

TOWN COMMISSION MEETING

September 24, 2024, at 6:30 PM

AGENDA ITEM TITLE:	DISCUSSION & ACTION, LEAD AND COPPER RULE REVISIONS (LCRR) STARTING OCTOBER 16, 2024, EPA AND FDEP WILL IMPLEMENT NEW PUBLIC NOTIFICATIONS FOR SUPPLIERS OF PUBLIC DRINKING WATER
SUBJECT:	<p>The Town Commission will consider Lead and Copper Rule Revisions (40 CFR 141.84) requiring public water systems to complete lead service line (LSL) inventories by October 16, 2024. These inventories require 4 steps by Utilities:</p> <ol style="list-style-type: none">(1) Record searches(2) Field Visual Verification of all service lines that are without Record Documentation(3) Compare and submit EPA Spreadsheet for all service lines(4) Notification to Customers with Lead Services Line Removal Plan if lead is found
STAFF ANALYSIS:	<p>On January 15, 2021, EPA published and proposed the Lead and Copper Rule Revision (LCRR), and the deadline for water systems to comply with the revised requirements of the National Primary Drinking Water Regulation. On December 6, 2023, EPA published the proposed Lead and Copper Rule Improvement that requires actions by public water systems with a compliance date of October 16, 2024.</p> <p>Utility staff have completed over 200-meter verifications to date but are unable to keep up with the extra workload of an additional 770 meters that needs to be field verified by the October 16, 2024 date.</p>
FISCAL IMPACT:	<p>The work is to be performed at or near the location of the water meters in conjunction with EPA lead and copper associated with the pipe mandates, field collections with GIS data and customer notifications. The total amount for the above services is \$17,875.00.</p>
STAFF RECOMMENDATION:	<p>The approval of Robert A. Stevens & Associates, Inc.'s proposal to provide Geographic Information System (GIS) field collection and mapping services for up to 770 water meter positions based on the provided address data of known potential service lines containing lead or copper built prior to 1990.</p>
