### Per RFP – 'Proposal Components' – Executive Summary

September 27, 2024

Demetris Pressley, CSM
Town Chief Administrative Office (CAO)
Town of Eatonville
307 E. Kennedy Blvd. Eatonville, FL 32751
Telephone (407) 623-8913 Fax: (407) 623-8919

Mr. Pressley:

Waste Connections of Florida, Inc (WCI) is pleased to submit our proposal for *Request* for *Proposals for Residential & Commercial, Solid Waste, Bulk Waste, and Recycling Services.* 

We are proud and honored to have served the Town of Eatonville as Waste Connections and, before that, through our legacy companies for more than sixteen (16) years. We have some of the longest tenured employees in the entire company working in our Central Florida operation, with a handful of individuals who have been here for more than twenty (25) years. The leadership team combined has more than 100 years of experience in the business. The group of dedicated professionals who service your community do not need to learn the routes or their way around your neighborhoods, they are part of the fabric of the community.

Waste Connections ranks as the third largest waste management company in North America. We feel that our market presence across the country, the years of service that our long-term employees have spent in your town, along with the over 100 years of expertise of those in leadership roles, provides for a backdrop of qualifications which will be hard to exceed.

We greatly value our long-held partnership and have invested substantial time considering how we can best serve the Town of Eatonville residents and commercial establishments at competitive prices. Our proposed price structure is explained in detail in Tab 4.

As requested, we have provided a letters of references along with other information to showcase our excellent level of service. We feel comfortable that you would get favorable responses from any of those partners whom you choose to contact.

WCI is part of Waste Connections, Inc.'s, multi-regional, integrated solid waste and recycling company providing collection, transfer, landfill disposal, and recycling services for commercial, industrial, and residential customers in the United States and Canada. Waste Connections, Inc. is the third largest solid waste company in North America.

Our company enjoys a firm position in the State of Florida. Our company's performance is strong in all major Florida markets – Orlando, Fort Myers, Naples, Tampa, Miami-Dade County, and Broward County. We have fifteen (15) collection operations, fourteen (14) transfer stations, and three (3) landfills which includes the strategic asset known as our JED landfill, located in St. Cloud, FL. The JED landfill has 50 + years of capacity. Waste Connections of Florida is ranked number three (No. 3) in market share and number two (No. 2) in disposal capacity.

WCI's operations are conducted in a manner that is compatible with protecting the environment and conserving natural resources. If selected by the Town of Eatonville, WCI will carry out the agreed upon service requirements in an efficient and environmentally sensitive manner. The information that is provided in this submittal is both accurate and factual. All representations made regarding WCI's willingness to provide the required collection services, as well as our concurrence with the business agreement are accurate.

Waste Connections of Florida, Inc looks forward to the Town of Eatonville's favorable consideration of this submittal. Please do not hesitate in contacting Ian Boyle, Government Affairs Manager, (813) 352-9156, if you have any questions.

Respectfully Submitted,

Matt Arcarola

Waste Connections of Florida, Inc

#### **Waste Connections Commitment to Veterans**

At Waste Connections, we are proud to support veteran employees through our S.E.R.V.E. resource group. S.E.R.V.E. stands for Support, Empower, Retain, Veteran Employees and has over 800+ member employees nationwide.

The mission of S.E.R.V.E. is to honor, appreciate, and assist in the development of

our valued veteran team members. Veteran employees lead the group to provide camaraderie, professional development, and support for transitioning from military to civilian careers.

S.E.R.V.E. members partner with recruitment to attract veteran candidates and provide mentoring for onboarding. The group coordinates facility tours for local veterans' organizations and volunteers for veteran charitable causes. They also help promote retention by fostering an inclusive culture where veterans' unique skills are leveraged.

As a company, we are strongly committed to recruiting, hiring, and promoting veterans.

S.E.R.V.E. enhances this through networking, training, events, and peer encouragement. The dedication and discipline of our veteran workforce makes them exemplary employees.

We will bring this same commitment to employing veterans to serve the Miami Beach community. Their reliability, skills, and public service ethics perfectly match your city's needs. Our S.E.R.V.E. team will be an asset to fulfilling your contract with excellence.

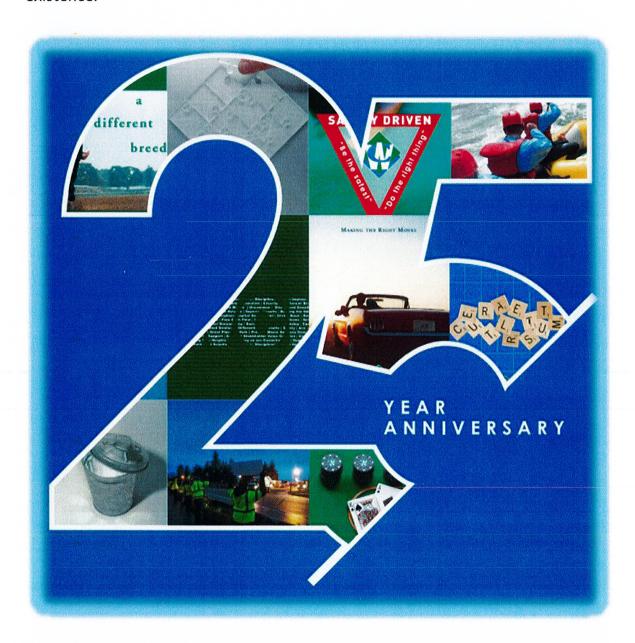

I was looking for a sense of camaraderie and service above self. Those principles are foundational at Waste Connections

#### **VISION OF THE FUTURE**

Our goal is to create an environment where self-directed, empowered employees strive to consistently fulfill our constituent commitments and seek to create positive impacts through interactions with customers, communities, and fellow employees, always relying on our Operating Values as the foundation for our existence.

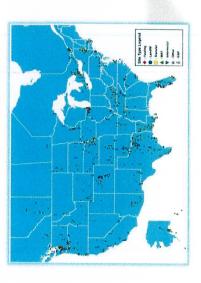

# ABOUT WASTE CONNECTIONS

### **OUR HISTORY**

From our founding in 1997, Waste Connections has grown from operating in two states into an international, premier provider for waste management services. We have continued to expand across North America to provide more communities with service excellence, making Waste Connections the third largest waste management company in the U.S. With two and a half decades of experience providing services to millions of customers internationally, we have grown to be able to haul, process and recycle waste in 43 states and six Canadian provinces.

Waste Connections cares about the communities we serve; these are communities in which we live and serve, according to our philosophy. We understand the importance of protecting these communities by protecting the environment for the future. Solid waste management is a local business managed by professionals from the community, for the community.

## Our Culture and Servant Leadership

The constant growth of Waste Connections is in no small part due to the culture we have fostered across the company. We aspire to be a different breed to our competitors, providing a higher quality service with greater integration with the communities we serve.

Waste Connections differs from other companies by following a "Servant Leadership" doctrine. This business model places employees, who we see as our most valuable asset, at the top of the pyramid and focuses on how we can better help them. This business

model requires constant hard work but brings great rewards. By constantly evaluating whether management is acting in their employees' best interests, catering to their needs and aiding them in their professional development allows us to keep retention rates high. In turn, by investing in our employees and providing increasingly high levels of training, we can provide our customers with a reliable, professional service.

## What We Believe

# ADDITIONAL INFORMATION - OUR OPERATING VALUES

In order to continue providing the best solid waste management service possible, we have created five operating values by which we aim to operate. We have consistently demonstrated that, if we continue to follow these values, our business will continue to grow to become the best choice for waste management service in the U.S.

customer's size.

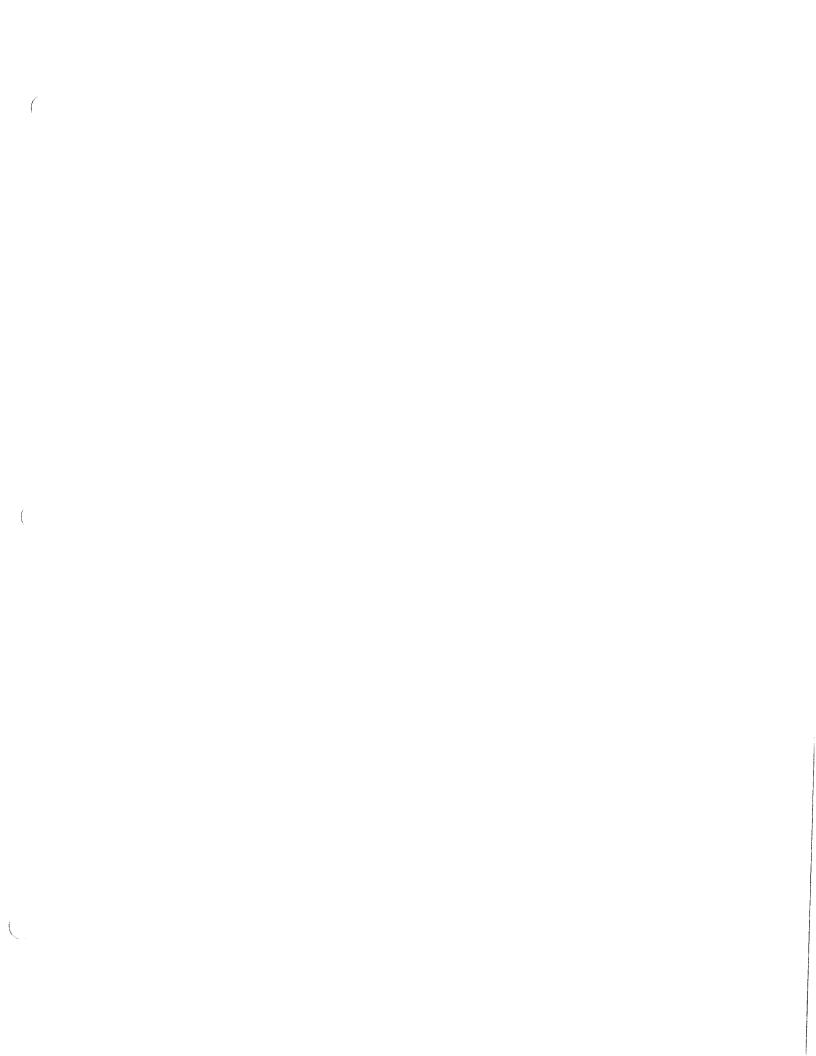

- Safety At Waste Connections, safety is more than a priority, it is our 1st operating value. For 25 years, we have strived to be the safest and most effective waste management company in the U.S. To achieve this, Waste Connections has built a unique working culture, combining strong communications between our employees and management alongside technological advancements to make our workplace as safe as possible.
- Integrity Waste Connections second operating value is integrity. As one of the leaders of the waste management sector, we take our role very seriously. It is our aim to ensure that we keep our promises, whether that be to customers, employees or stockholders. To achieve this, we employ a growth mindset and constantly review and set further targets to ensure that resources are allocated intelligently, ensuring work is completed right the first time, every time.

- Customer service At Waste Connections, we are proud to serve our customers. Over our 25-year history, we have amassed over 9 million customers ranging from municipalities, industrial and commercial clients, all the way down to individual residents. Our goal is to give nothing less than the best waste management solutions, no matter the
- The Best Place to Work We are committed to being a great place to work; thanks to our servant leadership model, we have seen constant improvements with employee satisfaction. We have learned through experience in the waste management sector that employee satisfaction is essential to delivering a professional and

courteous service. Our latest survey of employees showed an average rating of 4.24/5. It is not a coincidence that over 25 years we have grown from serving just two states to the third largest waste management provider in the U.S.

Waste Connections goal is clear: we want to continue to grow to be the premier waste management service in the U.S. and Canada. To achieve this, we have set key targets regarding environmental sustainability, disciplined growth and above all else safety. Our efforts, combined with the skills of our qualified drivers, have put as well on the way to achieving this goal.

2023 ANNUAL REPORT

### RELATIONSHIPS

### WHO WE ARE

Waste Connections is an integrated solid waste services company that provides non-hazardous waste collection, transfer and disposal services, including by rail, along with resource recovery primarily through recycling and renewable fuels generation. The Company serves approximately nine million residential, commercial and industrial customers in mostly exclusive and secondary markets across 46 states in the U.S. and six provinces in Canada.

Waste Connections also provides non-hazardous oilfield waste treatment, recovery and disposal services in several basins across the U.S. and Canada, as well as intermodal services for the movement of cargo and solid waste containers in the Pacific Northwest.

This 2023 Annual Report should be read together with our Annual Report on Form 10-K for the year ended December 31, 2023, including Item 1A—Risk Factors.

### TO OUR SHAREHOLDERS

2023 was a year of renewal for Waste Connections, with a return to our leadership roots to reinforce our commitment to a decentralized operating model supported by a servant leadership-driven culture. Along with the addition of a geographic segment to accommodate our outsized growth from recent years, we modified certain leadership roles and responsibilities to more closely align, reposition and reinvigorate our team and "double down" on our commitment to human capital. We've gotten back to the basics that are fundamental to implementing the differentiated strategy that has driven our exemplary track record of value creation for 26 years.

We recognize the resilience and commitment of our over 23,000 employees, who delivered improvements in safety and employee retention in 2023, while integrating another outsized year of acquisition activity and driving industry-leading margins. We enter 2024 with continued momentum and well-positioned for above-average growth, along with a renewed commitment to both **Relationships and Results.** 

WCN PERFORMANCE: TOTAL SHAREHOLDER RETURN<sup>2</sup>

For WCN shareholders, 2023 marked another year of positive returns, our 19th increase over the past 20 years. Additionally, continued growth in adjusted free cash flow per share maintained our ten-year double-digit compounded annual growth rate. The strength of our operating performance and

free cash flow generation continue to provide the flexibility for growth and return of capital to our shareholders.

During the year, we increased our regular quarterly cash dividend by 11.8% to \$0.285 per share, our thirteenth consecutive double-digit annual increase since initiating our dividend, and we renewed our normal course issuer bid providing for the repurchase of up to 5% of our outstanding shares, which we intend to utilize opportunistically.

We also deployed over \$675 million for acquisitions to expand our business, while preserving the strength of our balance sheet. Our leverage ratio, as defined in our credit agreement, improved to 2.60x, and we ended 2023 with liquidity of over \$1.5 billion, well-positioned to fund acquisitions and pursue future growth opportunities.

Our continued longterm outperformance of sector and market indices has delivered returns in excess of 6,600% since going public in May 1998. These results reflect our decentralized operating model, relying upon our culture of accountability and are a testament to the power of both Relationships and Results.

#### **LOOKING AT 2023**

In 2023, we delivered outsized margin expansion from priceled organic growth, more than overcoming the headwinds from lower commodity values and higher employee turnoverrelated costs.

Revenue grew by 11.2% from the prior year to \$8.022 billion and drove adjusted EBITDA<sup>1</sup> up by 13.6% to \$2.523 billion, or 31.5% of revenue, with margins up 70 basis points year over year.

Underlying solid waste margins expanded by 130 basis points, as we more than overcame a 60-basis point headwind from lower commodity values. Moreover, adjusted free cash flow increased to \$1.224 billion, or 15.3% of revenue and 48.5% of adjusted EBITDA<sup>1</sup>. Robust acquisition activity continued, with over \$215 million closed in 2023, plus another \$250 million anticipated to close early in 2024, setting us up for continued above average contributions. Along with our ongoing reinvestment in the business, we deployed over \$1.7 billion for capital expenditures and acquisitions to maintain and strategically expand our business, while preserving balance sheet strength and flexibility for continuing growth. Most importantly, we demonstrated improvements in safety, employee retention and engagement, all of which we believe will yield benefits in 2024 and beyond.

Human capital is our greatest source of differentiation. Following two challenging years, 2023 was a turning point for retention, including a 20% improvement in voluntary turnover along with a 30% reduction in open positions. To this end, we expanded our technology to maximize recruiting effectiveness; we overhauled the onboarding process; and we more than doubled our training opportunities for frontline leaders. In 2024, we are continuing to introduce additional avenues to augment recruiting and retention, including developing our own pipelines for commercial drivers and diesel technicians through ownership interests or partnerships with training schools. We are already seeing the benefits of increased retention in reduced overtime and hours of service; in addition, we are seeing improvement in safety metrics as turnover declines.

Safety is our #1 Operating Value at Waste Connections. We recognize the high correlation between retention and safety and the critical importance of a safetydriven culture. We believe every member of our team has a responsibility to protect our employees and the members of the communities we have the privilege to serve. Therefore, we hold our leaders accountable, and we support their efforts through continued investment in technology and training. Our behavioral-based approach to safety resulted in a 120 basis point reduction in our incident rate, including a reduction of over 500 basis points in many of our newest acquisitions. In 2023, approximately 60% of our operating locations either posted zero safety-related incidents or reduced incident frequency versus the prior year, and our Total Recordable Injury Rate (TRIR) remains at less than half the industry average, resulting in lower cost of risk.

While productivity is important, it pales in comparison to safety. We consciously trade off hours of labor for reducing injuries and safeguarding lives, reinforcing that safety will always be our #1 Operating Value.

#### Sustainability efforts are integral to our business.

In spite of outsized growth, we also demonstrated progress towards achievement of our sustainability-related targets, including expanding our commitment towards reduction of greenhouse gas emissions. As more fully described in our 2023 Sustainability Report, following the achievement of our 15% emissions reduction target, we doubled our reduction commitment to 30%. In addition to increased transparency around our activities, we continue to make progress on our other targets, including recycling and recovery; harvesting landfill gas to generate renewable energy; and implementing technology to process landfill leachate on-site, including the treatment of PFAS.

### LOOKING AHEAD TO 2024: RELATIONSHIPS AND RESULTS

Coming into 2024, we are already positioned for outsized growth and contribution from the foundations laid during 2023, including the benefits of a renewed focus on human capital.

Our 2024 outlook already provides for high quality revenue growth from continued solid waste price-led organic growth plus rollover acquisition contribution of approximately \$325 million already in place. This provides visibility for adjusted EBITDA<sup>1</sup> margin expansion of 120 basis points and underlying free cash flow conversion in line with recent levels. Further moderation in inflationary pressures, increases in recycled commodity or renewable fuels values, contribution from additional volume growth or acquisitions would provide upside.

As we look ahead, incremental capital expenditures of \$150 million in 2024 for renewable natural gas projects will position us for incremental EBITDA¹ and free cash flow contribution by 2026 as our efforts drive continued value creation and deliver progress towards our sustainability-related objectives.

At Waste Connections, we recognize the importance of both Relationships and Results. Moreover, we believe that not only are they both achievable, but they are necessarily interrelated. We're proud of these results and the leaders who embody Waste Connections' enduring operating values.

Waste Connections was founded in 1997 on core values that have been integral to our success: safety, integrity, customer service, being a great place to work, and the premier waste services company in the U.S. and Canada. We recognize the benefits of a diverse, empowered workforce and strive to foster an inclusive environment in which all employees are positioned for success. We maintain that these values and our servant leadership-driven culture are ultimately what has driven differentiated long-term, industry-leading shareholder value creation.

As we position Waste Connections for the future, our efforts remain firmly rooted in the culture that has defined us and driven our success. We recognize the importance of honoring our commitments, and we look forward to the opportunity to earn the trust of each of our stakeholders every day.

As always, we thank you for your continuing support.

# Per the 'Proposal Components – Proposed Services' and 2.3 'Operating Plan'

- As the current service provider for the Town of Eatonville, the transition into the new contract period will be extremely smooth. All of our equipment is already in place and a schedule has been set for residential and commercial customers.
  - For residential, garbage service will be collected by a semi-automated rear load truck on Tuesdays of each week. Recycling, yard waste, and bulk will then be collected on Wednesday of each week. 4
    - With the commercial customers, the size, frequency, and schedule will depend on customer needs and Q.
- For any type of service issues, Waste Connections has five customer service reps in our Altamonte Springs office. We also have an operations supervisor that is available during service hours that is directly tied to the contract to handle any service issues or complaints. 4
  - If a missed service comes in before 12pm of that service day, we will service before 6pm on that service day. If the miss comes in after 12pm, we will service before 6pm of the next business day. Any service issue that needs to be escalated, the local management team will intervene to make the necessary
- expansive safety training in the industry. Within our Altamonte hauling facility we have a 15% built-in spare ratio for equipment. This means if we do have an equipment breakdown or failure, we will have immediate back-up locally. Usually, we will have support from our maintenance team, or a backup vehicle deployed service requirements, and are trained for the waste industry. Waste Connections has some of the most The team members assigned to Eatonville have experience with trash collection, the actual routing and 0

Understand Our Culture

We each bring a unique set of experiences from dozens of cultural backgrounds.Our shared values unify our direction and decisions every day.

## Required Personnel

We will have up to five drivers assigned to this contract. Waste Connections has approximately 105 drivers housed in Altamonte Springs for all residential and commercial services. In addition to the District Manager, Waste Connections employs a residential Operations Supervisor, Site Manager, and Maintenance Manager available to serve the community.

In short, we take pride in the communities we serve and are there when you need us!

# **HOW WILL CUSTOMER SERVICE BE HANDLED**

Altamonte Springs. The hours of operation for the Altamonte Springs office are 8:00 am to 5:00 pm, Waste Connections (WCI) customer service for Eatonville shall be located in our regional office in Monday through Friday.

The role of the staff in WCI's Central Florida office is to operate as a communication link between WCI's Operation Department and the Town of Eatonville. Our staff is responsible for receiving inbound calls, sending outbound calls, data input of customer information and various levels of reporting. WCI believes strongly in one-on-one customer relations. Our personalized service and advanced tracking systems provides residential and commercial customers prompt service and support, courteously and professionally. Any issue is handled by a live person. In recent years, WCI made capital investments in our phone system to ensure customers can always talk to a WCI representative. Every WCI account is stored, managed and routed via an advanced computer program called TRUX. Every WCI staff member is trained on the TRUX\* system so issues can be resolved in an efficient manner.

\*TRUX is capable of managing from a few trucks to a global fleet. In addition, TRUX can North America rely on comprehensive waste management software from TRUX Route Management Systems Inc. WCI utilizes TRUX fully integrated components for billing manage single-site operations to multi-national corporations. WCI managers across and accounts receivable, routing and dispatch with mapping interface.

The system is capable of producing routing information, container tracking, billing and receivable requirements and mapping assistance for dispatch operators. In addition, TRUX generates reports that are used for analysis.

Information gathered from municipal contracts, customer service agreements and all commercial accounts are used as the source of data that is input into the TRUX software management system

# WCI staff are trained to accomplish the following responsibilities

- Log all service requests for Commercial Customer's through our Commercial Management System.
- Any issues can be quickly communicated to supervisors and dispatch to ensure a timely response when necessary.
- Handle all pricing needs and will be updated as needed on any pricing adjustments.
- Service Confirmation Procedures
- is inputted by WCI staff with a tracking mechanism that is activated by the completion date. Reports are Procedures to ensure completion of service are conducted utilizing reports through TRUX. Information run daily and weekly for Managers and Supervisors to review, which ensures that all service requests have been completed within an acceptable time frame.

### Complaint Calls

All complaint calls are logged in the proper data tracking system by Customer Service and electronically forwarded to the proper department to rectify within 24 hours. Follow-up communication is made to assure the customer's complaint has been resolved and that the customer is completely satisfied. Customer Service will involve the management team if necessary for issues that would be problematic.

## Weekly and Monthly Meetings

Weekly and monthly meetings are held between Management and WCI staff to communicate changes, opportunities and internal departmental requests to improve productivity and to ensure all customers are receiving current and accurate information.

# SMALL TO LARGE COMMERCIAL FRONTLOAD CONTAINERS

Containers: 2YD/3YD/4YD/6YD/8YD

# **CENTRAL FLORIDA OFFICE**

The name of the company has changed but the length of time providing services has been well over 20 years in the State of Florida.

- Allied Waste Industries, Inc., acquired the assets of BFI, Inc in 1994.
- Waste Services of FL acquired the assets of Allied Waste Industries, Inc., northern and central Florida operations in 2003.
- In 2010, a merger agreement between Waste Services and IESI-BFC Ltd. ("IESI-BFC"), which provided for IESI-BFC to acquire Waste Services was ratified and closed.
- In 2011, our company had a name change to Progressive Waste Solutions covering all areas of business in North America.
- In 2012, Progressive Waste Solutions acquired the assets of Choice Environmental Services in Florida. In addition to expanding our presence in Florida, the acquisition of Choice grew our municipal partnerships by twenty-nine (29) new contracts. In total, WCI now services 54 municipalities across Florida.

- On June 1, 2016, Progressive Waste Solutions merged into Waste Connections, Ltd.
- On June 21, 2018, Waste Connections changed the name of the company to Waste Connections of Florida with the State of Florida.

Our company has always had operations in Central Florida in line with our same timeline in for the State of Florida.

## **CENTRAL FLORIDA STAFF**

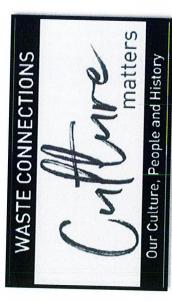

DISTRICT MANAGER: Matt Arcarola is currently the District Manager for Central Florida Hauling and Transfer Station Divisions. Prior to his current role, Matt was the District Manager for the Hillsborough, Pinellas, and Pasco Hauling Divisions where he oversaw staffing, scheduling, and all operational discretion for commercial and residential collections.

Mr. Arcarola has been around the solid waste industry his entire life. Both his father and grandfather were garbage men for a combined 100 plus years. After graduating with his bachelor's degree in business administration from Jacksonville University, he officially started in 2003 as a residential driver. Matt has filled every role needed to operate a successful hauling division - Residential Driver, Frontload Driver, Roll-Off Driver, Dispatch, Route Supervisor, Site Manager and District Manager.

DISTRICT CONTROLLER: Kevin Reich graduated from the University of Tampa with an MBA and MS in Finance. Kevin joined the solid waste industry with Waste Connections in 2019 and has supported our markets along the Gulf Coast and now Central Florida. He has extensive experience and knowledge in both collection and post collection operations. He currently oversees the financial reporting, internal controls, billing, collections, and payroll functions for multiple hauling districts, transfer stations, and a landfill. During his time at Waste Connections, Kevin has worked closely with multiple operation teams to provide analysis and reports for business strategy.

Municipal Marketing, Sales, and Customer Service Manager:
Randy Lewis is the Municipal Marketing, Sales, and Customer Service Manager for the Orlando and Lake County Districts at Waste Connections. With over 13 years of industry experience, Randy began his career as a Territory Sales Manager, specializing in Commercial, Industrial, and Roll-Off Trash and Recycling sales and services for local businesses.

After three successful years in that position, he transitioned into his current leadership role, where he established the Customer Service Department from the ground up. Randy now oversees a team of 13 Sales Representatives and 5 Customer Service Representatives, while managing all municipal marketing bids in the Central Florida market. His extensive experience, deep industry knowledge, and strong leadership skills make him a valuable asset to Waste Connections and its customers.

SITE MANAGER: Bizael Rivera serves as the Site Manager for the leadership role as Site Manager for the Lake District, and in the past four months, has taken on the additional responsibility of overseeing of high-profile events, including corporate conventions and concerts. years of industry experience, he began his career as an Operations Connections, he spent eight years as an Operations Manager in the event production industry, where he successfully managed a range the Orlando District. Bizael is now responsible for managing seven Orlando and Lake Districts at Waste Connections. With over nine staffing, scheduling, and operational decisions within the Roll Off Supervisor, managing a large Roll Off fleet, where he oversaw supervisors and 150 drivers across three key lines of business: commercial, Roll Off, and residential, while continuing to lead His diverse background and leadership expertise make him a department. After two years, he transitioned into his current staffing, scheduling, and operations. Prior to joining Waste valuable asset to the organization.

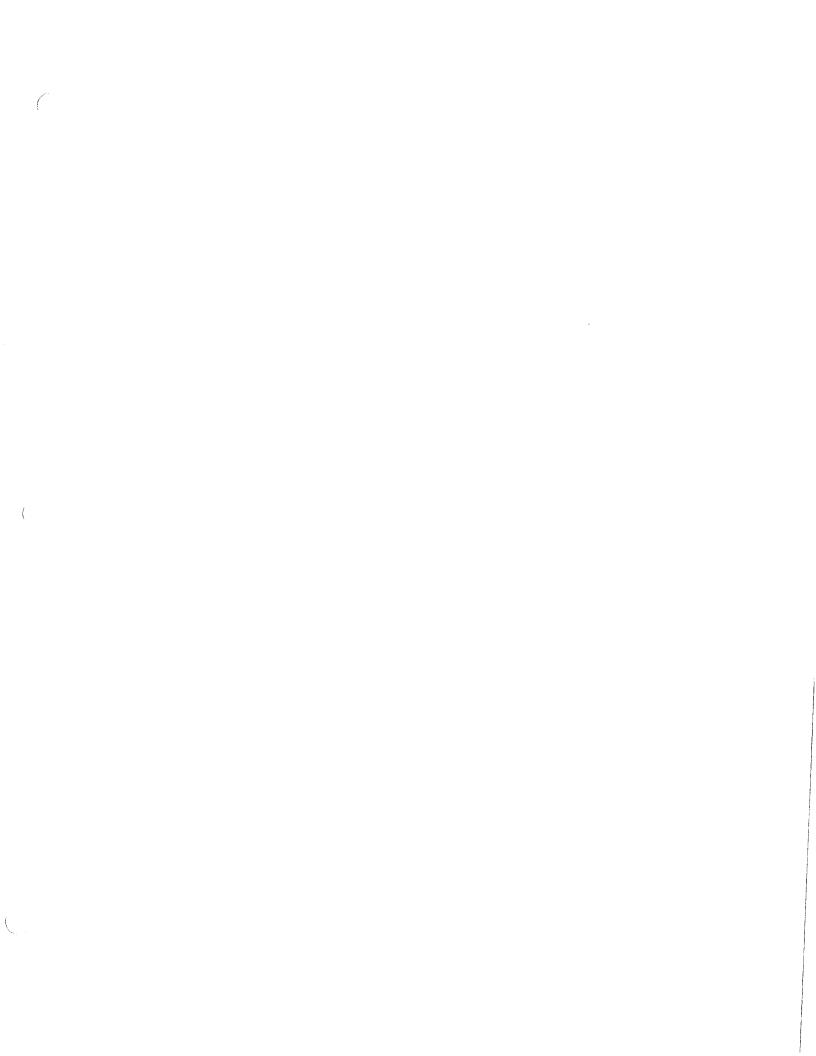

DIRECTOR OF MUNICIPAL BUSINESS DEVELOPMENT AND

GOVERNMENTAL AFFAIRS: Kurt Salac is responsible for overseeing all municipal contracts for Waste Connections in the State of Florida. In addition, Kurt provides strategic guidance, resources, and support for field operations. He has over twenty-six (26) years of waste industry experience including field operations and support functions. He is experienced in all facets of business operations and specializes in operations management, as well as environment, safety, and health. His education background includes a Master of Science Degree at Carnegie Mellon University.

Mr. Salac has extensive experience managing the municipal budget process with past experience as the Budget Director for the City of Pittsburgh, PA where he directed the planning, preparation and

development of a \$400 million operating, capital and community development budget.

## SAFETY TRAINING AND DEVELOPMENT

Safety is our first and most important core value and drives policies to sustain the safety of all our drivers and helpers as well as those we share

and handling of equipment as they travel through commercial and residential areas where are all our loved ones, friends, and families travel on. All our drivers are required to complete a full training curriculum before they are released to drive a truck on route. Waste Connections "Making the Connection" is a 24-lesson course that is tailored to our drivers and operators' day to day responsibilities in and around their scope of work

Once the driver has completed the initial course, the driver is assigned to a certified Lead Driver trainer. He will then undergo a 15-to-30 or moreday intense training program depending on the level of industry experience the trainee has. Again, the trainee does not drive until he has been certified and fully trained by the lead trainer and observed by the route supervisor.

the route for a few weeks until they are familiar and confident enough to complete the route safely. In other words, a driver may be trained for up Once released, the driver is now able to drive but will not do so alone. They are paired with either a swing driver or senior driver to show them to 2 months before released to drive in your streets and neighborhoods.

Below are some of the items drivers are trained on during the 30 or more days.

- 1) Pre and post trip inspection of the vehicles
- Air brake inspections
- Tire pressure inspections
- Fluid checks
- Air leaks and fluid leaks

## Per The 'Proposal Summary' Requirement – Emergency Response

## **BLUE TEAM**

## PROVEN RESPONSE TO NATURAL DISASTERS

Natural disasters are increasing, such as hurricanes in Florida, floods, and fires, which can wreak havoc on communities, causing immense destruction and disrupting the lives of countless individuals. In the face of these challenging circumstances, Waste Connections takes pride in its commitment to providing essential services and support to the communities it serves. With an extensive network of dedicated professionals known as the Blue Team, Waste Connections is prepared to activate its resources for the Town of Fater all the

activate its resources for the Town of Eatonville to assist in times of crisis.

- Hurricane Relief Efforts: When hurricanes strike, leaving a trail of devastation in their wake, Waste Connections has responded swiftly and effectively to aid affected communities. Through planning and coordination, our Blue Team along with our local districts ensures the continuity of waste management services, despite the challenging circumstances. Emergency response teams are deployed to affected areas, working tirelessly to clear debris, restore sanitation services, hand out supplies and promote public safety. Waste Connections prioritizes the safety of its employees and the community, providing necessary equipment and human resources to address the aftermath of hurricanes.
- Flood Relief Efforts: Floods can cause significant damage, posing numerous challenges to waste management systems. Waste Connections understands the urgency of restoring order and hygiene to impacted areas. Our Blue Team collaborates with local authorities, emergency management agencies, and community leaders to develop customized plans that address the unique requirements of each flood-stricken community. From deploying specialized equipment to facilitating debris removal and assisting in the recovery process, Waste Connections plays an integral role in supporting affected communities during the task of rebuilding.
- Fire Relief Support: In the face of wildfires, Waste Connections remains committed to providing assistance to affected communities. With a focus on environmental stewardship, our company recognizes the importance of preventing pollution and protecting natural resources. Waste Connections works closely with local fire departments and disaster response agencies to ensure the prompt removal of fire-damaged materials and the safe disposal of hazardous/non-hazardous waste. Our dedicated Blue Team members go above and beyond, collaborating with community organizations to provide relief supplies, volunteer manpower, and emotional support to individuals and families affected by fires.

To whom it may concern,

As per your request we are writing this letter of reference for Waste Connections. Waste Connections has been the sole provider for waste removal in the Town of Redington Beach since 2014. Their level of service has been exemplary. The drivers are very thorough as well as friendly. Management has always been very responsive to our Town's needs and follows through when requests are made.

We value our strong relationship with Waste Connections and look forward to working with them for the duration of the current Franchise Agreement and hopefully beyond.

If you have any questions, feel free to reach out to me at 727-391-3875.

Kind regards,

Adríana Níeves

## To Whom It May Concern,

It is a pleasure to provide a letter of reference for Waste Connections of Florida, Inc. The City of South Pasadena has worked with their organization for over 15 years and they have maintained a high standard of service throughout. We have been able to consistently partner with the same representatives, who have made it a priority to know the community and its specific characteristics. They provide a high level of service for both scheduled and emergency operations, which has proven especially valuable in response to storm activity. We have also been pleased with their attention to questions and comments, both from the City and from the general public. The customer support provided is always courteous and knowledgeable which has allowed us to maintain a positive and collaborative working relationship.

In addition to high providing quality service, Waste Connections of Florida, Inc. operates with a high level of understanding as to the needs of public organizations. As a government entity with a fiduciary responsibility to the public, the City of South Pasadena has greatly valued Waste Connections of Florida, Inc.'s approach to rates and costs. They have provided competitive rates throughout several periods of economic instability over the years, much to the appreciation of customers.

I am pleased to recommend Waste Connections of Florida, Inc. for any waste management needs. They have proven themselves to be effective and efficient in both providing high quality service in the field and exception customer support. Please do not hesitate to contact me if you have any questions or would like any additional information.

Sincerely

Shawn Shimko

To Whom it May Concern

September 10, 2024

RE: Letter of Reference

Dear Sir, Madam,

Waste Connections of Florida, Inc., has been the garbage and recycling collection contractor for St. Pete Beach for over 15 years. In my eight years as the Public Works Director, I have found Waste Connections' leadership and dedication to service at all levels from the drivers to the senior level of management to be of the highest caliber. As with any contract there are always issues that crop up from time to time. In all circumstances, the leadership at Waste Connections worked with the city with trust, flexibility, and dedication to reach positive solutions that respect the needs of our residents. I am absolutely satisfied with their performance.

It is my pleasure to highly recommend Waste Connections as a collection contractor.

Sincerely,

Michael F. Clarke

Re: Waste Connections of Florida, Inc. Solid Waste Collection

To Whom It May Concern:

Waste Connections of Florida, Inc. is a highly regarded client of Travelers Casualty and Surety Company of America for bonding purposes.

We understand that Waste Connections of Florida, Inc. will be presenting a proposal to you for Solid Waste Collection. If the proposal is accepted and Waste Connections of Florida, Inc. asks us for a performance bond, Travelers Casualty and Surety Company of America will issue this bond in the amount of fifty thousand dollars (\$50,000.00) on an industry standard annually renewable performance bond form, a copy of which is attached for your review.

If you have any questions about this fine client, please do not hesitate to give me a call at 916.971.8843.

Sincerely,

Travelers Casualty and Surety Company of America

Lisa Betancur, Attorney-In-Fact

Travelers Casualty and Surety Company of America Travelers Casualty and Surety Company St. Paul Fire and Marine Insurance Company

## **POWER OF ATTORNEY**

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint Lisa Betancur of SACRAMENTO , California , their true and lawful Attorney(s)-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this 21st day of April, 2021.

State of Connecticut

City of Hartford ss.

On this the 21st day of April, 2021, before me personally appeared Robert L. Raney, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2026

Anna P. Nowik, Notary Public

Robert L. Raney, Senior Vice President

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

**FURTHER RESOLVED,** that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filled in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kevin E. Hughes, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 25th day of September , 2024

Kevin E. Hughes, Assistant Secretary

To verify the authenticity of this Power of Attorney, please call us at 1-800-421-3880.

Please refer to the above-named Attorney(s)-in-Fact and the details of the bond to which this Power of Attorney is attached.

## **ACKNOWLEDGMENT**

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.
