Solid Waste

Dundee transfers solid waste collected in the Town to the Polk County Landfill. Polk County determined that there is sufficient landfill space for the county, including Dundee, to dispose of household garbage for approximately 65 years.

Roads

Access to the proposed addition will be from within the previously constructed MHP in addition any proposed development will require a full traffic study to determine necessary off-site improvements. Coordination with FDOT is required.

Recreation

The Town currently meets the level of service requirement of 4.5 acres per 1,000 residents as established in the Comprehensive Plan. The applicant will be required to provide recreational opportunities per the Land Development Code. The dedication of land for park and recreation services is 0.0116 acres/dwelling unit. The Town Commission may approve a dedication of land, a fee paid in lieu of dedication, or a combination of the two. The Town Commission makes this determination at time of concept plan.

Environmental Impacts

The proposed site is in an area identified as potential habitat for the Gopher Tortoises, Sand Skinks and threatened species so, if the proposed project continues through to site development plan or subdivision review approval stages, specific environmental studies will be completed, and requirements will be addressed.

School Impacts

If necessary, the Polk County School Board will review the proposed project as it continues through the subdivision review and approval stages. Any development will have to address school concurrency issues and any necessary mitigation.
