

We are transitioning to an annual fee for supplementation services. Our new approach will ensure your code is continually updated for you and your residents. Here's what it means for you:

- **No Surprises.** Your annual fee will cover the legislation added during that contract year, such as planning and zoning documents, full chapter replacements, and the addition of tables, images, and graphics. This approach will enable us to serve you better, empower you to send in your legislation without worrying about unexpected charges.

Please Note: *Adding entirely new material, such as but not limited to new zoning chapters, will be covered in your current annual costs. However, the addition will lead to an increase in your annual cost upon your next renewal. We will work with you to provide a revised annual cost at that time. Other exceptions to the annual fee include legal work, documents created in InDesign or that contain form-based code requirements, the creation of fee schedules, gender-neutral review and implementation, external linking, and codifying a newly adopted term change.*

- **Reduced Administrative Processing.** Customers have often commented that our per-page model is outdated and difficult to explain. You will no longer need to count pages, tables, or graphics.
- **Consistent Budgeting.** Easily budget for your supplementation costs. No more guessing or estimating how many ordinances your council or commission will pass.
- **Increased Transparency.** There is no need to worry about how many ordinances you send us for supplementation.

Co-Terming Supplementation as a Service and Online Code Hosting

To simplify your annual billing cycle, you can request to receive your annual Supplementation as a Service invoice in the same month you receive your Online Code Hosting tool subscription invoice.

Your Projected Supplementation as a Service Cost

Your price will be based on historical data to look at the average amount your organization has spent on supplements in the past.

Our new Supplementation as a Service billing model will support you and your residents during the codification industry's digital transformation and provide you with predictable costs for annual supplementation services.

Alternative Supplementation Page Rates: *If you wish to continue being billed per page, rather than moving to our Supplementation as a Service billing model, the per-page rate will increase by approximately 30%.*
