Tricia, can you get us on the agenda for the next city council meeting so we can propose our car show again this year. Hope to have on Saturday, September 26, 11:00 Am - 4:00pm. One thing we are hoping to change from last year is to close 2nd Street NE from the railroad crossing to the SE corner of Textile. This will allow the Millwork creamery to be a part of the show and still allow cars to enter and exit from the Landing Condominiums. Picture shows in yellow where we would like to close. This way traffic will be allowed to get behind Furniture Land and to the Condominiums. Thank you
