

Meadow Oak Project

Meadow Oak Dr. Safety Improvement Project

The Meadow Oak Dr. project will align Meadow Oak Dr. and Peabody St. The current alignment is slightly offset from the Tractor Supply store driveway. This realignment will remove the intersection offset ensuring safe turning movements for cross traffic and creates a typical four-way intersection across US 290.

Project Description

Where: Meadow Oak Dr. and US 290

Timeline: TBD

Cost Estimate: \$450,000

Project cost includes:

- ▶ Street intersection improvements
