Amanda,  
Here's an additional exhibit with a bit more clarity on Chris' suite. Thought this might be helpful.

Here's an exhibit roughly showing his suite. He has a front into the regular parking lot and will be having access out into the courtyard. Does this work?

We'll be showing (installing) three additional parking spaces as demonstrated on the exhibit. I've asked for Mr. Bykowski to mark the building as to where his suite is going to be. I roughly know but want to make sure it's right. I'll be driving in a little bit heading to Fort Collins but will send it to you as quickly as I get it or when I stop and can check my email. Thanks.
