Planning Department Staff Report

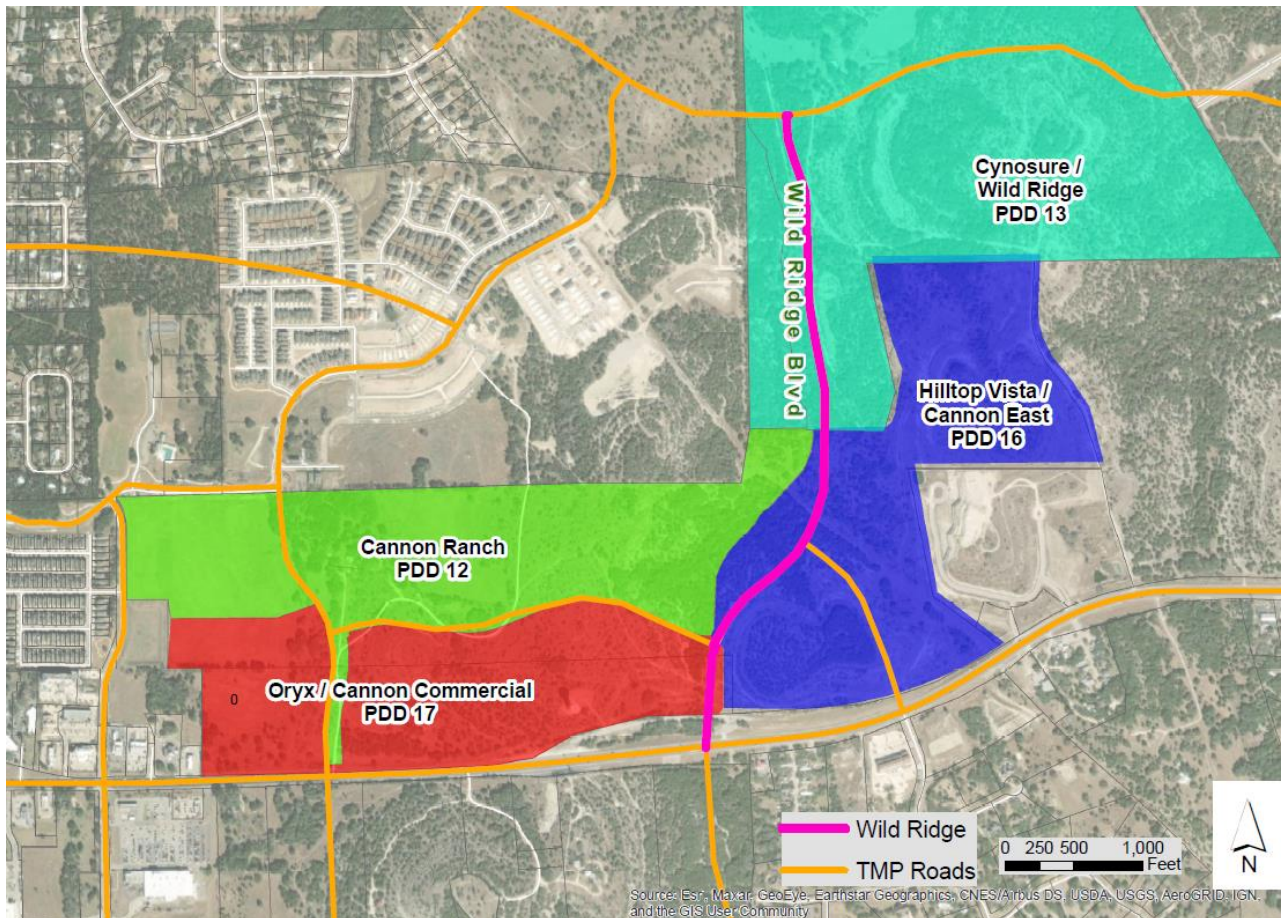

PDD2021-0004

Background

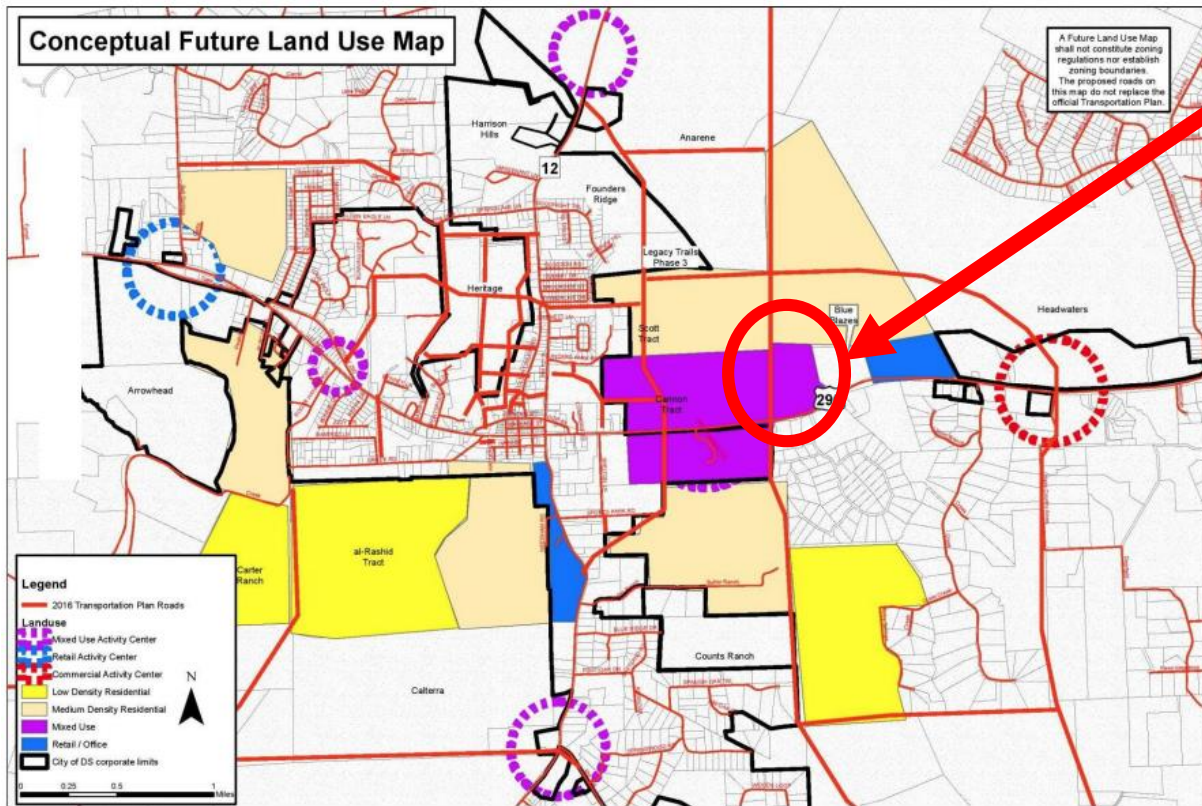

The applicant is requesting the creation of a Planned Development District for a commercial and single family development. The plan consists of 307 single family residences with lot widths ranging from 50' to 60'. The plan also includes 6.7 acres of commercial land and 22.36 acres of open space. The applicant is also request expansion for Dripping Springs MUD #1 to the site which was originally established for the Village Grove development.

Surrounding Developments

The property one of three developments within the existing property known as Cannon Ranch. The site is south of the Cynosure / Wild Ridge development and west of Blue Blazes.

Comprehensive Plan

The current comprehensive plan identifies this area as “Mixed Use” on the future land use map. The plan specifies that this area is suitable for “mixed retail, office, and residential uses, also appropriate for multifamily residential.”

Transportation

The property will take its primary access via the proposed Wild Ridge Blvd which will be extended by the Wild Ridge developer. The plan also includes residential road connections to the approved Wild Ridge / Cynosure development and a roundabout at the entrance of the commercial development.

The transportation master plan shows an extension of Drifting Wind through the property as a collector road. However, after reviewing the traffic impact analysis, staff found that any minimal benefit did not outweigh the concerns of an increase in cut and fill and traffic conflicts on US 290 with the extension of Drifting Wind.
