated Homestead Exemptions**

State law grants, with respect to each taxing unit in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

#### **Local Option Homestead Exemptions**

The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the market value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value of all homesteads of persons sixty-five (65) years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit. The City grants an additional exemption of 1% or \$10,000 of the market value of a residential homestead and grants a local exemption of \$25,000 to the market value of the residence homestead of persons 65 years of age or older and the disabled.

#### Local Option Freeze for the Elderly and Disabled

The governing body of a county, municipality or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded.

#### **Personal Property**

Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the "production of income" is taxed based on the property's market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible

personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property.

#### Freeport and Goods-In-Transit Exemptions

Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication ("Freeport Property") are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue to tax Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal. Certain goods that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transferred from that location to another location within 175 days ("Goods-in-Transit"), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action, after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer's motor vehicle, boat, or heavy equipment inventory. A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property.

#### **Other Exempt Property**

Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property.

#### Temporary Exemption for Qualified Property Damaged by a Disaster

The Property Tax Code entitles the owner of certain qualified (i) tangible personal property used for the production of income, (ii) improvements to real property, and (iii) manufactured homes located in an area declared by the governor to be a disaster area following a disaster and is at least 15 percent damaged by the disaster, as determined by the chief appraiser, to an exemption from taxation of a portion of the appraised value of the property. The amount of the exemption ranges from 15 percent to 100 percent based upon the damage assessment rating assigned by the chief appraiser. The governing body of the taxing unit is not required to take any action in order for the taxpayer to be eligible for the exemption. If a taxpayer qualifies for the exemption after the beginning of the tax year, the amount of the exemption is prorated based on the number of days left in the tax year following the day on which the Governor declares the area to be a disaster area. The Texas Legislature amended Section 11.35, Tax Code to clarify that "damage" for purposes of such statute is limited to "physical damage." For more information on the exemption, reference is made to Section 11.35 of the Tax Code.

#### Tax Increment Reinvestment Zones and Chapter 380 Economic Development Agreements

A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment financing reinvestment zones ("TIRZ") within its boundaries. At the time of the creation of the TIRZ, a "base value" for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the "tax increment." During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all overlapping taxing units that elected to participate, are restricted to paying project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units. The City has created two TIRZs for the promotion of economic development.

Cities are also authorized, pursuant to Chapter 380 of the Texas Local Government Code ("Chapter 380"), to establish programs to promote State or local economic development and to stimulate business and commercial activity. In accordance with programs established pursuant to Chapter 380, a City may make loans or grant public funds for

economic development purposes; however, no obligations secured by ad valorem taxes may be issued for such purposes unless approved by the voters of the City. The City has entered into such Chapter 380 agreements in recent years.

#### **Tax Abatement Agreements**

Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years. The City has no currently active tax abatement agreements.

#### Public Hearing and Maintenance and Operations Tax Rate Limitations

The following terms as used in this section have the meanings provided below:

"adjusted" means lost values are not included in the calculation of the prior year's taxes and new values are not included in the current year's taxable values.

"de minimis rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year's taxable value, plus the debt service tax rate.

"no-new-revenue tax rate" means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year's total tax levy (adjusted) from the current year's total taxable values (adjusted).

"special taxing unit" means a city for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

"unused increment rate" means the cumulative difference between a city's voter-approval tax rate and its actual tax rate for each of the tax years 2020 through 2022, which may be applied to a city's tax rate in tax years 2021 through 2023 without impacting the voter-approval tax rate.

"voter-approval tax rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the "unused" increment rate".

The City's tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year (the "maintenance and operations tax rate"), and (2) a rate for funding debt service in the current year (the "debt service tax rate"). Under State law, the assessor for the City must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the City to the City Council by August 1 or as soon as practicable thereafter.

A city must annually calculate, and prominently post on its internet website, its voter-approval tax rate and no-new-revenue tax rate in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the city and the county tax assessor-collector for each county in which all or part of the city is located. A city must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a city fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the city for the preceding tax year.

As described below, the Property Tax Code provides that if a city adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its "de minimis rate", an election must be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

A city may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until each appraisal district in which such city participates has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the city has held a public hearing on the proposed tax increase.

For cities with a population of 30,000 or more as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the voter-approval tax rate, that city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

For cities with a population less than 30,000 as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the greater of (i) the voter-approval tax rate or (ii) the de minimis rate, the city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate. However, for any tax year during which a city has a population of less than 30,000 as of the most recent federal decennial census and does not qualify as a special taxing unit, if a city's adopted tax rate is equal to or less than the de minimis rate but greater than both (a) the no-new-revenue tax rate, multiplied by 1.08, plus the debt service tax rate or (b) the city's voter-approval tax rate, then a valid petition signed by at least three percent of the registered voters in the city would require that an election be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any city located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year may calculate its "voter-approval tax rate" using a 1.08 multiplier, instead of 1.035, until the earlier of (i) the second tax year in which such city's total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

State law provides cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales and use tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option election. If the additional sales and use tax for ad valorem tax reduction is approved and levied, the no-new-revenue tax rate and voter-approval tax rate must be reduced by the amount of the estimated sales tax revenues to be generated in the current tax year.

The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the City's ability to set a debt service tax rate in each year sufficient to pay debt service on all of the City's tax-supported debt obligations, including the Certificates.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

#### **Debt Tax Rate Limitation**

All taxable property within the City is subject to the assessment, levy and collection by the City of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal of and interest on all ad valorem tax-supported debt within the limits prescribed by law. Article XI, Section 4, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$1.50 per \$100 of taxable assessed valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.00 of the maximum \$1.50 maximum tax rate for all general obligation debt service, as calculated at the time of issuance and based on a 90% collection ratio.

#### **City and Taxpayer Remedies**

Under certain circumstances, the City and its taxpayers may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the City may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Owners of certain property with a taxable value in excess of the current year "minimum eligibility amount", as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$59,562,331 for the 2024 tax year, and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the City and provides for taxpayer referenda that could result in the repeal of certain tax increases. See "AD VALOREM PROPERTY TAXATION – Public Hearing and Maintenance and Operations Tax Rate Limitations." The Property Tax Code also

establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

#### City's Rights in the Event of Tax Delinquencies

Taxes levied by the City are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all State and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each local taxing unit, including the City, having power to tax the property. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes.

At any time after taxes on property become delinquent, the City may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within two (2) years after the purchaser's deed issued at the foreclosure sale is filed in the county records) or by bankruptcy proceedings which restrict the collection of taxpayer debts.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

#### **Future and Proposed State Legislation**

The 89th Texas Legislature convened in regular session on January 14, 2025. The regular session will last for 140 days, and thereafter the Governor may call one or more special sessions. During any legislative session the Texas Legislature may enact laws that materially change current law relating to the City including with respect to property taxes. Both the Governor and Lt. Governor of the State have prioritized passing legislation during the current 89th Texas Legislature for significant property tax relief. The City makes no representation regarding any actions the Texas Legislature may take during this current or future legislative sessions but intends to monitor proposed legislation for any developments applicable to the City.

#### **Levy and Collection of Taxes**

The City is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. Taxpayers 65 years old or older, disabled veterans or an unmarried surviving spouse of a disabled veteran are permitted by State law to pay taxes on homesteads in four installments with the first installment due before February 1 of each year and the final installment due before August 1. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the City. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the City may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances.

#### **City Application of the Property Tax Code**

The City grants a local exemption to the market value of the residence homestead of person 65 years of age or older.

The City grants an additional exemption of the market value of residence homestead.

The City does not provide an additional freeze on total amount of ad valorem taxes levied on the residence of a disabled person or persons 65 years of age or older.

The City does not tax nonbusiness personal property.

The City is one of the few communities in Central Texas that offers a "Triple Freeport" exemption on qualified inventories.

The City does not collect the one-half cent sales tax for economic development.

The City participates in Tax Increment Reinvestment Zones for economic development.

#### TAX MATTERS

#### **Opinion**

On the date of initial delivery, McCall, Parkhurst & Horton L.L.P., Austin, Texas, Bond Counsel, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Certificates for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Certificates will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986, as amended (the "Code"). Except as stated above, Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Certificates. See Appendix D – Form of Legal Opinion of Bond Counsel.

In rendering its opinion, Bond Counsel will rely upon (a) the City's federal tax certificate and (b) covenants of the City with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Certificates and certain other matters. Failure of the City to comply with these representations or covenants could cause the interest on the Certificates to become includable in gross income retroactively to the date of issuance of the Certificates.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Certificates in order for interest on the Certificates to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Certificates to be included in gross income retroactively to the date of issuance of the Certificates. The opinion of Bond Counsel is conditioned on compliance by the City with the covenants and the requirements described in the preceding paragraph, and Bond Counsel has not been retained to monitor compliance with these requirements subsequent to the issuance of the Certificates.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion is not a guarantee of a result. Existing Law is subject to change by Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Certificates.

A ruling was not sought from the Internal Revenue Service by the City with respect to the Certificates or the property financed or refinanced with proceeds of the Certificates. Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the representations of the City that it deems relevant to render such opinion and is not a guarantee of a result. No assurances can be given as to whether the Internal Revenue Service will commence

an audit of the Certificates, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an Internal Revenue Service audit is commenced under current procedures the Internal Revenue Service is likely to treat the City as the taxpayer and the Certificate holders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

#### Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Certificates may be less than the principal amount thereof or one or more periods for the payment of interest on the Certificates may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Certificates"). In such event, the difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Certificate, and (ii) the initial offering price to the public of such Original Issue Discount Certificate would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Certificates less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Certificate in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Certificate equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Certificate prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Certificate in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Certificate was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Certificate is accrued daily to the stated maturity thereof (in amounts calculated as described below for each accrual period and ratably within each such accrual period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Certificate for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Certificate.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Certificates which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Certificates should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Certificates and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Certificates.

#### **Collateral Federal Income Tax Consequences**

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Certificates. This discussion is based on Existing Law, which is subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with Subchapter C earnings and profits, foreign corporations subject to the branch profits tax, taxpayers

qualifying for the health insurance premium assistance credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE CERTIFICATES.

Interest on the Certificates may be includable in certain corporation's "adjusted financial statement income" determined under section 56A of the Code to calculate the alternative minimum tax imposed by section 55 of the Code. Under section 6012 of the Code, holders of tax-exempt obligations, such as the Certificates, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation. Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Certificates, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

#### **State, Local and Foreign Taxes**

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Certificates under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

#### **Information Reporting and Backup Withholding**

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the Internal Revenue Service. Payments of interest and principal may be subject to backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of foreign investors, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

#### **Future and Proposed Legislation**

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Certificates under Federal or state law and could affect the market price or marketability of the Certificates. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Certificates should consult their own tax advisors regarding the foregoing matters.

#### CONTINUING DISCLOSURE OF INFORMATION

In the Ordinance, the City has made the following agreement for the benefit of the holders and beneficial owners of the Certificates. The City is required to observe the agreement for so long as it remains an obligated person with respect to the Certificates within the meaning of the Securities and Exchange Commission's Rule 15c2-12 (the "Rule"). Under the agreement, the City will be obligated to provide certain updated financial information and operating data annually and timely notice of certain specified events to the Municipal Securities Rulemaking Board (the "MSRB"). The information provided to the MSRB will be available to the public free of charge via the Electronic

Municipal Market Access ("EMMA") system through an internet website accessible at www.emma.msrb.org., as described below under "Availability of Information from MSRB" below.

#### **Annual Reports**

The City will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes all quantitative financial information and operating data with respect to the City of the general type included in Tables 1 through 5 and 7 of Appendix A to this Official Statement. The City will update and provide this information within six months after the end of each fiscal year ending in or after 2025. The City will additionally provide audited financial statements when and if available, and in any event, within 12 months after the end of each fiscal year ending in and after 2025. If the audit of such financial statements is not complete within 12 months after any such fiscal year end, then the City will file unaudited financial statements within such 12 month period and audited financial statements for the applicable fiscal year, when and if the audit report on such statements becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in APPENDIX C or such other accounting principles as the City may be required to employ from time to time pursuant to State law or regulation. The City will provide the updated information to the MSRB in an electronic format, which will be available through EMMA to the general public without charge.

The City may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by the Rule.

The City's current fiscal year end is September 30. Accordingly, it must provide updated financial information and operating data by March 31 of each year and the audited financial statements must be provided by September 30 of each year, unless the City changes its fiscal year. If the City changes its fiscal year, it will notify the MSRB of the change.

#### **Notice of Certain Events**

The City will also provide timely notices of certain events to the MSRB. The City will provide notice of any of the following events with respect to the Certificates to the MSRB in a timely manner (but not in excess of ten business days after the occurrence of the event): (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Certificates, or other material events affecting the tax status of the Certificates; (7) modifications to rights of holders of the Certificates, if material; (8) redemption calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Certificates, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the City, which shall occur as described below; (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material to a decision to purchase or sell Certificates; (15) incurrence of a Financial Obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the City, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the City, any of which reflect financial difficulties. The term "material" when used in this paragraph shall have the meaning as ascribed to it under federal securities laws. In addition, the City will provide timely notice of any failure by the City to provide annual financial information in accordance with their agreement described above under "Annual Reports". Neither the Certificates nor the Ordinance make provisions for liquidity enhancement or debt service reserves.

For these purposes, any event described in clause (12) in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession

but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City. As used in this section, the term "Financial Obligation" means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of a debt obligation or any such derivative instrument; provided that "financial obligation" shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule. The City intends the words used in the above clauses (15) and (16) and in the definition of Financial Obligation above to have the meanings ascribed to them in SEC Release No. 34-83885 dated August 20, 2018.

#### **Availability of Information from MSRB**

The City has agreed to provide the foregoing information only to the MSRB. All documents provided by the City to the MSRB described above under "Annual Reports" and "Notice of Certain Events" will be in an electronic format and accompanied by identifying information as prescribed by the MSRB. This information will be available from the MSRB via its EMMA system at www.emma.msrb.org.

#### **Limitations and Amendments**

The City has agreed to update information and to provide notices of certain events only as described above. The City has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The City makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Certificates at any future date. The City disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or beneficial owners of Certificates may seek a writ of mandamus to compel the City to comply with its agreement. No default by the City with respect to its continuing disclosure agreement shall constitute a breach of or default under the Ordinance for purposes of any other provision of the Ordinance. Nothing in this paragraph is intended or shall act to disclaim, waive, or otherwise limit the duties of the City under federal and state securities laws. The City's undertakings and agreements are subject to appropriation of necessary funds and to applicable legal restrictions.

The City may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the City, if the agreement, as amended, would have permitted an underwriter to purchase or sell Certificates in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Certificates consent or any person unaffiliated with the City (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Certificates. The City may also repeal or amend these provisions if the SEC amends or repeals the applicable provisions of the Rule or any court of final jurisdiction enters judgment that such provisions of the Rule are invalid, and the City also may amend the provisions of the continuing disclosure agreement in its discretion in any other manner or circumstance, but in either case only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling Certificates in the primary offering of the Certificates giving effect to (a) such provisions as so amended and (b) any amendments or interpretations of the Rule. If the City amends its agreement, it must include with the next financial information and operating data provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of information and data provided.

#### **Compliance with Prior Undertakings**

Except as described below, during the past five years, the City has complied in all material respects with its continuing disclosure agreements in accordance with the Rule.

On March 26, 2024, the City privately placed its \$2,500,000 Tax Note, Series 2024 (the "Note"). On July 8, 2024, the City filed a material event notice, as part of its continuing disclosure requirements, regarding its incurrence of a financial obligation. On the same day, the City filed a notice of failure to file. The Notice provides that a Notice of Incurrence of a Financial Obligation for the City was not filed within 10 business days of closing of a debt obligation, such as the Note. For further information regarding the Note, please refer to the ordinance attached to such Notice of Incurrence of a Financial Obligation. The Notice was provided solely to comply with the City's agreement to provide ongoing financial information pursuant to one or more continuing disclosure agreements.

On July 8, 2024, within 12 months of its fiscal year ending September 30, 2023, the City filed its Audited Financial Statements and Other Financial Information.

On March\_\_, 2025, the City filed its September 30, 2024, Audited Financial Statement (see CONTINUING DISCLOSURE OF INFORMATION – Annual Reports).

#### **LEGAL MATTERS**

The City will furnish the Underwriter with a complete transcript of proceedings for the Certificates incident to the authorization and issuance of the Certificates, including the unqualified approving legal opinion of the Attorney General of the State of Texas to the effect that the Certificates are valid and legally binding general obligations of the City, and based upon examination of such transcript of proceedings, the approval of certain legal matters by Bond Counsel, to the effect that the Certificates, issued in compliance with the provisions of the Ordinance, are valid and legally binding general obligations of the City and, subject to the qualifications set forth herein under "TAX MATTERS," the interest on the Certificates is exempt from federal income taxation under existing statutes, published rulings, regulations, and court decisions. In its capacity as Bond Counsel, such firm has reviewed the information relating to the Certificates and the Ordinance contained in this Official Statement under the captions "THE CERTIFICATES" (except under the subcaptions "Payment Record," "Future Bond Issues," and "Remedies"), "TAX MATTERS," "OTHER PERTINENT INFORMATION - Registration and Qualification of Certificates for Sale" EGISTRATION AND QUALIFICATION OF CERTIFICATES FOR SALE," "CONTINUING DISCLOSURE OF INFORMATION" (except under the subcaption "Compliance with Prior Undertakings"), "LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS," and "LEGAL MATTERS," and such firm is of the opinion that the information contained under such captions is a fair and accurate summary of the information purported to be shown and is correct as to matters of law. The customary closing papers, including a certificate to the effect that no litigation of any nature has been filed or is then pending to restrain the issuance and delivery of the Certificates or which would affect the provision made for their payment or security, or in any manner questioning the validity of the Certificates, will also be furnished. The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of the Certificates are contingent on the sale and delivery of the Certificates. The legal opinion of Bond Counsel will accompany the Certificates deposited with DTC or will be printed on the definitive Certificates in the event of the discontinuance of the Book-Entry-Only System. Certain legal matters will be passed upon for the Underwriter by Orrick, Herrington & Sutcliffe LLP, counsel for the Underwriter. The various legal opinions to be delivered concurrently with the delivery of the Certificates express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

#### Litigation

The City is in litigation with Save Our Springs ("SOS") in relation to the City's Wastewater Permit. In its suit, SOS claims that the Texas Commission on Environmental Quality ("TCEQ") did not properly issue the City's Wastewater Permit because it used the wrong standard in evaluating the City's permit. SOS claims that TCEQ should have used a different, federal standard in evaluating the City's permit. SOS claims that by applying such federal standard, the City would not have received its permit, or if received, would have included more restrictions. SOS seeks that the City's current wastewater permit be overturned and that the TCEQ reevaluate the City's application, as well as attorney's fees. It is unlikely that SOS could recover attorney's fees in this case because there is no statutory provision that allows for such fees. That does not, however, prevent SOS from seeking such fees if they are successful. The City asserts that TCEQ did follow the appropriate state law and agency rules in issuing its Wastewater Permit. If the Wastewater Permit

is overturned by the court, the City would need to either restart the wastewater permit issuing process or develop another avenue for wastewater. A decision against TCEQ and the City would delay some City and development projects.

The City is in litigation with the Lazy W Conservation District ("Lazy W") related to condemnation of a right-of-way for the City's wastewater line. Lazy W claims that the conservation district's purpose of protecting endangered animals is more important than the City's purpose in building a regional wastewater line. The City asserts that its purpose is paramount based on the need for wastewater services throughout the region. Lazy W is not seeking damages, other than the already accounted for cost of the condemned property and potential attorney's fees.

The City can make no representation regarding the timing of the Court's rulings on the pending litigation. In the opinion of various officials of the City, there is no additional litigation or other proceeding pending against or, to their knowledge, threatened against the City in any court, agency, or administrative body (either state or federal) wherein an adverse decision, including any with regards to the pending litigation that would materially adversely affect the financial condition of the City or the City's operations.

#### Legal Investments and Eligibility to Secure Public Funds in Texas

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code) provides that the Certificates are negotiable instruments governed by Chapter 8, as amended, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. With respect to investment in the Certificates by municipalities or other political subdivisions or public agencies of the State of Texas, the Public Funds Investment Act, Chapter 2256, Texas Government Code, requires that the Certificates be assigned a rating of not less than "A" or its equivalent as to investment quality by a national rating agency. See "RATINGS" herein. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Certificates are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations. The Certificates are eligible to insure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value.

The City has made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Certificates for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Certificates for such purposes. The City has made no review of laws in other states to determine whether the Certificates are legal investments for various institutions in those states.

The City assumes no responsibility for qualification of the Certificates under the securities laws of any jurisdiction in which they may be sold, assigned, pledged, hypothecated or otherwise transferred. #### **Ratings**

Moody's Investors Service ("Moody's") has assigned an unenhanced, underlying rating of "Aa1" to the Certificates. An explanation of the rating may be obtained from Moody's. The rating of the Certificates by Moody's reflects only the view of Moody's at the time the rating is given, and the City makes no representations as to the appropriateness of the rating. There is no assurance that the rating will continue for any given period of time, or that the rating will not be revised downward or withdrawn entirely by Moody's, if, in the judgment of Moody's, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Certificates.

The Underwriter will be obligated to purchase all of the Certificates, if any Certificates are purchased. The Certificates to be offered to the public may be offered and sold to certain dealers (including the Underwriter and other dealers depositing the Certificates into investment trusts) at prices lower than the public offering prices of such Certificates, and such public offering prices may be changed, from time to time, by the Underwriter.
