Facility Use Policy

COMMITMENT

The primary purpose or function of public school facilities is to provide quality educational environments conducive to the learning of the students they serve. Dripping Springs Independent School District (DSISD) also supports the physical and moral character development of its students through after school activities, and supports the growth and development of the citizens of the Dripping Springs community. To accomplish this, DSISD encourages the use of school buildings and grounds by the community for educational, recreational, civic and cultural activities to the extent possible under public school laws and regulations. Accordingly, community use of school buildings and grounds is subject to the needs and convenience of the District and shall be permitted so long as such use does not conflict with the District's use of school buildings and grounds for public school purposes and activities, with state and federal laws, with local ordinances or with the proper care and maintenance of school facilities and grounds. Facilities may not be used by outside organizations without a valid facility use application.

The Dripping Springs ISD is a tax-supported non-profit organization established to serve the students and youth residing within the boundaries of the District. DSISD may, therefore, differentiate among various categories of organizations/groups (such as youth groups, non-profit organizations, for-profit organizations, and civic groups) in establishing the fees charged. All organizations/groups within the same category shall be offered fair and equal access to DSISD facilities

GROUPS

District Sanctioned School Functions

District Sanctioned School Function groups shall mean approved student groups/clubs or parent organizations affiliated with a particular school or the district.

Youth Groups

Youth Groups shall mean any 501c3 group or organization intended to serve young people of school age. DSISD policy GKD (LEGAL) / GKD (LOCAL) states that in order for an organization to qualify for the DSISD youth group rate, 85 percent of the total participants of the organization must be DSISD students and a **complete roster of the student participants and the campus they attend is required to accompany the request.**

Non-Profit Organizations

The term "**Non-Profit Organization**" shall mean any civic, service, religious or charitable agency, association, organization, corporation, or partnership which is not engaged in a business or enterprise to produce income or a financial gain and which has obtained 501c3 status from the IRS (Internal Revenue Service). This definition is not intended to preclude a non-profit organization from engaging in fund-raising activities or charging fees for services simply to defray the organization's costs or for charitable purposes.

For-Profit Organizations

The term "**For-Profit Organization**" shall mean any partnership, association, organization or corporation engaged in a business for profit, which desires to use a school facility to engage in a profit-making enterprise for its owners, members, officers, directors, or stockholders.

GENERAL REQUIREMENTS

A responsible representative of a group or organization desiring to use a school facility shall submit a completed Dripping Springs ISD *Facility Use Application*, after reviewing the Dripping Springs Facilities Use Policy, to the Facility Use Department at least 21 days and no more than 6 months prior to the desired date.

An Applicant/Lessee's completion of the Dripping Springs ISD Facility Use Application ("application") does not constitute authorization for use nor does it assure availability of the facility as requested by the Applicant/Lessee. Dripping Springs ISD Board Policies (GKD (LEGAL) and GKD (LOCAL) are available through the Dripping Springs ISD website, or may be provided to any Applicant/Lessee upon request.

Application Filing

Application must be filed no less than 21 days and no more than 6 months prior to the requested date(s) of use. Any use of school facilities can be cancelled at the discretion of the DSISD without advance notice, if the activities are determined to be in conflict with district activities. In the case of inclement weather or other extenuating circumstances, District personnel will determine field conditions and use of district facilities on the day of the event. In the case of cancellation by the District, the district assumes no liability other than the return of any previously paid fees for unused facilities. The District shall **not** be obligated to locate and/or provide substitute space for an approved organization should the space be required by an approved organization with a higher priority.

Rental Cost and Fees for Use of Facilities

All payments must be mailed or made in person at the Dripping Springs ISD Facility Use Department, 510 West Mercer Street, P.O. Box 479, Dripping Springs, Texas 78620-0479. **No** DSISD employee is authorized to accept tips, gratuities or wages directly from the Applicant or lessee.

Integrated Pest Management Program

The Texas State Legislature passed legislation requiring **ALL** school districts to have an Integrated Pest Management program adopted by September 1, 1995. Integrated Pest Management, or IPM, is simply a strategy that relies on a combination of the best available control tactics, with an emphasis on the least hazardous methods, to effectively and economically reduce pests. IPM relies heavily on information about the pest, and its changes in population to devise accurate and targeted control strategies that require minimal, or no, use of pesticides. IPM is a collaborative effort involving administrators, teachers, students, facilities staff and pest control operators, among others.

Per DSISD Board Policy, CLB (LOCAL), In accordance with Part 4, Title 7 of the Administrative Code and Chapter 1951 of the Occupations Code, the District's IPM program shall govern the District's use of pesticides, herbicides and other chemical agents for the purpose of controlling pests, rodents, insects and weeds in and around District facilities. The Superintendent shall designate the IPM coordinator(s), who shall be registered with the Texas Department of Agriculture. The IPM coordinator(s) shall receive training in accordance with law.

No other employee or other person or entity shall be permitted to apply a pesticide or herbicide at a school facility without the prior approval of the DSISD IPM coordinator and other than in the manner prescribed by law and the District's Integrated Pest Management program.

Turf Field User's Responsibilities

Major areas of responsibility: Keeping the turf clean and preventing physical damage. Users are responsible for their players as well as their spectators.

Cleanliness: Because the turf is not regenerated like natural grass, anything left on the turf remains there, posing health and safety hazards as well as general degradation of the turf.

Prohibitions

- No food of any kind, including seeds
- No gum
- No nuts or peanuts (a serious allergy risk to others)
- No soda; no sports drinks; no tobacco products; no alcohol
- No water is to be sprayed on artificial turf fields
- No introductions of sand or fills on the field.
- No dogs or other animals (advise your spectators)

- No open flames of any kind, including fireworks and welding, etc.
- No roller blades, roller skates, skateboards, bicycles, tricycles or any other wheeled apparatus shall be allowed on the artificial turf field.
- Any equipment used on the field must be lifted and carried for placement - **DO NOT DRAG**-(i.e. hurdles). Protect the turf surface from sharp or pointed edges of objects or equipment placed on the field. When goals or other equipment are moved, they should be carried or moved on wheels. **Dragging goals, such as lacrosse or soccer goals, will damage the turf.**
- Maximum length for cleat spikes is 1/4"; 3/16" is preferred.
- Motorized vehicles are not permitted on the turf (except approved maintenance vehicles). If an ambulance or other emergency vehicle must traverse the turf, try to caution the driver to be extremely careful when starting, stopping and turning (should make slow wide turns). A wood block should be placed at the curb to smooth the transition on and off the turf.

Violation of these guidelines may be cause for expulsion from District property and/or loss of rental privileges. Any repair cost will be billed to the renter.

Clean-up

1. You are responsible for leaving the field as clean as you found it. When you are done, you must police the field and remove anything left by your players or spectators, such as trash, athletic tape or equipment. Be very careful to remove all mouth guards left by players (a biological hazard). Have your players police the field in a line at the end of their event. Ask the visiting team to assist.
2. Spills should be removed as quickly as possible. Thoroughly rinse any cleaning attempts to avoid slippery areas that could result in injury.

Other Notes

1. Please encourage your players not to spit.
2. Spilled drinks should be thoroughly rinsed into the turf with clean water.
3. If a school custodian is assigned to your event, contact the custodian for assistance.
4. For serious matters call police dispatch.
5. Notify Facility Use Department if any areas of the turf are damaged or deficient.

DO YOU NEED A TEMPORARY FOOD EVENT PERMIT?

Festivals, parades, celebrations and other special events contribute to the quality of life. Most of these events also feature food for sale or distribution. These Temporary Food Events (TFE), such as traveling fairs and carnivals, circuses, multicultural celebrations, special interest fundraisers, restaurant food shows, and other gatherings, have become extremely popular and are held with increasing frequency in our community. Many of these TFE can involve extensive preparation and processes that include the cooking and advance preparation of food prior to service. Anytime food is being handled there is a possibility of the food becoming contaminated. Some foods such as raw meats and poultry can be contaminated prior to obtaining them. It is estimated that 76,000,000 cases of food borne illnesses occur every year and there are emerging illnesses and drug resistant bacteria that are increasing the hazards. No one wants to make anyone ill and with this in mind the Texas Food Establishment Rules (TFER) provide guidelines for permitting and food safety standards for all food establishments. The Texas Department of State Health Services has established procedures that can assist with the advanced planning and management of TFE. We ask for your support in promoting these food safety practices.

The City of Dripping Springs Sanitarian Department/Hays County Development Services Division may require individuals or organizations to obtain a temporary food service permit for any event in which they are offering food for public consumption.

If you can answer “Yes” to any of the following questions you may need to obtain a temporary food service permit.

1. Is the general public invited to the event?
2. Can a person other than a member of the organization and their family members or invited guest attend?
3. Have you advertised the event or sold tickets to the general public?

The following is a list of minimum guidelines for food safety:

- **NO HOME PREPARED FOODS** other than baked goods such as cookies, brownies, cakes can be prepared and served.
- Hand washing and ware washing facilities must be provided. The hand washing facility is a container that allows for water to flow freely with a catch bucket below (i.e. a tea urn with the spout propped open) and provided with soap and paper towels. The ware washing facility can be three separate containers set up for washing, rinsing and a bleach solution.
- All foods must be cooked to required temperatures (Ask about specific foods you want to offer).
 - Hot foods must be held at 140°F or above.
 - Cold foods held at 41°F or below.
- All foods must be kept covered.
- Overhead and floor covering must be provided.
