EZ Contracting possesses the experience, personnel, and resources required to perform the work in accordance with all contract documents, technical specifications, and applicable standards.

Understanding of the Work

EZ Contracting understands the scope of work includes roadway milling, asphalt resurfacing, pavement restoration, maintenance of traffic, coordination with Town representatives, and final cleanup. All work will be performed in accordance with Town of Dundee requirements, FDOT standards, and industry best practices while maintaining safe access for residents and emergency services.

Firm Qualifications

EZ Contracting, LLC is a Florida-based limited liability company experienced in municipal roadway improvements, paving support, stormwater improvements, underground utilities, and roadway restoration. The firm routinely performs work within active rights-of-way under live traffic conditions and strict municipal schedules.

Relevant Experience

EZ Contracting has completed and is currently performing roadway and paving-related projects for Florida municipalities that closely align with the Dundee project, including:

These projects required coordination of roadway restoration activities, compliance with municipal specifications, and completion of work within active public rights-of-way.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.
