Tracy,

Have you shared this the PWRC? It sounds like you all are the local pioneers in this area and maybe the PWRC can copy you. In regard to the regulator issues. We will need to speak with FDPE and SWFWMD and discuss this with them. Can I share the agreement with them?

Gerald

Mr. Robinson,

This is the agreement with Winter Haven for the 500,000 gallons per day. Construction to be completed by October 2023. Is there a form or application that the Town will need to do?

Thank you for all your help with this.
