

City of Dyersville
City Administrator's Office

Memorandum

TO: Mayor Jeff Jacque and City Council
From: Mick J. Michel, City Administrator
RE: City Administrator's Report
Date: September 18, 2026

I am pleased to present the monthly report outlining progress on ongoing commitments, priority projects, and initiatives aligned with the goals outlined in our 2026–2027 agenda.

Field of Dreams: Special Events and Public Space Improvements: The City continues to work with Dyersville Events, Inc. and our partners at the Field of Dreams Movie Site on special events scheduled for September and October. Alongside the events themselves, staff are continuing work on street lighting and network connections in and around the Movie Site. Those improvements will support the ballpark and will also strengthen public safety in the City's public streets.

Public Works – Westlinden Lift Station Replacement: Design work on the Westlinden Lift Station Replacement project continues with Origin Design Company. Origin has been coordinating with the Iowa Department of Natural Resources to confirm the floodplain permit requirements that apply to the project site. We have been working with officials from the Environmental Protection Agency and Origin Design to assemble the information the agency requires, and it appears we may request technical modification to the appropriations bill. Stay tune as I work through this process to try to maximize the grant funds available to the City.

Residential Developments: Work on the Southwest Stormwater Improvement project continues in coordination with Eocene Environmental Group. Eocene and I are trying to work through scheduling conflicts to set up a stakeholders meeting. Construction at the Olde Castle Road sanitary sewer extension is substantially completed.

Wage and Compensation Study: I working with the City's consultant to develop a scope of work and an agreement for the study.

Respectfully submitted,

Mick J. Michel,
City Administrator
