What experience or qualities do you have that you feel would contribute to the board of your choice?

I have a genuine love for our town and it's small town charm. Growth is going to happen but it should be done in a responsible manner. My husband and I have owned a business for approximately seven years which has helped me to understand the importance of understanding not only short term but also long term effects of our decisions, to be patient and understanding of others while giving the same respect that I would like to receive.
